01 / Introduction to Two Year Old Funding

What's New in this Release?

For the One Summer 2018 release (3.66), changes have been made to the Eligibility Checking Service (ECS) settings.

More Information:

[Configuring ECS Settings](#) on page 27.

Overview

Local Authorities (LAs) have a statutory duty to secure funded early education for eligible two year olds. Two year olds, who meet any one of the following criteria, are eligible to receive two year old funding:

- If they meet the eligibility criteria also used for free school meals.
- If their families receive Working Tax Credits and have annual gross earnings of less than £16,190 per year.
- If they have a current statement of special educational needs (SEN) or an education, health and care plan (EHCP).
- If they receive a Disability Living Allowance.
- If they are looked after by their local authority.
- If they have left care through special guardianship or through an adoption or residence order.

Two year old funding (TYOF), via self-defined reports, enables local authorities:

- to monitor the number of eligible 2 year old children and compare this number with the take up of funded places.
- to identify eligible 2 year old children who have not taken up funded provision.
- to monitor the effectiveness of children's centres.

Business Rules

In order to calculate two year old funding, the year is divided into the following three periods:

- 1st January to 31st March
- 1st April to 31st August
- 1st September to 31st December.

Parents can check their eligibility for two year old funding during the period in which their child's second birthday falls. Funding, however, will not commence until the first day of the period following the period in which the child's second birthday fell.

Once eligibility has been proven, there is no requirement for further checks; the funding is available for the whole eligibility period.

Late applications can be made at any time during the total period in which funded hours are available for the child. However, funding is not backdated. Applications can be made until the end date of the period in which a child's third birthday falls.

Introduction to Two Year Old Funding

A child is *too young* for two year old funding, if their second birthday falls after the end of the current period.

A child is *too old* for two year old funding, if their third birthday was before the start of the current period.

A parent can apply for two year old funding immediately, if their child's second birthday was before the start of the current period and if their third birthday was not before the start date of the current period.

Using This Handbook

This handbook is intended for Local Authority Administrators. It describes the following administration processes:

- Managing users
- Configuring two year old funding
 - Non-economic question configuration
 - Assisted application configuration
 - Placement notification configuration.
- Managing applications and placements
- Searching for submitted applications
- Monitoring the two year old funding dashboard
 - Submitted applications for TYOF
 - Children identified as eligible for TYOF
 - Take-up of TYOF for eligible applications
 - TYOF placements submitted
 - Placements actioned by LA.

More Information:

For information regarding using the Portal Back Office, refer to the *One Portal Back Office* handbook.

For information regarding configuring the portal, refer to the *Deploying and Configuring the One Provider Self Service Portal for Local Authorities* technical guide.

For information regarding parents, carers and guardians making applications for two year old funding, refer to the *One Early Years - Two Year Old Funding Citizen Portal* handbook.

These documents are available on My Account and the One Publications website.

Setting the Language in Chrome

If the Provider portal is accessed using Google Chrome, the language must be set to English (United Kingdom).

English (United Kingdom) must be the first language in the list.

For more information regarding setting the language in Google Chrome, refer to: <https://support.google.com/chrome/answer/95416?hl=en-GB>

Common Functionality

The following functionality is common for all processes in the Provider portal.

Function	Description
Tooltips	Using the mouse, hover over an item on the screen to display a description of the information displayed or the action required.
Home button	Click the Home button to display the Home page
Change Password	Click the drop-down adjacent to the user name and select Change Password . Enter your Current password , New password and Confirm new password . Click the Change password button.
Change Secret Question	Click the drop-down adjacent to the user name and select Change Secret Question . Enter your Current Password , Select a New Secret Question and enter a Secret Answer . Click the Save button. NOTE: This functionality is only available if second factor authentication is enabled.
Enable Two Step Verification	Click the drop-down adjacent to the user name and select Two Step Verification . Select Email from the Preferred method drop-down. Click the Save button. You will be signed out and will need to sign in again.
Disable Two Step Verification	Click the drop-down adjacent to the user name and select Two Step Verification . Select No Two Step Verification from the Preferred method drop-down. Click the Save button. You will be signed out and will need to sign in again.
Sign out	Click the Sign Out button adjacent to the user name.

02 / Managing Users

User creation is a three stage process.

- If a user does not exist in the One database, a One administrator must create the portal user in the One v4 client. They must be given a user name and a unique email address
- The user must be assigned to the correct security group in the v4 Client.
- The user must be granted the appropriate permissions in the v4 Client.

Creating a Portal User Account

To create a new portal user account, the One System Administrator must:

1. Set up the user in the One v4 Client and assign to them to the relevant user group via **Tools | Administration | User Management | User Accounts**.
2. Send the log in details (user name and initial password) to the new user via email.

Activating a Portal User Account

A new Provider portal user needs to activate their user account.

When the user first logs in with their user name and initial password, they are informed that an activation email has been sent to them and that they must click on the activation link in the email to verify their email address. The user must:

1. Click on the unique link contained in the email.
2. Enter their user name and original password.

They are prompted to change their password and, if second factor authentication is enabled, to select a secret question and supply an answer.

More Information:

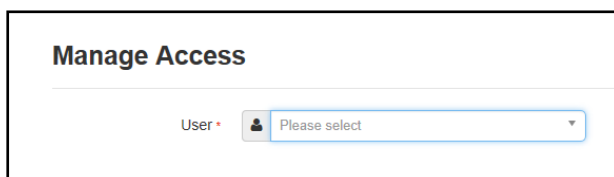

For more information regarding user setup and permissions, refer to the Technical Guide: *Deploying and Configuring the One Provider Self Service Portal for Local Authorities*, which is available on [My Account](#) and on the One Publications website.

Granting Access to Providers and Services

After a user is created and assigned to the appropriate security group in the v4 Client, they must then be granted access to the required providers and services in the Provider portal.

To update access for the selected user:

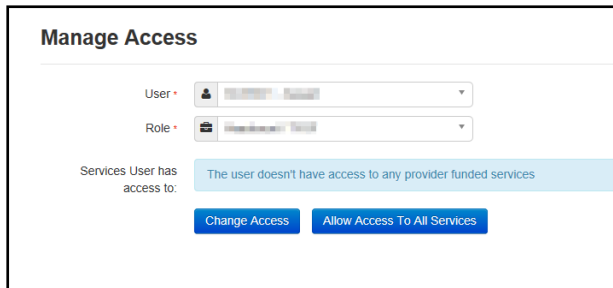

1. Select **Administration | Manage Access** to display the **Manage Access** page.

The screenshot shows a web interface titled "Manage Access". Below the title is a form with a label "User" followed by a dropdown menu. The dropdown menu is currently open and displays the text "Please select" with a downward-pointing arrow on the right side.

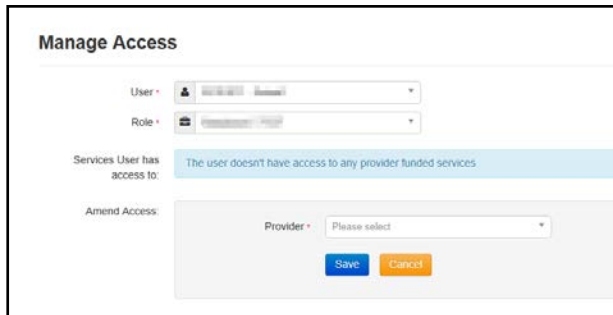

2. Select a **User** to display their **Role** and a list of services to which they have access.

Managing Users

The screenshot shows the 'Manage Access' interface. At the top, there are two dropdown menus: 'User' and 'Role'. Below these, a message states: 'Services User has access to: The user doesn't have access to any provider funded services'. At the bottom of this section, there are two buttons: 'Change Access' and 'Allow Access To All Services'.

3. Click the **Allow Access to All Services** button or click the **Change Access** button to display the **Amend Access** panel.

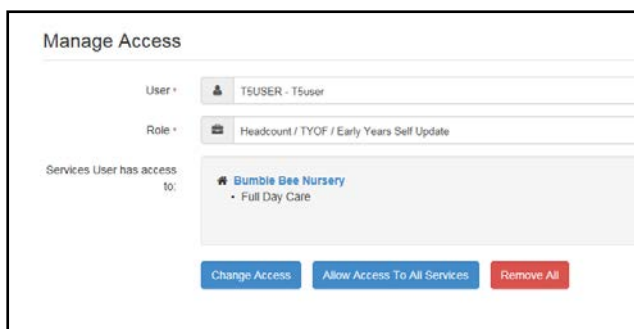

The screenshot shows the 'Amend Access' panel. It features a 'Provider' dropdown menu with the text 'Please select'. Below the dropdown are two buttons: 'Save' and 'Cancel'.

4. Select a **Provider from the drop-down list** to display their services.
5. Select one or more services.
6. Click the **Save** button.

Removing Access from a User

To remove a user's access to all services:

1. Select **Administration | Manage Access** to display the **Manage Access** page.
2. Select a **User** to display a list of services to which they have access.

The screenshot shows the 'Manage Access' interface for a user named 'TSUSER - TUser'. The role is 'Headcount / TYOF / Early Years Self Update'. Under 'Services User has access to:', there is a list item for 'Bumble Bee Nursery - Full Day Care'. At the bottom, there are three buttons: 'Change Access', 'Allow Access To All Services', and 'Remove All'.

3. Click the **Remove All** button.

Logging into the Portal

A user with an active user account can log into the portal.

Enter **User name** and **Password** and click the **Log In** button to display the **Secret Question** page.

NOTE: The **Secret Question** page is only displayed if second factor authentication is enabled by the system administrator via **Administration | Site Setup | Configuration**.

Retrieving Your User Name

If you forget your user name:

1. From the portal **Log In** screen, click the **Forgotten your username?** link to display the **Forgotten Username** page.

2. Enter your registered **Email Address** and click the **Submit** button.
3. Access your registered email account and open the email received to retrieve your user name.

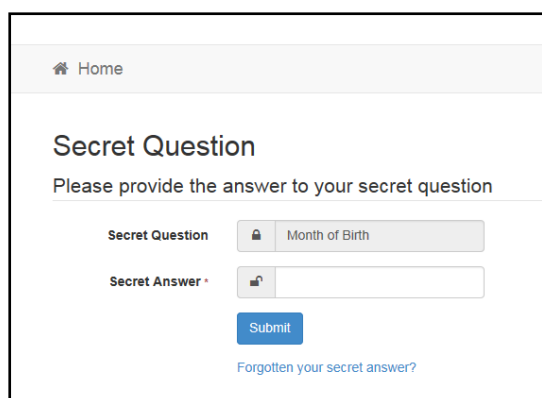

Resetting Your Portal Password

To reset your password:

1. From the portal **Log In** screen, click the **Forgotten your password?** link to display the **Forgotten Password** page.

2. Enter your **User name** and registered **Email Address** and click the **Submit** button.
3. If second factor authentication is enabled, enter the **Secret Answer** and click the **Submit** button.

Managing Users

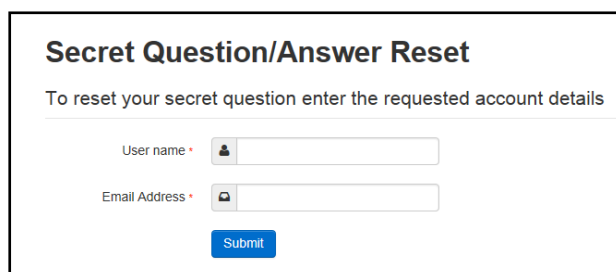

4. Access your registered email account and open the email received.
5. Follow the instructions in the email to reset your password.

