02 / Introduction to Children in Employment and Entertainment

Overview of Children in Employment and Entertainment

Children in Employment and Entertainment (CIEE) is part of the Applications module within One v4 Online. There are two separately licensed modules, Children in Employment and Children in Entertainment. Although there is some shared functionality, each area also has specially tailored tools.

The Children in Employment area is used to maintain child employment applications, employer details and generate work permits when an application is approved. The module can also maintain the working hours and licence conditions for each application.

The Children in Entertainment module is used to maintain applications and issue licences for children involved in entertainment. This area is also used to maintain chaperone applications, including the recording of all the registration processes and generating chaperone licences. The Children in Entertainment area also maintains the details of each employer, including details of performances, associated child performers and their performing schedule.

Using this Handbook

To make the information in this handbook easier to find, topics are generally grouped into module specific chapters. These chapters are grouped together with other chapters related to the specific area.

The first chapters of this handbook cover the configuration and usage of the Children in Employment module and the second part covers the configuration and usage of the Children in Entertainment area.

Permissions

CIEE uses business processes to determine the user groups that have access to specific CIEE functionality. User groups are assigned Read, Read-Write, Read-Write-Delete or Deny permissions to each CIEE business processes. Permissions are maintained in the One v4 Client. One System Administrators should create user groups with the desired level of access to the following business processes and main business processes:

| Main Business Process | Business Process | Read | Read-Write | Read-Write-Delete | Deny |
|-----------------------|--|------|------------|-------------------|------|
| CIEE | | | | ✓ | |
| | Children in Employment | | | ✓ | |
| | Children in Entertainment | | | ✓ | |
| | CIEE - Common | | | ✓ | |
| | Employment Routine | | ✓ | | |
| | Entertainment associated Chaperone | | | ✓ | |
| Bases | Permissions for these main business processes can be set to whatever the required level is for the selected user group, however they <u>cannot</u> be set to Deny. | | | | |
| Student Data | | | | | |
| Person Administration | | | | | |

More Information:

RG_Permissions reference guide available from the One Publications website (<http://www.onepublications.com>).

03 / Configuring Children in Employment

Introduction

One Administrators can configure Children in Employment via the **Administration** area.

There are two employment related configuration tabs, **Employment Defaults** and **Terms and Conditions Defaults**.

For organisations that have migrated an existing version of the CIEE software from the One v3 Client to One v4 Online, your administration settings are maintained. However, you can edit these settings in the One v4 Online if required.

For organisations setting up CIEE for the first time, complete these procedures to configure your system as required.

Understanding the Employment Defaults Options

The **Employment Defaults** tab is accessed via **Applications | Administration | CIEE** and is used to configure the following key areas of the employment related CIEE software:

- Employment Defaults
- Work Permit Conditions
- Work Permit Reports
- Work Permit Reprint Reason
- Working Hours.

Employment Defaults

Employment Defaults are used to prepopulate selected fields when a user is recording employment applications and work permits. The following table provides the default value for each employment default item, what it controls and where it used in the software.

| Name | Description/Location |
|-----------------|--|
| LA Code | The prefix that is used to generate the Employment Card Number displayed on an employment application when a work permit is generated. This is alpha-numeric (upper case only) and must contain 4 characters. |
| Default Terms | The text entered here is added automatically to the Term and Conditions text box in the Terms and Conditions tab when an employment application is created. The text can be edited in the application directly, if required. |
| Default Visitor | This is the default person in the Visitor field when adding an employment inspection report via the Employer Details Inspection tab. |

| Name | Description/Location |
|---------------------|---|
| Default end date to | <p>This is the default value for the employment End Date used when creating a new employment application. When a Start Date is entered and the user tabs out of the field, the End Date is calculated automatically using the selected default method.</p> <p>Maximum School Leaving date - This will use the Start Date of the employment record together with the child's date of birth to calculate the last day of the child's compulsory school education. This date will be the last Friday in June of the year that they turn 16.</p> <p>One Year from Start Date - This will use the Start Date of the employment record and calculate the end date as one year on from the Start Date, i.e. a start date of 09/11/2001 will calculate an end date of 09/11/2002.</p> <p>Blank - There is no generated automatically default End Date provided.</p> |

Work Permit Conditions

When any of these options is selected, the LA must obtain and record permission for each of the selected entities. If permission is not recorded in the **Authorisation** section of the **Terms and Conditions** tab, you cannot generate a work permit. The available permit conditions are:

- Parent/Carer Authorisation
- EWO
- LA Approval
- Employer
- Head Teacher Approval

Work Permit Reports

Before any work permits can be created in One v4 Online, a work permit report must be selected. The work permit report is a Crystal Report that CIEE uses to format the information contained in an employment application and to create the printable version of the work permit. Click the browse button to select the Crystal Report you wish to use when generating the work permit and also the default number of copies.