Resetting Your Secret Question

If you need to reset your secret question:

1. From the portal **Secret Question** screen, click the **Forgotten your secret answer?** link.

2. Enter your **User name** and registered **Email Address** and click the **Submit** button.
3. Follow the reset instructions in the email.

Setting Up Two Step Verification

Introduction

If two step verification is enabled, you will be sent a verification code every time you sign in.

If two step verification is not enabled, a message is displayed when you log into the Provider portal with a link to enable it if you want to.

Enabling Two Step Verification

To enable two step verification:

1. Select **Two Step Verification** from the username drop-down to display the **Two Step Verification** screen.

Two Step Verification

Two Step Verification is our way to make your data more secure.

If you enable Two Step Verification, we will send you a Verification Code every time you sign in. This helps us keep your data safe.

Some areas require Two Step Verification to be enabled before you can use them. We will tell you when you try to access if you do not already have Two Step Verification enabled.

Changing your preference will sign you out, and you will need to sign in again.

Preferred method

No Two Step Verification

Save

- To receive a verification code to your registered email address, select **Email** from the **Preferred method** drop-down.
 - Click the **Save** button.
- You will be signed out and will need to sign in again.

Disabling Two Step Verification

To disable two step verification:

- Select **Two Step Verification** from the username drop-down to display the **Two Step Verification** screen.

Two Step Verification

Two Step Verification is our way to make your data more secure.

If you enable Two Step Verification, we will send you a Verification Code every time you sign in. This helps us keep your data safe.

Some areas require Two Step Verification to be enabled before you can use them. We will tell you when you try to access if you do not already have Two Step Verification enabled.

Changing your preference will sign you out, and you will need to sign in again.

Preferred method

Email

Save

- Select **No Two Step Verification** from the **Preferred method** drop-down.
 - Click the **Save** button.
- You will be signed out and will need to sign in again.

Reviewing Users

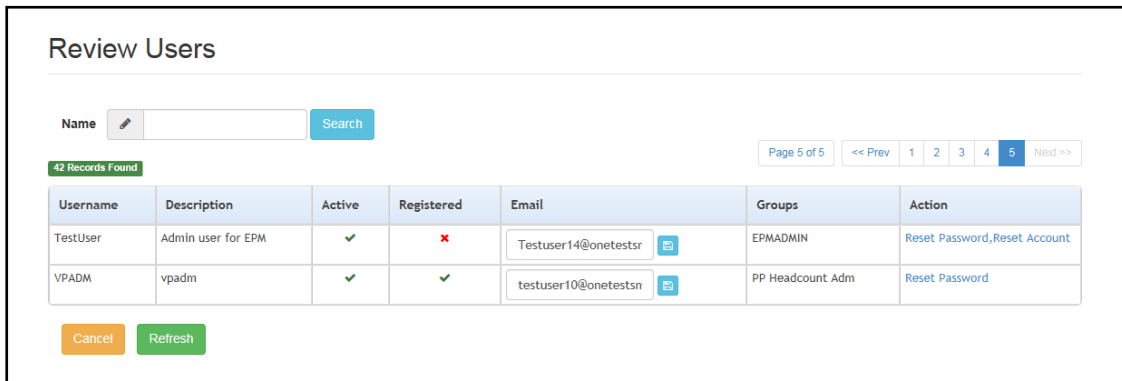

Introduction

The **Review Users** page is used to view the users that are currently registered to use the Provider portal, to update their email address and enable them to update their password. It is also used to reset a user account that is inactive in the v4 Client.

NOTE: When a system administrator logs into the portal, their account is displayed as read-only.

Viewing User Details

1. Select **Administration | Review User** to display the **Review Users** page.

2. If required, enter a partial **User Name**, **Description** or **Email** address and click the **Search** button.

Updating a User Email Address

To update the user's **Email** address:

1. Select **Administration | Review User** to display the **Review Users** page.
2. Enter a new **Email** address and click the adjacent update button.

Resetting a User Password

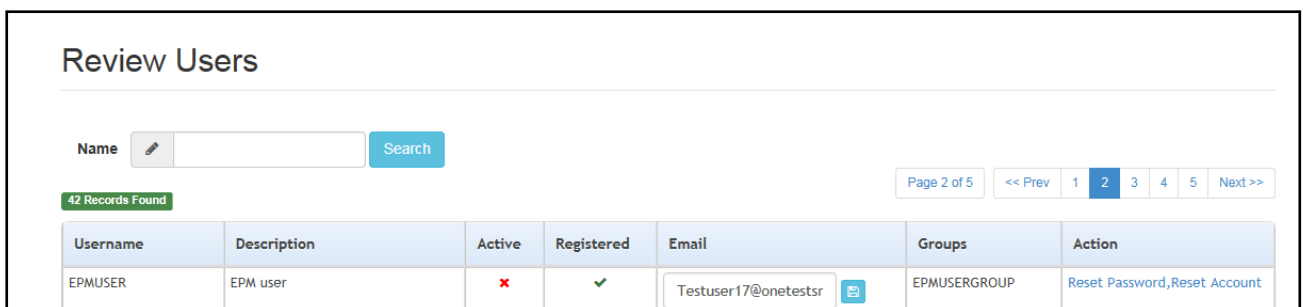

If a user has forgotten their password, to enable them to reset their password:

1. Select **Administration | Review User** to display the **Review Users** page.
2. Click the **Reset Password** link to send an email to the current **Email** address asking the user to update their password.

NOTE: Clicking the **Reset Password** link displays the **Reset Account** link in the **Action** column until the user resets their password. When the user resets their password, they receive an email to let them know that their password has been changed successfully. The **Reset Account** link is then removed from the screen.

Resetting a User Account

If the user account is set to inactive in the v4 Client, the **Reset Account** link is displayed in the **Action** column and the **Active** status is displayed as a red cross as shown in the following graphic:

To reset an inactive account and set the status to active in the v4 Client:

1. Select **Administration | Review User** to display the **Review Users** page.

2. Click the **Reset Account** link.

NOTE: The **Reset Account** link is also displayed if the user has requested a new password and this has not been reset. For more information, see [Resetting a User Password](#) on page 10

03 / Site Setup

Introduction

Portal administrators can define message templates, customise the text that is displayed on the website, upload a site logo and manage configuration of the website. The **Site Setup** option is selected from the **Administration** menu.

Managing Message Templates

Messages can be composed and sent to one or more users. The message can be free text or can use a pre-defined template.

Creating a Template

To create a new template:

1. Select **Administration | Site Setup | Message Templates** to display the **Message Templates** page.
2. Click the **New Template** button to display the **Create Template** page.

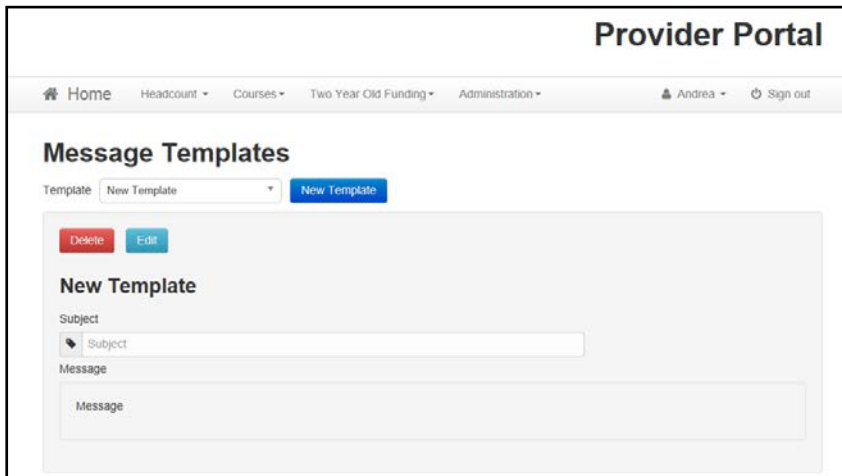

3. Enter a **Template Name**.

Site Setup

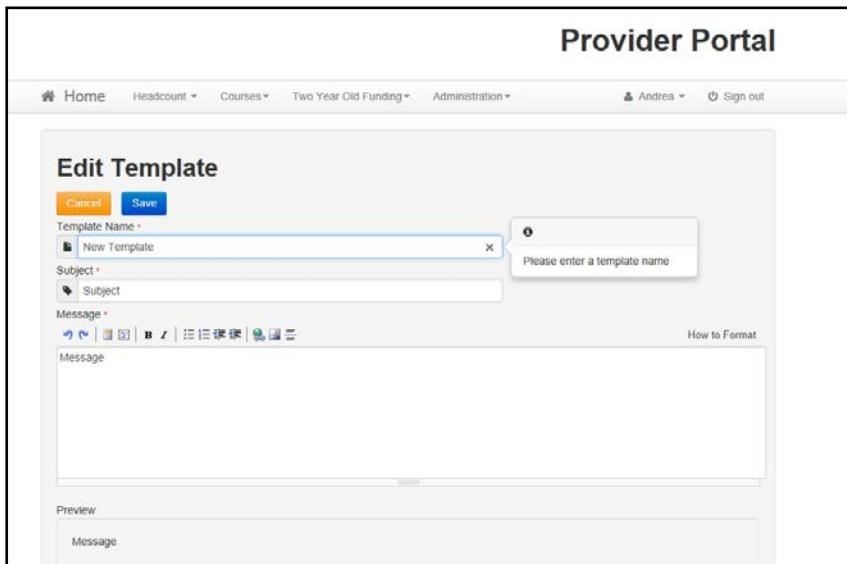

4. Enter a template **Subject**.
5. Enter a template **Message**. Formatting buttons are provided above the panel.
The message text is displayed in the **Preview**.
6. Click the **Save** button.

Editing a Template

1. Select **Administration | Site Setup | Message Templates** to display the **Message Templates** page.

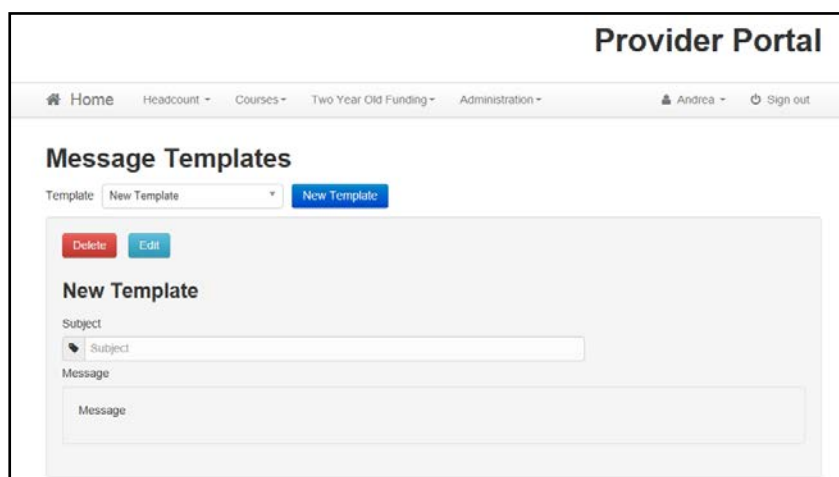

2. Select a **Template**.
3. Click the **Edit** button to display the **Edit Template** page.

4. Make the required changes to the **Template Name**, **Subject** or **Message** text. Formatting buttons are provided above the panel.
The amended text is displayed in the **Preview**.
5. Click the **Save** button.

Deleting a Template

1. Select **Administration | Site Setup | Message Templates** to display the **Message Templates** page.

2. Select a **Template**.
3. Click the **Delete** button to display a confirmation dialog.
4. Click the **Yes** button to confirm deletion.

Customising Text

All text, field labels and messages that are displayed on the website can be configured.

Type	Name	Description
Site Notices	Announcements and Welcome Text	Displayed when the user logs into the portal.
	Provider Home Guidance Text	Displayed on the Home page.
	About Contact Us Cookies Policy Privacy Notice Terms and Conditions Version and Licensing Submission Declaration	Text is displayed when the user clicks the corresponding button at the bottom of each page.
Text Resources		Field labels, user messages and tooltips (text displayed when a user hovers the mouse over a field).
Address	Address Registration	Guidance text displayed for address fields.
Module specific		Guidance text and other text displayed on module-specific pages.
Email		Text for standard emails and messages relating to managing user accounts.

Site Setup

Type	Name	Description
Message	Message Report Sent Body	Text for the message to be sent to a portal user when a new report is available to view. NB. Not used in Training Manager.
Report		Guidance text for reports.
Site Titles	Site Title	Displayed at the top right-hand side of every page.
Tooltip	Tooltip for New Password	Displayed when user sets up a new password.

1. Select **Administration | Text Customisation** to display the **Text Customisation** page.

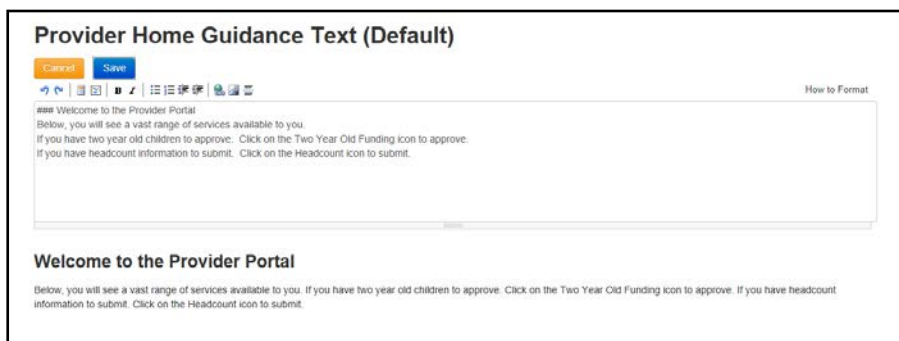

2. From the **Choose a text category** drop-down, select the category of text to be configured.
3. Alternatively, enter search criteria, click the **Search** button and select the text.
4. Select the **Default** or **Welsh** tab to determine the text language.
5. Click the **Add** button.

6. Enter required text in the formatting panel. Formatting buttons are provided above the panel.
7. The formatted text is displayed beneath.
8. Click the **Save** button.

Editing Text

1. Select **Administration | Text Customisation** to display the **Text Customisation** page.

- From the **Choose a text category** drop-down, select the category of text to be configured.
- Select the **Default** or **Welsh** tab to determine the text language.
- Click the **Edit** button.

- Make the required changes to the text displayed in the formatting panel. Formatting buttons are provided above the panel.
- The amended text is displayed beneath.
- Click the **Save** button.

Customising the Site Logo

A new site logo can be uploaded to be displayed on the website.

NOTE: The following restrictions apply to the image:
 Image type must be png, jpg, jpeg, gif or bmp.
 File size must be less than 1000000 bytes (1MB).
 Image dimensions cannot be greater than 1170 pixels (width) by 400 pixels (height).

- Select **Administration | Site Setup | Customise Site Logo**.

- Click the **Upload** button.

- Click the **Browse** button to select an image.
- Click the **Upload** button.

Configuring the Provider Portal

- Select **Administration | Site Setup | Configuration** to display the **Manage Configurations** page.

Manage Configurations

Configuration Key	Configuration Value	⚠
Include the admin on emails sent	<input type="checkbox"/> OFF	
The from email address used when messages are sent	<input type="text" value="admin@capita.co.uk"/>	
When sending lots of emails, batch them up into groups of this size	<input type="text" value="30"/>	
Maximum messages to show on the home page	<input type="text" value="10"/>	
Is second factor authentication enabled	<input type="checkbox"/> OFF	
Is Mini Profiler enabled	<input checked="" type="checkbox"/> ON	
The Portal url	<input type="text"/>	
Google Analytics tracking id	<input type="text"/>	
Account lockout time span in minutes	<input type="text" value="4"/>	
Maximum failed Verification Code attempts	<input type="text" value="9"/>	
Pop-up message expiry time in seconds	<input type="text" value="16"/>	

2. For each **Configuration Key**, change the **Configuration Value**, if required:
3. If required, set **Include the admin on emails sent** to **On**.
4. Enter an email address for: **The from email address used when messages are sent**.
5. Enter a number for: **When sending lots of emails batch them up into groups of this size**.
6. Enter the number of **Maximum messages to show on the home page**.
7. If required, set **Is second factor authentication enabled** to **On**.
8. If required, set **Is Mini Profile enabled** to **On**.
9. If required, enter **The Portal url**.
10. If required, enter the **Google Analytics tracking id**.
11. If required, enter the **Account lockout time span in minutes**.
12. If required, enter the **Maximum failed Verification Code attempts**.
13. If required, enter the **Pop-up message expiry time in seconds**.
14. Click the **Save** button.

More Information:

For more information regarding portal configuration, refer to the Technical Guide: **Deploying and Configuring the One Provider Self Service Portal for Local Authorities**, which is available on [My Account](#) and on the One Publications website.

Configuring User Defined Fields (UDFs)

UDFs enable you to add extra fields to accommodate data items that One does not store. UDFs are created against entities, for example Student Details.

UDFs are set up in the v4 Client via **Tools | Administration | UDF Management**.

More Information:

RG_Administration_Managing_UDFs available on [My Account](#) and on the **One Publications** website (www.onepublications.com).

Configuring UDFs for Two Year Old Funding

The following UDFs need to be created for Two Year Old Funding:

- Application Reference Number
- Second Applicant Details
- Placement Reference Number.

More Information:

Creating Two Year Old Funding UDFs section of the **Setting Up Two Year Old Funding for Local Authorities** technical guide available on [My Account](#) and on the **One Publications** website (www.onepublications.com).

04 / Home Page

Provider Portal Home Page

Introduction

When the portal administrator or user logs into the Provider portal, any announcements regarding the portal are displayed. The user clicks the **Continue** button to display the **Home** page.

NOTE: Announcements are configured via **Administration | Site Setup | Text Customisation**.

The **Home** page displays the **Site Logo** and guidance text set up via **Administration | Site Setup**.

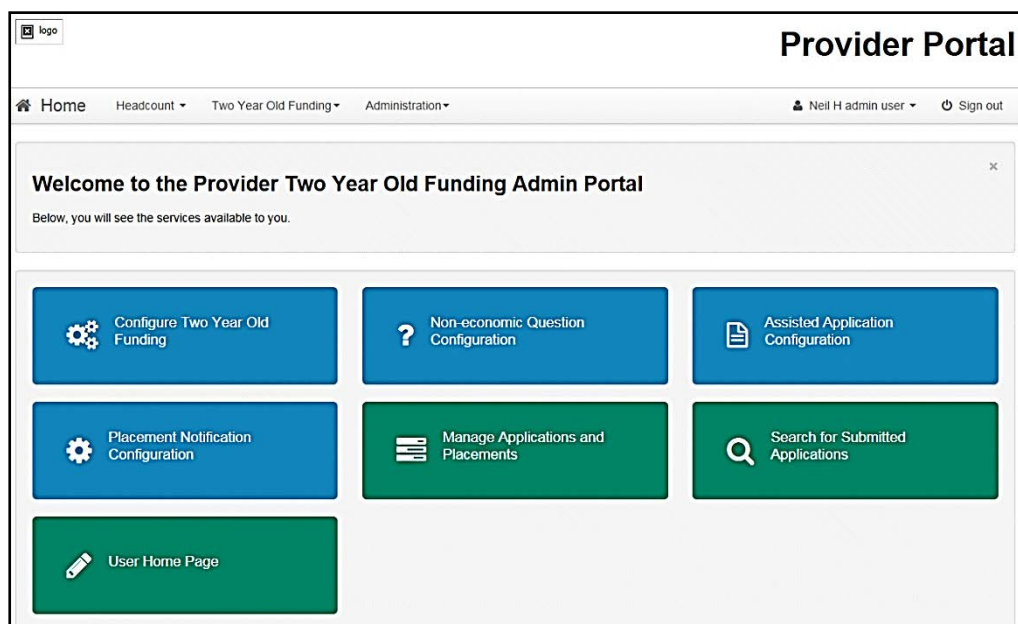

NOTE: The facility to change your password or secret question is accessed by clicking the drop-down adjacent to your user name.

Navigating within the Provider Portal

The services to which you have access are indicated by the buttons displayed on the **Provider Portal** home page. There are drop-down menus displayed at the top of each page which enable you to navigate to other pages.

Two Year Old Funding Administration Portal Page

The **Two Year Old Funding Admin Portal** page is accessed via **Provider Portal | Home | Two Year Old Funding**.

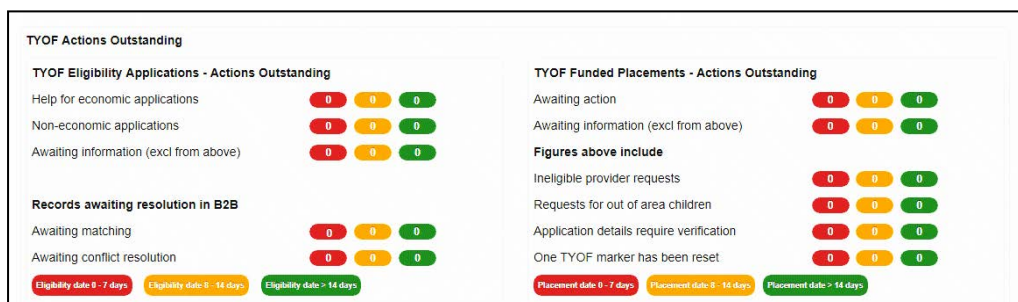

The following services are available to the Two Year Old Funding administrator:

- Configuration:
 - Configure two year old funding (general)

Home Page

- Non-economic question configuration
- Assisted application configuration
- Placement configuration.
- Funding management:
 - Manage applications and placements
 - Search for submitted applications.
- Providers:
 - Assisted Application
 - Start placement notification
- Children's Centres
 - Assisted application
- Configure the user home page.

The page also displays a read-only view, called the **Dashboard**, of the outstanding tasks that need to be actioned.

The count for eligibility dates are based on a traffic light system:

- Red – within the next 7 days.
- Amber – between 8 and 14 days.
- Green – 15 days and longer.

For more information, see [Actioning Dashboard Tasks](#) on page 61.

NOTE: The Two Year Old Funding Home page is configured via **Administration | Site Setup | Text Customisation**.

05 / Two Year Old Funding Configuration

The Local Authority (LA) can configure the following areas for two year old funding:

- General two year old funding. For more information, see [Configuring Two Year Old Funding](#) on page 23.
- Non-economic questions. For more information, see [Configuring Non-economic Questions](#) on page 24.
- Assisted applications. For more information, see [Configuring Assisted Applications](#) on page 26.
- Placement notifications. For more information, see [Configuring Placement Notifications](#) on page 26.
- User home page. For more information, see [Configuring ECS Settings](#) on page 27.