Work Permit Reprint Reason

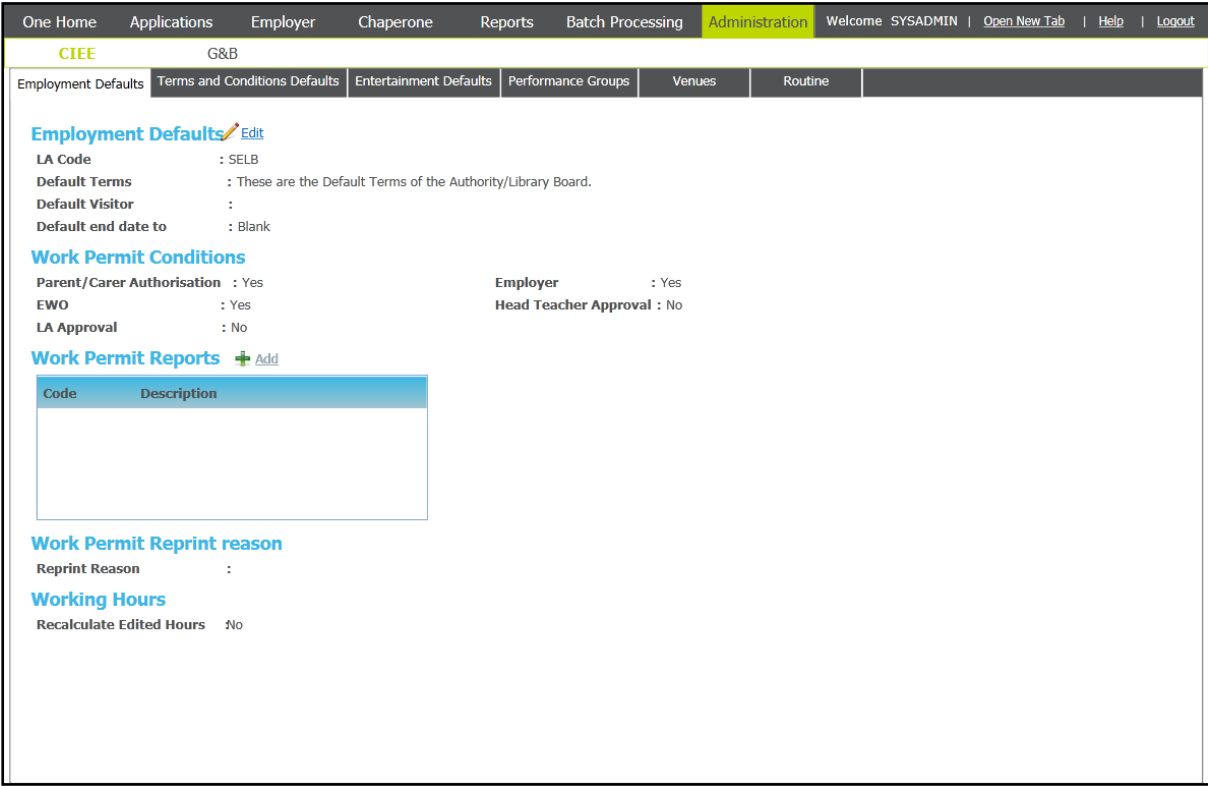

Select the default **Reprint Reason** that is displayed when a user attempts to reprint a work permit.