Configuring Two Year Old Funding

The Local Authority (LA) can set the parameters for accepting two year old funding applications. To set the parameters:

1. Select **Provider Portal | Home | Two Year Old Funding | Configure Two Year Old Funding** to display the **Two Year Old Funding Configuration** page.

Configuration Key	Configuration Value	
Restrict two year old funding applications to a set number of weeks before the child's funding starts	<input type="checkbox"/> OFF	
The number of weeks to restrict two year old funding applications	<input type="text" value="6"/>	
A comma separated list of file extensions accepted as evidence for applications	<input type="text" value="png.jpg.jpeg.gif.bmp.pdf.doc.docx"/>	
Request Help Message Template	<input type="text" value="Two year old funding help Requested"/>	
Reply Format	Evidence Text <input checked="" type="checkbox"/> ON Attach Evidence <input checked="" type="checkbox"/> ON	
Allow applications from applicants not currently within your LA?	<input type="checkbox"/> Allow applications regardless of where the child lives	
Allow ECS check for second applicant	<input checked="" type="checkbox"/> ON	
Second Applicant Voucher Template	<input type="text" value="Two year old funding voucher with second applicant"/>	
2 Year Old Funding moving into voucher template for Second Applicant	<input type="text" value="Two year old funding voucher moving application with second applicant"/>	
2 Year Old Funding late moving voucher template for Second Applicant	<input type="text" value="Two year old funding voucher late moving application with second applicant"/>	
2 Year Old Funding Placement UDF field name	<input type="text" value="TYOFPLAREF"/>	
Eligible under 20% criteria Basis Funding Code	<input type="text" value="Economic criteria"/>	
Eligible under 40% criteria Basis Funding Code	<input type="text" value="Economic criteria"/>	
Request Help - Allow Attachments	<input checked="" type="checkbox"/> ON	

2. Select the relevant configuration values.

Configuration Key	Configuration Value
Restrict two year old funding applications to a set number of weeks before the child's funding starts	On or Off

Configuration Key	Configuration Value
The number of weeks to restrict two year old funding applications	The default is 6
A comma separated list of file extensions accepted as evidence for applications	jpeg, bmp, gif, doc, docx, pdf etc
Allow ECS check for second applicant	On or Off
Allow applications from applicants not currently within your LA?	Allow applications from applicants not currently within your LA who plan to move within it Allow applications regardless of where the child lives Restrict applications to residents of this LA
Request Help message template	No message template selected Submitted Approved two year old funding placement
Second applicant voucher template	Rejected two year old funding placement Two year old funding voucher with second applicant Two year old funding voucher moving application with second applicant
2 year old funding moving into voucher template for second applicant	Two year old funding voucher late moving application with second applicant Two year old funding help requested Two year old funding voucher late moving application Two year old funding voucher moving application
2 year old funding late moving voucher template for second applicant	Two year old funding ineligible application Two year old funding voucher
2 year old funding placement UDF field name	The name of the UDF that was set up in the v4 Client via Tools Administration UDF Management
Eligible under 20% criteria Basis Funding Code	Lookup table ID: 1180
Eligible under 40% criteria Basis Funding Code	
Reply Format	Evidence Text On or Off Attach Evidence On or Off
Request Help - Allow Attachments	On or Off

3. Click the **Save** button.

Configuring Non-economic Questions

The Local Authority (LA) can set up non-economic criteria that applicants can use to apply for two year old funding.

NOTE: If the **Evidence Text Required** check box is deselected, an application made via the Citizen or Provider portal will not display the text box for that question.

To configure non-economic questions:

1. Select **Provider Portal | Two Year Old Funding | Non-economic Question Configuration** to display the **Setup Non-economic Questions** page. The four default criteria are set by the DfE, but they can be edited.

Display order	Title of Non-economic Criteria	Guidance text for Non-economic Criteria	Basis for funding	Evidence Text Required	Able to attach evidence?	Delete
1	Looked After Child	A "looked after child" is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services function.	Lookedafter or adoptedfromcare	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Adding Non-economic Questions

The Local Authority (LA) can define up to 15 non-economic questions, specific to their LA that applicants can use to apply for two year old funding.

To add a new non-economic question:

- Select **Provider Portal | Two Year Old Funding | Non-economic Question Configuration** to display the **Setup Non-economic Questions** page.
- Click the **Add Question** button to display the **Non-economic Question** dialog.

The screenshot shows a form titled "Non-economic Question" with a close button (X) in the top right corner. The form contains the following fields and controls:

- Title of Non-economic Criteria:** A text input field.
- Guidance text for Non-economic Criteria:** A larger text area for input.
- Basis for funding:** A dropdown menu with a checkmark icon on the right.
- Evidence Text Required:** A checkbox.
- Able to attach evidence?:** A checkbox.
- Display order:** A text input field containing the number "5".

At the bottom of the form, there are two buttons: "Cancel" (orange) and "Save" (blue).

The **Basis for funding** is taken from *Table_ID 1180*.

The **Display order** defaults to the next sequential number.

3. Enter information into the fields displayed in the above graphic.
4. Click the **Save** button.

Configuring Assisted Applications

When a provider has assisted with a non-economic application, the LA can choose which method to notify parents of the result of their application. The provider receives the notification via the One Provider Self Service portal.

To configure contact methods for assisted applications:

1. Select **Provider Portal | Two Year Old Funding | Assisted Application Configuration** to display the **Contact Method Configuration (Assisted Applications)** page.
2. Turn on one or more of the following methods:
 - **Email** – an email is sent to an address supplied by the parent at the time of the application. If a One Citizen Self Service portal account exists, this also receives a copy of the message.
 - **Post** – a letter is posted directly from the LA to the parent.
 - **Citizen Portal** – If the parent has an account, a message is sent via the One Citizen Self Service portal.
3. Click the **Save** button.

Configuring Placement Notifications

The Local Authority (LA) can configure how the system assesses funded placements in relation to out of area children and if a provider is not eligible for funding for the child's age group.

To configure the placement notification:

1. Select **Provider Portal | Two Year Old Funding | Placement Notification Configuration** to display the **Placement Notification Configuration** page.

2. On the **Out of area children** drop-down, select from:
 - Submit a request to approve placements
 - Approve placements regardless of the child's residency
 - Reject out of area requests for placements.
3. On the **Provider eligibility for funded placements** drop-down, select from:
 - Submit a request to approve placements
 - Approve placements regardless of the providers eligibility
 - Reject placements where the provider is not eligible for funding.
4. On the **Message Templates | Approval template**, select an approval template to send to the parent.
5. On the **Message Templates | Rejection template**, select a rejection template to send to the parent.
6. Click the **Save** button.

Configuring ECS Settings

ECS Configuration

NOTE: When using a live environment, the **ECS Environment** must always be **Live**. If using in a test environment, the **ECS Environment** must be **Sandpit**.

ECS Settings

The screenshot shows the 'ECS Configuration' form. At the top, it says 'Configure the link to the DWP Eligibility Checking Service'. Below this is a section titled 'ECS Settings'. The form includes the following fields and options:

- ECS Environment:** A dropdown menu with 'Live' selected.
- ECS Local Authority:** A text input field containing 'Capita One'.
- ECS Username:** A text input field containing 'Capita One18675'.
- ECS Password:** A section with a link 'Update ECS Password'.
- ECS System Status:** A section with a link 'Test'.

A blue 'Save' button is located at the bottom left of the form.

1. From the **ECS Environment** drop-down list select **Live**.
1. Enter your **ECS Local Authority** value.
2. Enter your **ECS Username**.
3. Click the **Save** button.
4. Click the **Update ECS Password** link to display the password fields.
5. Enter your **ECS Account** password in both fields.
6. Click the **Save** button.

Two Year Old Funding Configuration

7. If you have changed the **ECS Environment** value, perform an IIS reset on the Provider Portal web server.

NOTE: Changing the **ECS Environment** affects both Early Years Pupil Premium and 30 Hours Entitlement.

ECS Override Settings

If it is necessary to override the default address for connection to the DfE Eligibility Checking Service (ECS), complete the following:

1. Enter the following URL into the **ECS Service URI Override** field.
<https://ecs.education.gov.uk/fsm.laweb/service/20170701/OnlineQueryService.svc>

NOTE: These setting will normally be empty. They should only be set after guidance from Capita.

2. Click the **Save** button.
3. Reset the Portal application to reload the changes (either IIS Reset, or re-cycle the Application Pool running the Portal).

User Home Page

The following processes can be accessed via **Provider Portal | Two Year Old Funding | User Home Page**:

- Start an assisted application as a provider. For more information, see [Starting an Assisted Application as a Provider](#) on page 29.
- Start a placement notification. For more information, see [Starting a Placement Notification](#) on page 36.
- Start an assisted application as a children's centre. For more information, see [Starting an Assisted Application as a Child Centre](#) on page 39.
- View messages. For more information, see [My Messages](#) on page 47.

Starting an Assisted Application as a Provider

Providers can make an application for two year old funding on behalf of a parent with no IT facilities or language problems. This can be done only if the local authority has purchased a two year old funding licence.

The provider can make both economic and non-economic claims. For more information, see [Making a Provider Assisted Application on Economic Grounds](#) on page 32 and [Making a Provider Assisted Application on Non-economic Grounds](#) on page 34.

A parent can ask a provider if a place is available for their child and the provider can check to see if the parent qualifies for funding.

The local authority must request the parent's preferred method of communication to notify them of any decision relating to their application; this can be via the provider. The provider also receives the notification.

In order to begin an assisted application, the provider must have the child's date of birth and current address. If these details are entered incorrectly, a new application has to be started.

To make an assisted application as a provider:

1. Select **Provider Portal | Two Year Old Funding | User Home Page | Start an Assisted Application as a Provider** to display the **Assisted Application** page.

Assisted Application

Child's Date of Birth

Child's Postcode

Please identify the service to which the application will be linked.

Provider

Service Full Day Care

2. Enter the **Child's Date of Birth**.
3. Enter the **Child's Postcode**.
4. Select the **Provider**.
5. Select a **Service**.
6. Click the **Continue** button to display the **Add Child** page.

Adding Child Details to a Provider Assisted Application

Add Child

To progress this application, enter the details of the child below

Please note: You cannot change the child's date of birth or postcode from those which you entered on the previous screen. If you have made a mistake then please restart the application.

Forename *

Surname *

Gender * Male
 Female

Date of birth (dd/mm/yyyy)

Ethnicity *

First Language *

Postcode *

[I don't have a Postcode](#)

* Required field

1. Enter the child's **Forename**, **Surname** and **Gender**.

NOTE: If the name is longer than the field allows, the child needs to be added by the Local Authority via the v4 Client. A message is displayed. The message can be configured in the Provider portal via **Administration | Text Customisation**.

The **Date of Birth** is pre-populated and cannot be changed.

2. Select **Ethnicity** from the drop-down. If this has not been obtained, select **NOBT**.
3. Select **First Language** from the drop-down. If this has not been obtained, select **NOT**.

The **Postcode** is pre-populated from the previous screen and cannot be changed.

4. Click the **Find Address** button and select the child's address. Alternatively, click the **I don't have a Postcode** link and enter the address manually.
5. Click the **Continue** button to display the **Enter Applicant Information** page.

Adding Applicant Details to a Provider Assisted Application

Enter applicant Information

To progress this application, enter the details of the applicant below:

Title

Forename

Surname

Gender Male
 Female

Relationship

Parental Responsibility Yes
 No
If the applicant has legal responsibility for this child, select Yes

Address Does the applicant live at the same address as the child ?
 Yes
 No

1. Select a **Title** from the drop-down.
2. Enter the applicant's **Forename** and **Surname**.

NOTE: If the name is longer than the field allows, the applicant needs to be added by the Local Authority via the v4 Client. A message is displayed. The message can be configured in the Provider portal via **Administration | Text Customisation**.

3. Select **Gender**.
4. Select a Relationship.
5. Select **Yes** or **No** to confirm whether or not the applicant has parental or legal responsibility for the child.
6. Select **Yes** to confirm that the applicant lives at the same address as the child. Alternatively, select **No** and enter the applicant's address.
7. Click the **Continue** button to display the **Claim Type** page.

Claim type

Here you can apply to receive funding for your two year old.

Economic Claim

Here you can make an application for the applicant based on economic grounds. Most applicants will want this option.

Non-economic Claim

Here you can apply for Two Year Old Funding through non-economic grounds. Applicants for looked after or SEN children should choose this route.

8. Click the appropriate button to select if the application is for an economic or a non-economic claim.

More Information:

[Making a Provider Assisted Application on Economic Grounds](#) on page 32.

[Making a Provider Assisted Application on Non-economic Grounds](#) on page 34.

Making a Provider Assisted Application on Economic Grounds

The provider can help the parent make an economic claim for two year old funding; the majority of applicants will select this option.

To make a provider assisted application on economic grounds:

1. On the **Claim Type** page, click the **Claim on economic grounds** button to display the **Enter applicants economic Information** page.

Enter applicants economic Information

To validate that the applicant is eligible, enter their economic details of the applicant below:

[Finish](#)

If the eligibility check was unsuccessful, the provider can:

- Edit the applicant details:

- i. Click the **Edit Applicant Details** button to display the **Applicant's Economic Information** page.
 - ii. Make any necessary changes.
 - iii. Click the **Continue** button to display the **Declaration** page.
 - iv. Select the check box to confirm that you have read and agree to the declaration.
 - v. Click the **Continue** button to display the **Eligibility Results** page.
- Perform an eligibility check on a second applicant:
- i. Click the **Second Applicant Details** button to display the **Second Applicant Details** page.
 - ii. Enter a **Forename, Surname and Date of Birth**.
 - iii. Enter either a **National Insurance** number or an **Asylum Seekers** number.
 - iv. Select the check box to confirm that the second applicant has parental responsibility for the child and has given their consent to the application being made on their behalf.
 - v. Click the **Submit** button to display the **Eligibility Results** page.
- Request help from the local authority:
- i. Click the **Request Help** button to display the **Request Help** page.
 - ii. Enter the details of the help request.
 - iii. If required, click the **Add File** button to attach any additional evidence.
 - iv. Select **Yes** to consent to the LA performing an ECS check on the applicant's behalf.
 - v. Click the **Continue** button to display the **Preferred Methods of Contact** page.
 - vi. Select the preferred method of contact.
 - vii. If required, a box is available to record additional information.
 - viii. Click the **Continue** button to display the **Applicant's Contact Details** page.
 - ix. Enter the applicant's telephone number.
 - x. Click the **Continue** button to display the **Application Submitted** page.

The application reference number is given and a message informs the provider that the applicant will receive notification of the results via their chosen method of contact. The provider will also receive the notification.

Making a Provider Assisted Application on Non-economic Grounds

The provider can help the parent make a non-economic claim for two year old funding. This could be for a looked after child, or a SEN child.

To make a provider assisted application on non-economic grounds:

1. On the **Claim Type** page, click the **Claim on non-economic grounds** button to display the **Non-economic Criteria Selection** page.

Non-economic Criteria Selection

Select all of the criteria which applies to your application and please provide the details required for that criteria.

Please note that the maximum amount of evidence you can attach cannot exceed a total of 20MB

Looked After Child A "looked after child" is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services function.

Adoption, Residence Order or Special Guardianship Children who have left care but are not able to return home (through adoption orders, residence orders or special guardianship).

Child has a Special Educational Need (SEN) Has a current statement of Special Educational Needs or an Education, Health and Care plan.

Child has a disability Is in receipt of Disability Living Allowance (DLA).

Please provide details to support your claim relating to the above criteria

Please attach any additional evidence relating to the above criteria

[+ Add file](#)

The parent/applicant has confirmed that they have parental responsibility for the child to whom this application relates and that the child resides with them. The parent/applicant has also confirmed that all information provided relating to this application is correct to the best of their knowledge and that this information can be shared for the benefit of their family

The parent/applicant has been made aware of these conditions and has confirmed that they are true

[Back](#) [Continue](#)

2. Select the criteria which apply to the application.

Selecting a criteria displays a text box for you to provide additional details and an **Add file** button to attach additional evidence.

NOTE: The option to allow evidence text to be provided can be disabled via **Configuration | Non-economic Questions**. For more information, see [Configuring Non-economic Questions](#) on page 24.

3. Select the check box to confirm that the applicant agrees with the declaration.
4. Click the **Continue** button to display the **Preferred Methods of Contact** page.

Preferred Methods of Contact

How would the applicant like to be contacted once we have reviewed their application.

Via Email No

Via Citizen Portal No
(only valid where the applicant has already created an account on Citizens Portal)

Via Provider Yes

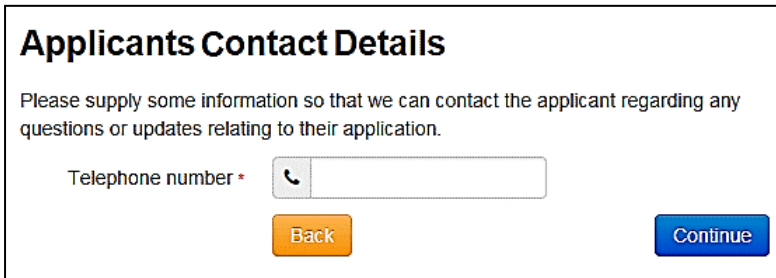

A message will always be sent to you via your Provider Portal account when changes are made to this application.

You may add some information below to record a phone number or address at which to contact the applicant when you receive any notifications from the authority.

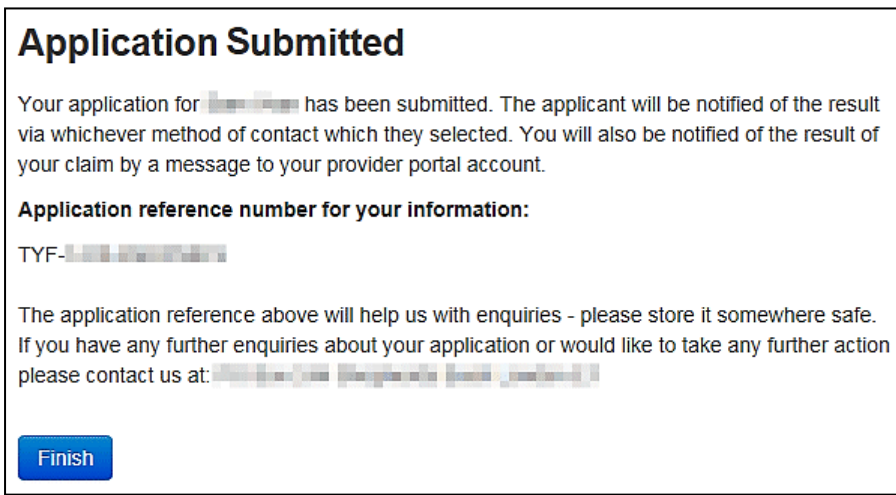

[Back](#) [Continue](#)

5. Select the preferred methods of contact.
6. If required, enter additional information into the text box.

7. Click the **Continue** button to display the **Applicant Contact Details** page.

8. Enter a **Telephone number**.
9. Click the **Continue** button to display the **Application Submitted** page

The application reference number is displayed.

Both the applicant and the provider will receive notification of the result.

10. Click the **Finish** Button.

Starting a Placement Notification

The provider can notify the Local Authority of funded placements for two year old children.

The placement must relate to a child who is two years old at the start of the funding period in which the proposed placement commences. These details are validated against those entered during the child's eligibility assessment for free early education for two year olds.

To start a placement notification:

1. Select **Provider Portal | Two Year Old Funding | User Home Page | Start Placement Notification** to display the **Placement Notification** page.

Placement Notification

You can notify the Local Authority of funded placements for 2 year old children using this facility. You may find it appropriate to see the child's birth certificate and proof of residence at this stage, although this is not strictly necessary until you submit a request for funding

Application Reference *		<input type="text"/>
Date of Birth *		<input type="text"/>
Start of placement *		<input type="text"/>
Surname *		<input type="text"/>
Forename		<input type="text"/>
		<input type="button" value="Cancel"/> <input type="button" value="Continue"/>

NOTE: If the name is longer than the field allows, the child needs to be added by the Local Authority via the v4 Client. A message is displayed. The message can be configured in the Provider portal via **Administration | Text Customisation**.

- Enter the **Application Reference** number.
- Enter the **Date of Birth**.
- Enter the **Start of Placement** date.
- Enter the **Surname**.
- Enter the **Forename**.
- Click the **Continue** button to display the **Application Summary** page. The page displays the following panels:
 - Application Details
 - Child Details
 - Applicant Details.
- Select the check box to confirm that the funded placement relates to the child for whom the application was approved.
- Click the **Agree and Continue** button to display the **Address Confirmation** page.

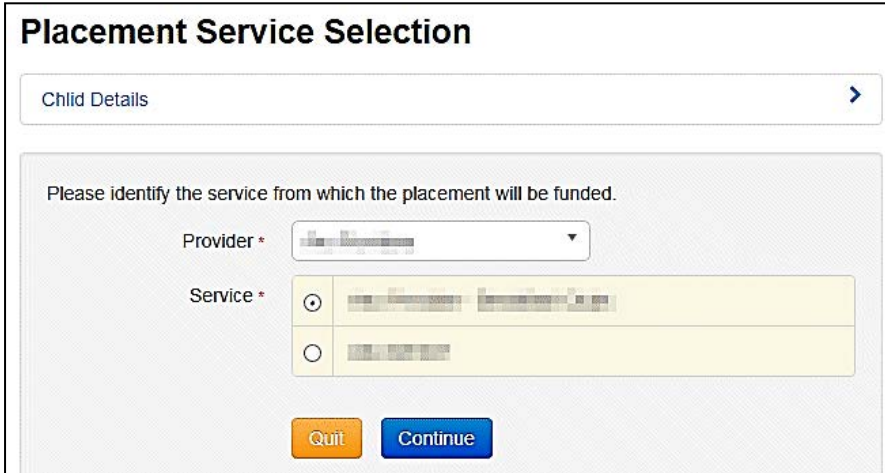

Address Confirmation

Child Details 

Name	<input type="text"/>
Gender	<input type="text"/>
Date of Birth	<input type="text"/>
Address	<input type="text"/>

Please confirm that the address shown above is the child's current address ?