Working Hours

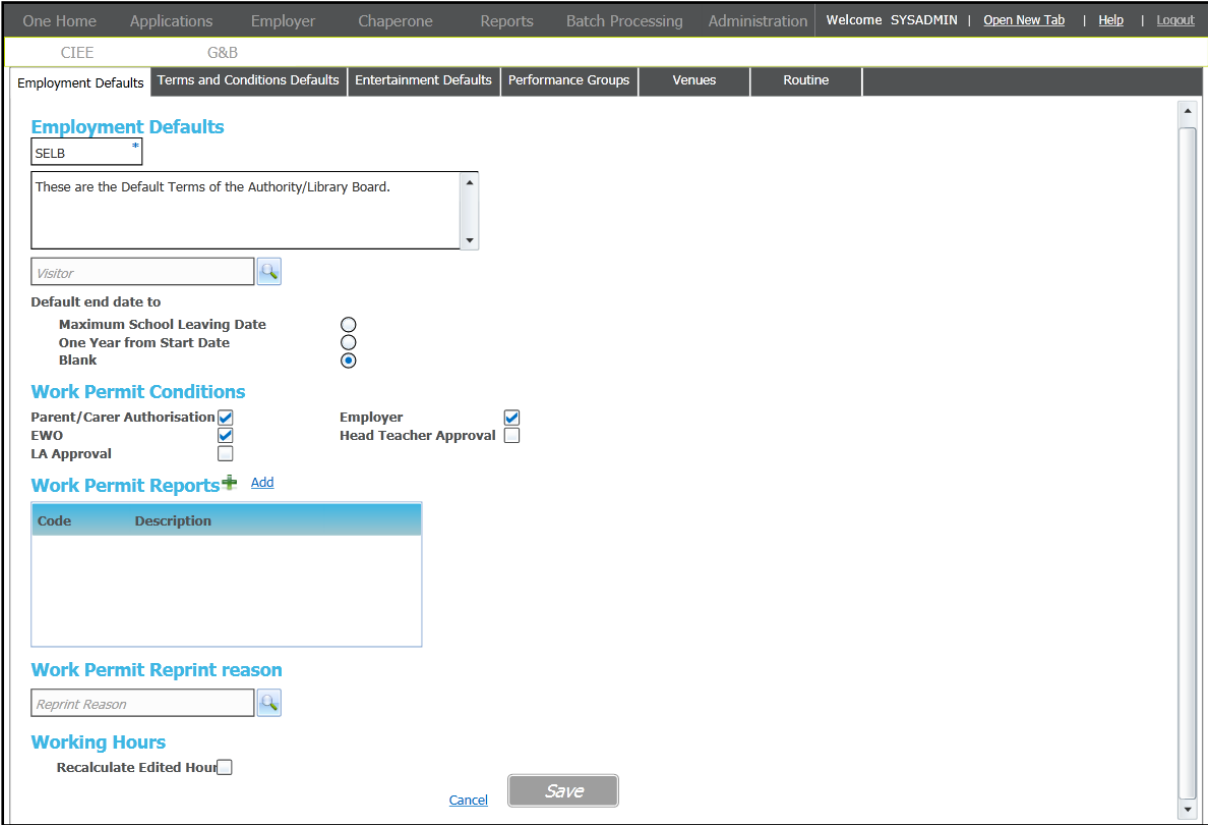

The **Recalculate Edited Hours** check box determines if One calculates automatically the total hours of work when adding working hours in the **Working Hours** tab of an employment application. If selected, One calculates automatically the **Total Term Time** and **Total Holiday Time** values when recording working hours via the **Days of the week** method. If not selected, the user must update the total values manually.

Editing Employment Defaults Options

- 1. Select the **Administration** area and ensure the **CIEE** page is selected.
- 2. Ensure the **Employment Defaults** tab is open.

- 3. Click the **Edit** hyperlink to enable editing.

4. Make any required changes. For more information on each value, see [Understanding the Employment Defaults Options](#) on page 9.
5. After making the required changes, click the **Save** button to record the updates.

Adding a Work Permit Report

To add a work permit report, complete the following procedure:

1. Open the **Employment Defaults** tab and enable editing. For more information, see [Editing Employment Defaults Options](#) on page 11.
2. Click the **Add** button adjacent to the **Work Permit Reports** section to display the **Select Workpermit Reports** dialog.
3. If necessary, enter text in the text box to filter the report list.
4. Select the check box adjacent to the reports to wish to add.
5. Click the **Select** button to add the reports.