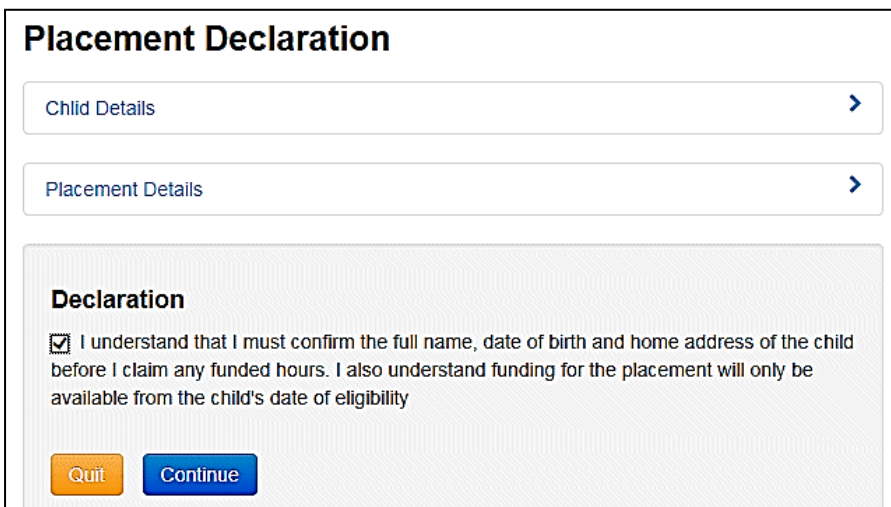

10. Verify the address. If it is correct, click the **Yes, it is correct** button to display the **Placement Service Selection** page. If it is wrong, click the **No, it is wrong** button to edit the details or select another address.

11. Select a **Service**. If the selected service is not marked as eligible for two year old funding, the placement will require approval by the local authority.

NOTE: The list displays active services only.

12. Click the **Continue** button to display the **Placement Declaration** page.

13. Select the check box to confirm that the child's details are correct and that funding will only be available from the child's date of eligibility.
14. Click the **Continue** button to display the **Placement Summary** page.

Placement Summary

The notification for a funded early education placement for a two year old has been submitted for approval. **You may not start claiming funded hours until you have received approval for this placement.**

You will receive a message in your portal inbox when we have made our decision regarding this application.

You should discuss with the parents/carers of [REDACTED] whether funded placements have been taken up with other settings in order to confirm whether funding may need to be shared.

Starting an Assisted Application as a Child Centre

Children's Centres can make an application for two year old funding on behalf of a parent with no IT facilities or if they language difficulties. This can be done only if the local authority has purchased a two year old funding licence.

Where possible, communication with the parent is through the children's centre using the Provider Portal.

The children's centre can make both economic and non-economic claims. For more information, see [Making a Child Centre Assisted Application on Economic Grounds](#) on page 42 and [Making a Children's Centre Assisted Application on Non-economic Grounds](#) on page 45.

A parent can ask a children's centre if a place is available for their child and the children's centre can check to see if the parent qualifies for funding.

The local authority must request the parent's preferred method of communication to notify them of any decision relating to their application; this can be via the children's centre. The children's centre also receives the notification.

In order to begin an assisted application, the children's centre must have the child's date of birth and current address. If these details are entered incorrectly, a new application has to be started.

To make an assisted application as a children's centre:

1. Select **Provider Portal | Two Year Old Funding | User Home Page | Start an Assisted Application as a Child Centre** to display the **Assisted Application** page.

Assisted Application

Please note: You will not be able to change the child's date of birth or postcode later in this process, if you wish to do so you will need to start a new application from this point.

Child's Date of Birth

Child's Postcode

2. Enter the **Child's Date of Birth**.
3. Enter the **Child's Postcode**.
4. Click the **Continue** button to display the **Add Child** page.

[Finish](#)

If the eligibility check was unsuccessful, the provider can:

- Edit the applicant details:
 - i. Click the **Edit Applicant Details** button to display the **Applicant’s Economic Information** page.
 - ii. Make any necessary changes.
 - iii. Click the **Continue** button to display **Declaration** page.
 - iv. Select the check box to confirm that you have read and agree to the declaration.
 - v. Click the **Confirm** button to display the **Eligibility Results** page.
- Perform an eligibility check on a second applicant:
 - i. Click the **Second Applicant Details** button to display the **Second Applicant Details** page.
 - ii. Enter a **Forename, Surname** and **Date of Birth**.
 - iii. Enter either a **National Insurance** number or an **Asylum Seekers** number.
 - iv. Select the check box to confirm that the second applicant has parental responsibility for the child and has given their consent to the application being made on their behalf.
 - v. Click the **Submit** button to display the **Eligibility Results** page.
- Request help from the local authority:
 - i. Click the **Request Help** button to display the **Request Help** page.
 - ii. Enter the details of the help request.
 - iii. If required, click the **Add File** button to attach any additional evidence.

- iv. Select **Yes** to consent to the LA performing an ECS check on the applicant's behalf.
- v. Click the **Continue** button to display the **Preferred Methods of Contact** page.
- vi. Select the preferred method of contact.
- vii. If required, a box is available to record additional information.
- viii. Click the **Continue** button to display the **Applicant's Contact Details** page.
- ix. Enter the applicant's telephone number.
- x. Click the **Continue** button to display the **Application Submitted** page.

The application reference number is given and a message informs the children's centre that the applicant will receive notification of the results via their chosen method of contact. The children's centre will also receive the notification via their provider portal account.

Making a Children's Centre Assisted Application on Non-economic Grounds

The children's centre can help the parent make a non-economic claim for two year old funding. This could be for a looked after child, or a SEN child.

To make a children's centre assisted application on non-economic grounds:

1. On the **Claim Type** page, click the **Claim on non-economic grounds** button to display the **Non-economic Criteria Selection** page.

Non-economic Criteria Selection

Select all of the criteria which applies to your application and please provide the details required for that criteria.

Please note that the maximum amount of evidence you can attach cannot exceed a total of 20MB

Looked After Child A "looked after child" is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services function.

Adoption, Residence Order or Special Guardianship Children who have left care but are not able to return home (through adoption orders, residence orders or special guardianship).

Child has a Special Educational Need (SEN) Has a current statement of Special Educational Needs or an Education, Health and Care plan.

Please provide details to support your claim relating to the above criteria Please attach any additional evidence relating to the above criteria

+ Add file

Child has a disability Is in receipt of Disability Living Allowance (DLA).

The parent/applicant has confirmed that they have parental responsibility for the child to whom this application relates and that the child resides with them. The parent/applicant has also confirmed that all information provided relating to this application is correct to the best of their knowledge and that this information can be shared for the benefit of their family

The parent/applicant has been made aware of these conditions and has confirmed that they are true

Back

2. Select the criteria which apply to the application.

Selecting a criteria displays a text box for you to provide additional details and an **Add file** button to attach additional evidence.

Two Year Old Funding Configuration

3. Select the check box to confirm that the applicant agrees with the declaration.
4. Click the **Continue** button to display the **Preferred Methods of Contact** page.

Preferred Methods of Contact

How would the applicant like to be contacted once we have reviewed their application.

Via Email No

Via Citizen Portal No
(only valid where the applicant has already created an account on Citizens Portal)

Via Provider Yes

A message will always be sent to you via your Provider Portal account when changes are made to this application.
You may add some information below to record a phone number or address at which to contact the applicant when you receive any notifications from the authority.

5. Select the preferred methods of contact.
6. If required, enter additional information into the text box.
7. Click the **Continue** button to display the **Applicant Contact Details** page.

Applicants Contact Details

Please supply some information so that we can contact the applicant regarding any questions or updates relating to their application.

Telephone number *

8. Enter a **Telephone number**.
9. Click the **Continue** button to display the **Application Submitted** page.

Application Submitted

Your application for [REDACTED] has been submitted. The applicant will be notified of the result via whichever method of contact which they selected. You will also be notified of the result of your claim by a message to your provider portal account.

Application reference number for your information:
TYF-[REDACTED]

The application reference above will help us with enquiries - please store it somewhere safe.
If you have any further enquiries about your application or would like to take any further action please contact us at: [REDACTED]

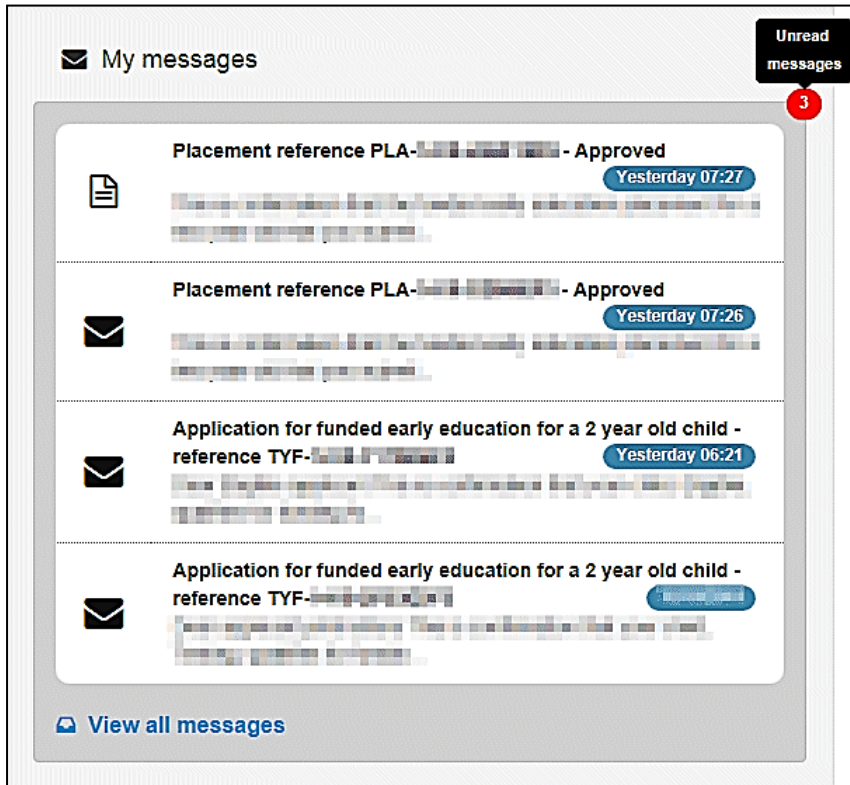

The application reference number is displayed.

Both the applicant and the provider will receive notification of the result.

- Click the **Finish** Button.

My Messages

Messages for the two year old funding manager are displayed via **Provider Portal | Two Year Old Funding | User Home Page**. The panel displays the latest messages, and indicates the total number of unread messages.

Click the **View all messages** link to display all received messages.

Select an individual message to view the full details.