Removing a Work Permit Report

To add a work permit report, complete the following procedure:

1. Open the **Employment Defaults** tab and enable editing. For more information, see [Editing Employment Defaults Options](#) on page 11.
2. Click the **Remove** button adjacent to the work permit report you wish to display the **Remove Work Permit** dialog.
3. Click the **Yes** button to remove the report.

Adding Predefined Text for Terms and Conditions Details

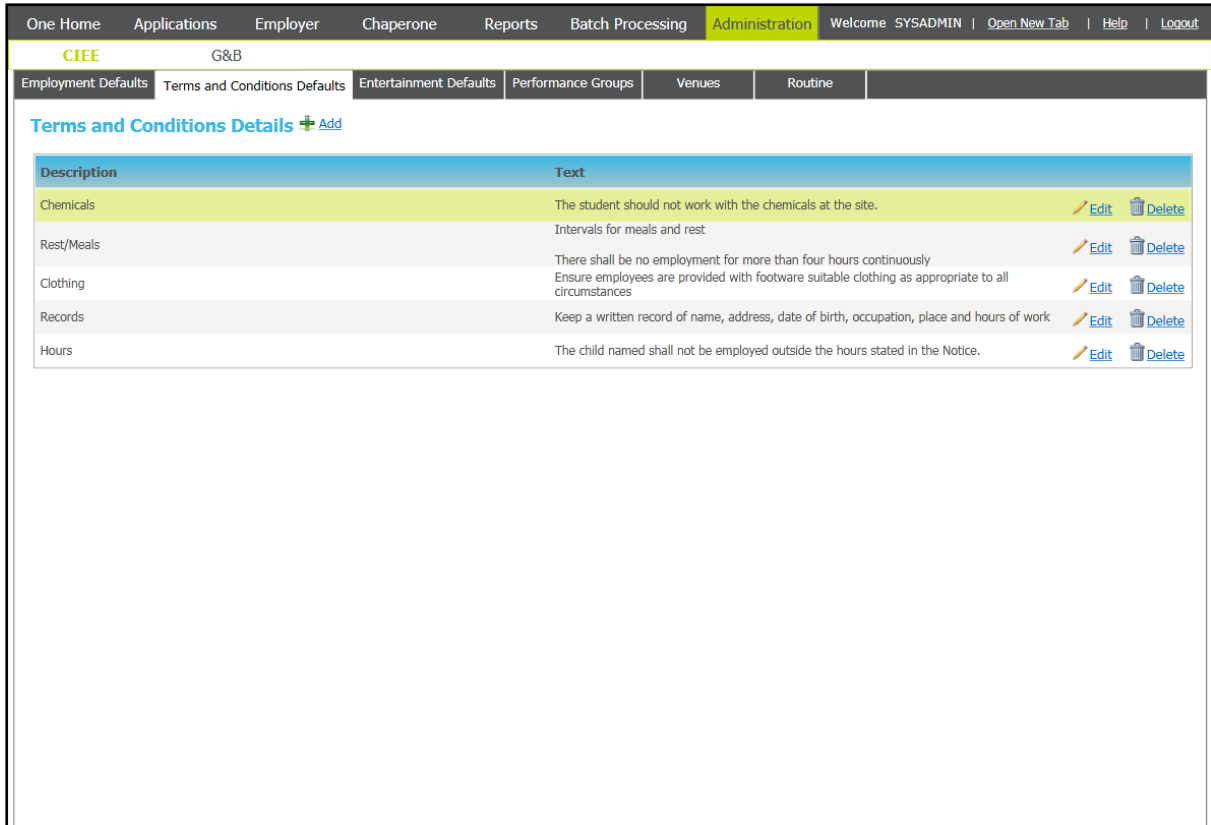

You can add text to employment applications to indicate any special terms or conditions that apply to the student's employment. These additional terms and conditions are included in the work permit.

To help users save time, you can add commonly used text in the **Terms and Conditions Defaults** tab. Items added here are available for users to quickly add in the text editor, accessed in the **Terms and Conditions** tab of an employment application.

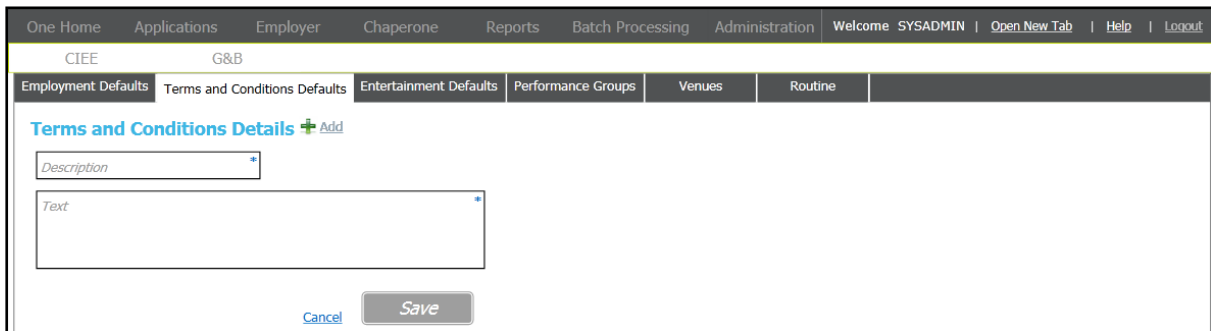

When creating a new piece of text, you must enter a **Description** and **Text**. Users see the **Description** when they click the **Append Text** drop-down list in the **Terms and Conditions** text editor. When the user clicks the **Append** hyperlink, the predefined text is added to the text editor.

To create additional predefined text, complete the following procedure:

1. Select the **Administration** area and ensure the **CIEE** page is selected.
2. Select the **Terms and Conditions Defaults** tab.

3. Click the **Add** hyperlink to display blank **Description** and **Text** fields.

4. Enter a **Description**.
5. Enter the **Text**.
6. Click the **Save** button to add the item to the **Terms and Conditions Details** list.

Editing Predefined Text for Terms and Conditions Details

1. Select the **Administration** area and ensure the **CIEE** page is selected.
2. Select the **Terms and Conditions Defaults** tab.
3. For the entry you wish to update, click the **Edit** hyperlink to enable editing.
4. Make the required updates.
5. Click the **Save** button to record the changes.

Deleting Predefined Text for Terms and Conditions Details

1. Select the **Administration** area and ensure the **CIEE** page is selected.
2. Select the **Terms and Conditions Defaults** tab.
3. For the entry you wish to delete, click the **Delete** hyperlink to display the **Terms and Conditions Defaults** confirmation dialog.
4. Click the **Yes** button to delete the text.

04 / Creating Employment Applications and Work Permits

Introduction

After configuring the Child in Employment area, you can create applications and issue work permits. In order to create a work permit that can be printed and distributed to the relevant parties, you must complete the following six steps.

1. Create a basic employment application.
2. Add working hours.
3. If required, add terms and conditions.
4. If required, record any authorisation details.
5. Generate and print the work permit.

Although the intermediary steps can be completed in any order, the first step must always be to create an employment application and the final step must always be to issue and print the work permit.

Understanding Employment Application Status Codes

An employment application requires an **Application Status**. By default, there are nine status codes, although a One administrator can alter these in the One v4 Client. Most of the codes are for your reference only and do not affect the application directly. However, only applications with a status of **APP** or **REV** can be used to generate a work permit.

| Code | Description |
|------|--|
| APP | Approved - The default status for all applications. |
| AI | Awaiting Information. |
| DRFT | Applications can be saved as drafts without completing all fields and can then be searched for and completed at a later date. When all the mandatory information is available a draft application can be assigned another status e.g. Approved |
| ISS | Issued - The application has been approved and the LA has generated the work permit. This status cannot be selected manually; it is set automatically when the licence is generated. |
| QUE | Query. |
| REF | Referred. |
| REJ | Rejected. |
| REV | Revised – The application has been updated and needs to be reissued. |

| Code | Description |
|------|------------------------|
| WIT | Withdrawn. |
| OL | Working in another LA. |

Creating a New Employment Application

The first step in issuing a work permit is to create an application that links a student to an employer. Each application can have only one student associated with it. After creating the basic application, you must add working hours and authorisations (if any are required) before generating and printing the work permit.

1. From the One homepage, click the **Applications** button to display the **Applications** area.
2. Click the **Add New Application** hyperlink to display the **Add New Application** dialog.