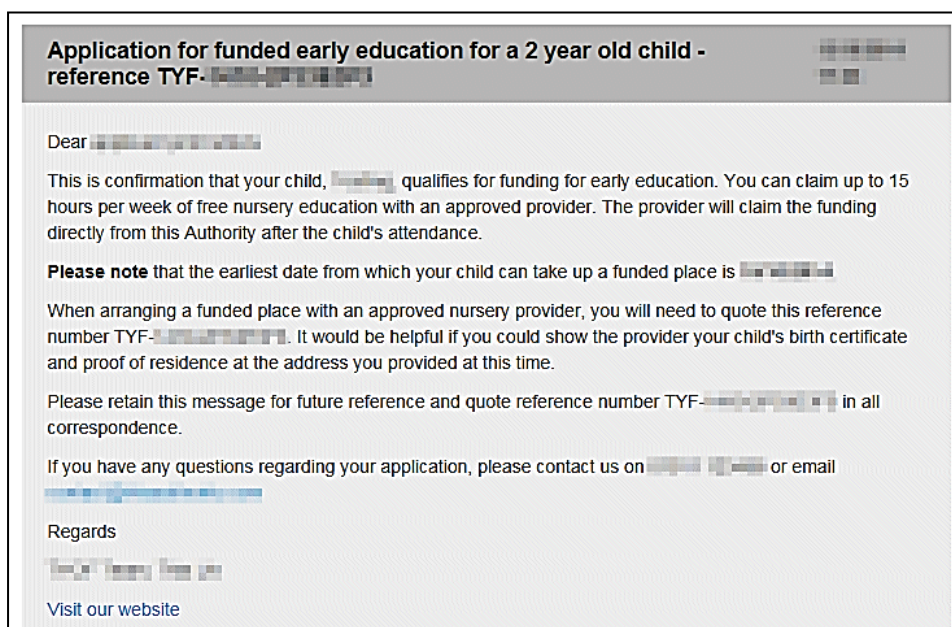

A placement message displays the following details:

- **Title** - type of application, reference number and status.
- **Placement Details**
 - Placement reference number, prefixed by PLA
 - Placement date
 - Service name
 - Placement entered by.
- **Child/Application Details**
 - TYOF application reference number, prefixed by TYF
 - Child's name
 - Child's date of birth
 - Eligibility date for start of funding
 - Current address.

■ Applicant Details

- Applicant name
- Relationship to child
- Contact details.

A two year old funding application message displays as a letter. As the LA can configure the contents according to their own requirements, the following graphic is an example.

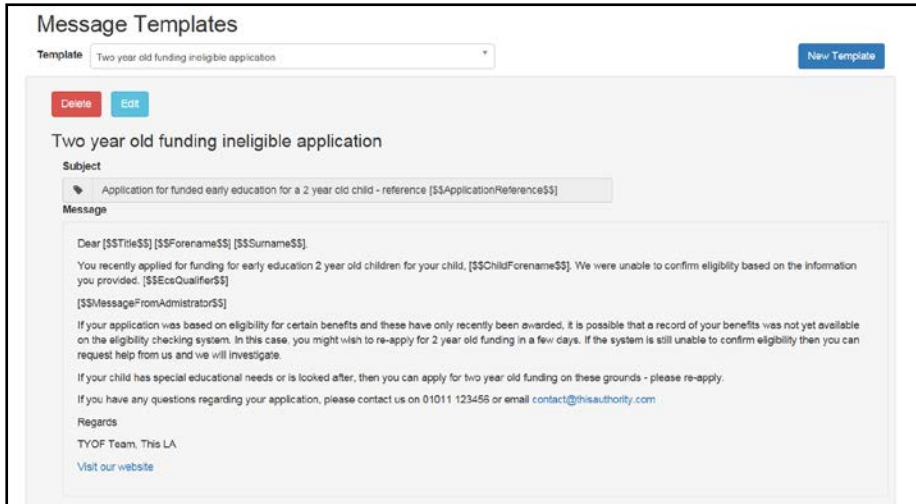

Interpreting the Qualifier Codes

When a check result for Two Year Old Funding comes back with a status of Not Found, a qualifier is also returned. This is interpreted and presented to the person carrying out the check:

- In the messages displayed whenever an ECS check is performed.
- In templates for system messages generated when an ECS check is performed.
- To administrators as part of the request help process following an unsuccessful ECS check.

The message displayed can be configured by the Local Authority via **Administration | Site Setup** as shown in the following graphic. For more information, see [Site Setup](#) on page 13.

NOTE: The message template for ineligible applications, **Two year old funding ineligible application** includes the qualifier.

The following table shows how the qualifier is interpreted:

Qualifier	Interpretation
Final	The check result stands and no further action is required.
Pending	The information to process the check is not yet available and could take up to 6 weeks. The check should be periodically re-run.
No Trace	The details entered may be incorrect. The parent should re-enter their details.
Manual Process	The parent should provide further evidence and the LA should raise a manual query on the ECS web portal.
Manual Query	
Found Pre-Thresholds	For both of these qualifiers, the child's Date of Birth is checked. If the child is born on or before 31/12/2015, the child is eligible and a Not Found result is converted to Found. Otherwise the result should stay as Not Found.
Found Pre-Thresholds Manual Process	

NOTE: The qualifier is displayed in the **Eligibility Check Result** on the **Application Details** page as shown in the following graphic:
For more information, see [Managing Two Year Old Funding Applications](#) on page 51.

06 / Two Year Old Funding Applications/Placements

Introduction to Two Year Old Funding Applications/Placements

When a Two Year Old Funding (TYOF) application is made, any child that has either not been successfully matched to a student in One, or that has been successfully matched, but there are differences (conflicts) between some details of the incoming child and the matched student, is processed via **v4 Online | Portal Back Office | Data Transfer**. The incoming students are listed under the 2YOF Dummy Base.

Two Year Old Funding administration is divided into the following areas:

- Manage applications and placements
- Search for submitted applications.

The **Manage Applications and Placements** area enables online applications for Two Year Old Funding to be reviewed by the local authority teams. For more information, see [Managing Two Year Old Funding Applications](#) on page 51.

The **Search for Submitted Applications** area enables a local authority administrator to search for submitted applications within a given date range. For more information, see [Searching For Two Year Old Funding Submitted Applications](#) on page 60.

More Information:

Matching Students via One Portal Back Office handbook available from the **One Publications** website via **Handbooks | One Self Service**.

Introduction to Making Applications section of the *One Early Years - Two Year Old Funding Citizen Portal* handbook available from the **One Publications** website via **Handbooks | Two Year Old Funding**.

Managing Two Year Old Funding Applications

Parents, carers or guardians can apply for two year old funding on economic or non-economic grounds. The majority of applications will be on economic grounds. The local authority manages the entire application process for non-economic applications, but only provides assistance when requested by economic applications. For more information, refer to the *Requesting Help* section of the *One Early Years - Two Year Old Funding Citizen Portal Handbook*.

If an economic application is successful, it is approved automatically and a message is sent from the local authority informing the parent, carer or guardian of the status of their application. Message details are not sent directly to the Citizen Self Service portal user. A notification is sent to the user's mailbox, informing them that they have a message in their portal account. The user must log in and authenticate with the Citizen Self Service portal, before they can view the message details. For more information, refer to the *Messages* section of the *One Early Years - Two Year Old Funding Citizen Portal Handbook*.

To manage two year old funding applications:

1. Select **Provider Portal | Home | Two Year Old Funding**.
2. Click the **Manage Applications and Placements** button to display the **Manage Applications** page.

Two Year Old Funding Applications/Placements

3. Select the type of tasks you want to view:
 - All Two year old funding and placement applications
 - Economic application help requests
 - Non-economic applications
 - Placement approvals.
4. Click the **Search** button to display the results according to the search criteria.

Applications found							
Application Type	Applicant	Child's name	Child's Dob	Submission Date	Provisional Eligibility/Placement Date	Application/Placement Reference	Status Show All Tasks <input type="checkbox"/>
Non-economic	[Link]	[Link]	[Link]	[Link]	[Link]	TYF-[Link]	Not Opened

 - Information provided to support application.

The application can be approved or rejected here. For more information, see [Approving an Application](#) on page 56 and [Rejecting an Application](#) on page 57.
 - Click the **Help Requested** button to display the **Application Details** page and view the query logged by the applicant for this application. Click the following links to expand the details:
 - Application Information
 - Child Details
 - Applicant Details
 - Messages
 - Application History
 - Information provided to support application.

Full details of the applicant's request for help are included here. For more information, see [Managing Help Requests](#) on page 55.

The application can be approved or rejected here. For more information, see [Approving an Application](#) on page 56 and [Rejecting an Application](#) on page 57.
 - Click the **Awaiting Information** button to display the **Application Details** page and view the additional information that has been requested by the local authority for this application. Click the following links to expand the details:

- Application Information
- Children’s Centre Details
- Child Details
- Applicant Details
- Messages
- Application History
- Information provided to support application.

The application can be approved or rejected here. For more information, see [Approving an Application](#) on page 56 and [Rejecting an Application](#) on page 57.

- Click the **Information Received** button to display the **Application Details** page and view the additional information that has been sent by the provider or citizen in support of this application.

The application can be approved or rejected here. For more information, see [Approving an Application](#) on page 56 and [Rejecting an Application](#) on page 57.

Requesting Further Evidence from Applicant

The Local Authority can request further evidence to support a two-year-old funding application.

A message is sent from the LA informing the applicant of the status of their application. A notification is sent to the user’s mailbox, informing them that they have a message in their portal account. The user must log in and authenticate with the Citizen Self Service portal to view the message details. For more information, refer to the *Responding to Requests* section of the *One Early Years - Two Year Old Funding Citizen Portal Handbook*.

1. Select **Provider Portal | Home | Two Year Old Funding**.
2. Click the **Manage Applications and Placements** button to display the **Manage Applications** page.

3. Search for the required application.
4. Click on the application to display the **Application Details** page.

This note will be visible to other administrators, but not to the applicant.
7. Enter a message to the applicant and click the **Send** button.

Managing Help Requests

If there is a problem when a parent, carer or guardian makes an economic application, they can request help from the local authority. For more information, see the *Requesting Help* section in the *One Early Years - Two Year Old Funding Citizen Portal Handbook*.

The request for help is managed via **Provider Portal | Home | Two Year Old Funding | Manage Applications and Placements | Manage Two Year Old Funding Applications/Placements**.

To manage help requests:

1. On the **Manage Two Year Old Funding Applications/Placements** page, search for **Economic application help requests**.

Application Type	Applicant	Child's name	Child's Dob	Submission Date	Provisional Eligibility/Placement Date	Application/Placement Reference	Status

Information provided to support application

Below is the query by the applicant for this application including any evidence attached

Help Requested For TYF-[Redacted]

Message [Redacted]

Back **Reply/Request further evidence from applicant** **Perform ECS Check** **Approve** **Reject** **Add Note**

The following actions can be performed from this page:

- Click the **Reply/Request further evidence from applicant** button to respond to the applicant or request further information. When the message is sent, the status is changed to **Awaiting Information**.

If required, select the check box to include a private note explaining the reason for the request. The note is added to the history of the application; it is visible to other administrators but not the applicant.

A message is sent from the local authority informing the parent, carer or guardian of the status of their application. Message details are not sent directly to the Citizen Self Service portal user. A notification is sent to the user's mailbox, informing them that they have a

message in their portal account. The user must log in and authenticate with the Citizen Self Service portal, before they can view the message details. For more information, refer to the *Messages* section of the *One Early Years - Two Year Old Funding Citizen Portal Handbook*.

- Click the **Perform ECS Check** button to verify if the application is eligible or not, according to the Eligibility Checking Service. If required, you must update the applicant's economic information prior to the ECS check.
- Click the **Approve** button to approve the application. If required, select the check box to include a private note explaining the reason for the approval. The note is added to the history of the application; it is visible to other administrators but not the applicant.

If information or evidence has been received from the applicant, click the **Approval** check box.

Click the **Approve** button again to display a confirmation message containing the following information:

- Claim approved. The applicant has been notified.
 - The claim will now appear as 'Approved' in your dashboard of tasks.
 - Details of the approved application – date and time sent, name of applicant, and application reference number.
- Click the **Reject** button to display the **Reject Application** page. If required, select the check box to include a private note explaining the reason for the rejection.