3. Select the **Employment Application** radio button then click the **Select** button to display the **Add New Employment Application** page.

- Click the **Employer Name** browse button to display the **Select an Employer** browser and choose the required employer.

Alternatively, you can **Add New Employer** or **Add Employer from Bases**. For more information, see [Creating a New Employer](#) on page 70.

- To add an existing student, click the **Student Name** browse button to display the **Select Student** dialog.

If you need to search for students with different search criteria, enter the new search criteria then click the **Freeze & Search** button. The students you have already selected remain selected and the students that meet your new search criteria are displayed below a red line.

Alternatively, you can **Add New Student**. For more information, see [Creating a New Student to Add to an Application](#) on page 99.

- Search for and select the required students then click the **Select** button to add the students to the application.

Add Photo Delete Photo

Cancel Create Application

7. Select an **Application Status**, **Application Received Date**, **Employment Type** and **Employer Contact**. These are mandatory.
8. If known, enter a **Start Date** and **End Date** for the application.
9. Click the **Create Application** button to create the basic application and display its details. If you created applications for multiple students, the application for the first student selected is displayed.

The screenshot shows the CIEE application management interface. At the top, there is a navigation bar with tabs for One Home, Applications, Employer, Chaperone, Reports, Batch Processing, and Administration. Below this, there is a header area with the CIEE logo and user information. The main content area is divided into two columns: 'View Employer Details' and 'View Student Details'. The employer details include Business Category (Butcher), Address (23 Avenue, shire, MI S), Current Contact (C...d), Phone, Email, and Parent Company. The student details include Student ID (9...), DOB (2...99), NCY, and Registered Base (PRU). Below these details are buttons for 'Generate Workpermit', 'Delete Application', and 'Back to Application Search'. The 'Employer Applications' tab is selected, showing an 'Application Summary' with fields for Active (Yes), Application Status (Awaiting Information), Employer Contact (Mr T...), Application Received (10/02/2015), Application Entered (10/02/2015), Start Date (11/02/2015), End Date, Employment Type (Counter Assistant), and Employment Card No (SELB000082). There is also a 'Working Hours' section with Term Time (00:00 hours) and Holiday Time (00:00 hours). A profile picture of a person is shown on the right side of the application summary.

After the basic application is created, you must add working hours and record any authorisation requirements before generating the work permit.

TIPS: If you created multiple applications, click the **Back to Application Search** hyperlink, to display a list of other applications that you created at the same time.

To view all the other applications for the employer associated with the currently open application, select the **Employer Applications** tab.

More Information:

- [Adding Working Hours](#) on page 19
- [Editing Terms and Conditions](#) on page 24
- [Editing Authorisation Details](#) on page 25
- [Generating and Printing a Work Permit](#) on page 28
- [Adding a Photo to a CIEE Application](#) on page 99

Adding Working Hours

Working hours can be entered using one of the following methods:

- by day of the week
- daily hours
- total hours per week
- total hours per month.

You can add different hours for term time and holiday time.

Adding Working Hours for Specific Days and Times

You can enter hours for specific times on specific days of the week. Hours can be assigned as **session 1/session 2 hours** or as daily hours, but only one method can be used per day.

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Select the **Working Hours** tab to display the **Working Hours** grid.

The screenshot shows the 'Working Hours' tab selected. At the top, there are navigation tabs: 'Basic Details', 'Working Hours', 'Terms and Conditions', and 'Employer Applications'. Below the tabs, there is a 'Working Hours' header with an 'Edit' link and navigation links: '<Previous (Revision 1 of 1) Next> Last Updated Information'. The 'Start Date' is 27/01/2017 and the 'End Date' is 14/07/2017. A 'Memo' field is also present. The main section is titled 'Term Time' and contains a table with the following structure:

| Day | Session 1 | | | Session 2 | | | Daily Hours | | |
|-----------|-----------|----|-------|-----------|----|-------|-------------|----|-------|
| | From | To | Hours | From | To | Hours | From | To | Hours |
| Monday | | | | | | | | | |
| Tuesday | | | | | | | | | |
| Wednesday | | | | | | | | | |
| Thursday | | | | | | | | | |
| Friday | | | | | | | | | |
| Saturday | | | | | | | | | |
| Sunday | | | | | | | | | |

At the bottom of the grid, there is a 'Total Term Time:' label.