Select the check box to send a rejection message to the applicant, then enter the message.

Click the **Reject** button again to display a confirmation message containing the following information:

- Claim rejected. The applicant has been notified.
 - The claim will now appear as 'Rejected' in your dashboard of tasks.
 - Details of the rejected application – date and time sent, name of applicant, and application reference number.
- Click the **Add Note** button to add a note to the application. This text appears in the history of the application; it is visible to other administrators but not to the applicant.

Approving an Application

A two year old funding application is approved via **Provider Portal | Home | Two Year Old Funding | Manage Applications and Placements | Manage Two Year Old Funding Applications/Placements | Application Details**.

1. Select an application and click the **Status** button to display the **Application Details** page. An application can be approved irrespective of its status.
2. Click the **Approve** button to display the **Approve Application** page.
3. If required, select the check box to include a private note explaining the reason for the approval. The note is added to the history of the application; it is visible to other administrators but not the applicant.
4. Click the **Approve** button again to display a confirmation message containing the following information:
 - Claim approved. The applicant has been notified.
 - The claim will now appear as 'Approved' in your dashboard of tasks.

- Details of the approved application – date and time sent, name of applicant, and application reference number.

After the application has been approved, the parent receives a message in the format requested when they filled in the application form. This is the voucher that entitles the parent to claim two year old funding for their child. The two year old funding manager also receives a copy of the message. For more information, see [My Messages](#) on page 47.

If the parent loses the voucher, it can be resent by accessing the **Approved Application Details** page and clicking the **Resend Voucher** button. For more information, see [Resending a Voucher](#) on page 57.

Rejecting an Application

A two year old funding application is rejected via **Provider Portal | Home | Two Year Old Funding | Manage Applications and Placements | Manage Two Year Old Funding Applications/Placements | Application Details**.

1. Select an application and click the **Status** button to display the **Application Details** page. An application can be rejected irrespective of its status.
2. Click the **Reject** button to display the **Reject Application** page.
3. If required, select the check box to include a private note explaining the reason for the rejection. The note is added to the history of the application; it is visible to other administrators but not the applicant.
4. Select the check box to send a rejection message to the applicant, then enter the message.
5. Click the **Reject** button again to display a confirmation message containing the following information:
 - Claim rejected. The applicant has been notified.
 - The claim will now appear as 'Rejected' in your dashboard of tasks.
 - Details of the rejected application – date and time sent, name of applicant, and application reference number.

Resending a Voucher

If a parent loses their voucher for two year old funding, it can be re-issued.

To resend a two year old funding voucher:

1. Select **Provider Portal | Home | Two Year Old Funding | Manage Applications and Placements** to display the **Manage Two Year Old Funding Applications/Placements** page.
2. Select the **Approved** application to display the **Application Details** page.
3. Click the **Resend Voucher** button to display the **Resend Voucher** page.
4. Select one of the following methods for the applicant to receive the funding details again:
 - **By Email** – this can be the parent, provider or child centre.
 - **Via Citizen Portal Account** – enter the email address of the citizen portal account.
 - **Printed Copy** – the system generates a letter for you to print.

Managing Two Year Old Funding Placements

After the application has been approved, a message is received by the provider and/or parent in the format requested on the application form. This is the voucher that entitles the parent to claim two year old funding for their child.

The parent takes the voucher to the provider or child centre. The provider or child centre check the details and notify the Local Authority of a funded placement.

A placement cannot be processed until the child’s application has been approved and the child’s record has been cleared via the Portal Back Office.

If the placement meets all validations, it is automatically approved by the LA. Only placements that need to be manually approved are displayed on this page.

To manage two year old funding placements:

1. Select **Provider Portal | Home | Two Year Old Funding | Manage Applications and Placements** to display the **Manage Two Year Old Funding Applications/Placements** page.
2. Select **Placement Approvals** and click the **Search** button to display the placements that need to be approved.

Select the **Show All Tasks** check box to include all placements that have already been approved or rejected. You may need to do this to resend the placement outcome message.

Application Type	Applicant	Child's name	Child's Dob	Submission Date	Provisional Eligibility/Placement Date	Application/Placement Reference	Status
Placement						PLA-XXXXXXXXXX	Awaiting Information
Placement						PLA-XXXXXXXXXX	Opened
Placement						PLA-XXXXXXXXXX	Rejected
Placement						PLA-XXXXXXXXXX	Approved
Placement						PLA-XXXXXXXXXX	Not Opened

3. Click a **Status** button to display the **Task Details** page.

- The claim will now appear as 'Approved' in your dashboard of tasks.
- Details of the approved application – date and time sent, name of provider, and placement reference number.

- Click the **Reject** button to display the **Reject Application** page. If required, select the check box to include a private note explaining the reason for the rejection.

Select the check box to send a rejection message to the provider, then enter the message.

Click the **Reject** button again to display a confirmation message containing the following information:

- Claim rejected. The provider has been notified.
- The claim will now appear as 'Rejected' in your dashboard of tasks.
- Details of the rejected application – date and time sent, name of provider, and placement reference number.

- Click the **Add Note** button to add a note to the application. This text appears in the history of the application; it is visible to other administrators but not the provider.

More Information:

[My Messages](#) on page 47.

[Starting a Placement Notification](#) on page 36.

[Resending a Placement Notification](#) on page 60.

For information regarding using the Portal Back Office, refer to the *One Portal Back Office* handbook available on the **One Publications** website.

Resending a Placement Notification

If a parent loses their placement notification, it can be re-issued.

To resend a placement notification:

1. Select **Provider Portal | Home | Two Year Old Funding | Manage Applications and Placements** to display the **Manage Two Year Old Funding Applications/Placements** page.
2. Select the **Show all Tasks** check box and select an **Approved** placement application to display the **Task Details** page.
3. Click the **Resend Placement Outcome Message** button. A confirmation message displays confirming that the message has been sent.

Searching For Two Year Old Funding Submitted Applications

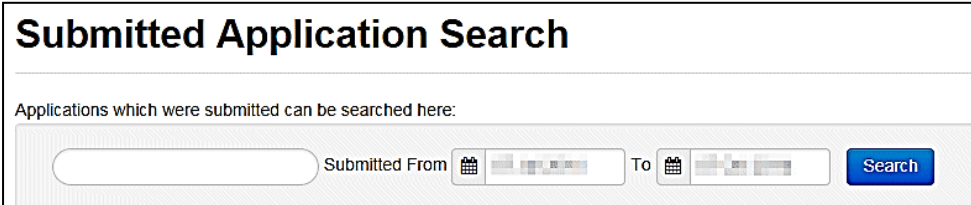

The local authority manages the entire application process for non-economic applications, but only provides assistance when requested by economic applications.

It is possible, however, to search for both economic (including economic help requests) and non-economic applications. The majority of applications submitted by parents, carers or guardians are economic applications.

If an economic application is successful, it is approved automatically and a message is sent from the local authority informing the parent, carer or guardian of the status of their application. Message details are not sent directly to the Citizen Self Service portal user. A notification is sent to the user's mailbox, informing them that they have a message in their portal account. The user must log in and authenticate with the Citizen Self Service portal, before they can view the message details.

To search for two year old funding applications:

1. Select **Provider Portal | Home | Two Year Old Funding | Search for Submitted Applications** to display the **Submitted Application Search** page.

Submitted Application Search

Applications which were submitted can be searched here:

Submitted From To

The **To** date is automatically populated with the system date. The **Submitted From** date is automatically populated with a date 3 months prior to the system date.

2. If known, enter an applicant's name, a child's name or an application reference number, this is optional.
3. Select a **Submitted From** and **To** date.

- Click the **Search** button to display the submitted applications according to the search criteria.

Application Type	Applicant	Child's name	Child's Dob	Submission Date	Provisional Eligibility Date	Application Reference	Status
Economic A	[Redacted]	[Redacted]	[Redacted]	[Redacted]	[Redacted]	TYF-[Redacted]	Approved
Economic CC	[Redacted]	[Redacted]	[Redacted]	[Redacted]	[Redacted]	TYF-[Redacted]	Opened
Economic help request	[Redacted]	[Redacted]	[Redacted]	[Redacted]	[Redacted]	TYF-[Redacted]	Help Requested
Economic help request	[Redacted]	[Redacted]	[Redacted]	[Redacted]	[Redacted]	TYF-[Redacted]	Awaiting Information
Non-economic	[Redacted]	[Redacted]	[Redacted]	[Redacted]	[Redacted]	TYF-[Redacted]	Not Opened
Economic	[Redacted]	[Redacted]	[Redacted]	[Redacted]	[Redacted]	TYF-[Redacted]	Approved

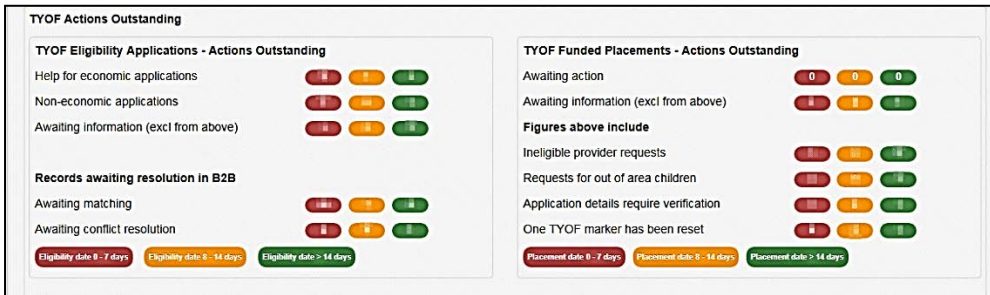

An **Economic (A)** application is a Provider Assisted application.

An **Economic (CC)** application is a Child Centre Assisted application.

- Click a **Status** button to display the **Application Details** page and process the application. For more information, see [Managing Two Year Old Funding Applications](#) on page 51.

Actioning Dashboard Tasks

The read-only **Dashboard Tasks** panel is available on the **Two Year Old Funding (TYOF) Home** page. The dashboard displays counts of outstanding tasks that the funding manager's team need to action. It is only visible to users who have the role of two year old funding manager.

The following information is displayed:

- TYOF Eligibility Applications** – information relating to outstanding eligibility checks. This refers to application records that have been submitted to the Local Authority (LA) for approval, but they have not been approved, rejected or closed.
- TYOF Funded Placements** – information relating to outstanding placement notifications. These relate to placement records that have been submitted to the LA for approval, but they have not been approved or rejected.
- Records awaiting resolution in B2B** – information relating to outstanding B2B processing. These figures relate to children's records submitted to B2B processing from eligibility checks.

The count for eligibility dates and placement dates are based on a traffic light system:

- Red – within the next 7 days.
- Amber – between 8 and 14 days.
- Green – 15 days and longer.

A more detailed **Dashboard** is accessed via the **Two Year Old Funding** drop-down at the top of the page.

Counts presented on this page relate to the period defined by the dates below. These dates are defaulted to the first day of the current funding period and today's date, but they can be changed to review counts for any period. A key is provided below each section.

This dashboard enables you to view the following information:

- Submitted applications for TYOF during the period.

Two Year Old Funding Applications/Placements

- Children identified as eligible for TYOF during the period.

- Takeup of TYOF for eligibility applications made during the period.

- TYOF placements submitted during the period.

- Placements actioned by the LA during the period.