3. Click the **Edit** hyperlink to enable editing.

The screenshot shows the 'Working Hours' tab with the 'Edit' link highlighted. The 'Start Date' is 27/01/2017 and the 'End Date' is 14/07/2017. A 'Memo' field is also present. The main section is titled 'Term Time' and contains radio buttons for 'Days of the week' (selected), 'Total hours per week', and 'Total hours per month'. The table structure is the same as in the previous screenshot, but each cell now contains an input field for time (hh:mm):

| Day | Session 1 | | | Session 2 | | | Daily Hours | | |
|-----------|-----------|-------|-------|-----------|-------|-------|-------------|-------|-------|
| | From | To | Hours | From | To | Hours | From | To | Hours |
| Monday | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm |
| Tuesday | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm |
| Wednesday | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm |
| Thursday | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm |
| Friday | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm |
| Saturday | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm |
| Sunday | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm |

4. Select the **Start Date** for the working hours pattern.
5. To enter working hours for specific days, enter the required hours in the appropriate **From** and **To** fields.
6. If the student is working the same hours every weekday, you can enter the hours in the **Monday** row then click the **Copy Hours** hyperlink to add the hours to **Tuesday** through **Friday**.

Basic Details Working Hours Terms and Conditions Employer Applications

Start Date: 27/01/2017 End Date: 14/07/2017 Memo:

Term Time

Days of the week Total hours per week Total hours per month

| Day | Session 1 | | | Session 2 | | | Daily Hours | | |

| Tuesday | 06:00 | 07:00 | 01:00 | 16:00 | 17:00 | 01:00 | hh:mm | hh:mm | hh:mm |
| Wednesday | 06:00 | 07:00 | 01:00 | 16:00 | 17:00 | 01:00 | hh:mm | hh:mm | hh:mm |
| Thursday | 06:00 | 07:00 | 01:00 | 16:00 | 17:00 | 01:00 | hh:mm | hh:mm | hh:mm |
| Friday | 06:00 | 07:00 | 01:00 | 16:00 | 17:00 | 01:00 | hh:mm | hh:mm | hh:mm |
| Saturday | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm |
| Sunday | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm | hh:mm |

Total Term Time: 10:00 hours

NOTE: If enabled by the system administrator, when entering working hours as **Days of the week**, the **Hours**, **Total Term Time** and **Total Holiday Time** hours are calculated automatically and cannot be changed. However, if this functionality is disabled by your One administrator, you will have to enter the values manually. For more information, see [Working Hours](#) on page 10.

- If required, enter the **Holiday Time** working hours.

If the student will work the same hours in holiday time, click the **Copy to Holiday Time** hyperlink to populate the holiday working hours.

- Click the **Save** button to record the working hours.

Adding Working Hours as Daily Hours, Total Hours Per Week or Total Hours Per Month

In addition to recording working hours for specific days and times, you can also record them for generic time periods, including the total working hours for a day, week or month.

- Open the required application. For more information, see [Opening an Application](#) on page 100.
- Click the **Working Hours** tab to display the **Working Hours** grid.

| Wednesday | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> |
| Thursday | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> |
| Friday | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> |
| Saturday | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> |
| Sunday | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> | <input type="text" value="hh:mm"/> |

- Select the **Start Date** on which the working hours will begin.
- Select the radio button for the method you wish to use to record the working hours.

6. Enter the required hours in the **hh:mm** field. The surrounding text adjusts depending on the radio button selected.
7. If required, enter the **Holiday Time** working hours.
If the student will work the same hours in holiday time, click the **Copy to Holiday Time** hyperlink to populate the holiday working hours.
8. Click the **Save** button to record the working hours.

Revising Working Hours

It is possible to edit a student's working hours to reflect changes in their working time arrangements. However, to maintain a historical record of the working schedule, a new **Start Date** must be entered before saving. This creates a new revision record. Any revisions can be viewed, but only the most recent revision can be edited. Additionally, any new start date must be after the previous revision's start date.

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Select the **Working Hours** tab to display current working hours.

3. Click the **Edit** hyperlink to enable editing.
4. Make the required changes to the working hours. For more information, see [Adding Working Hours for Specific Days and Times](#) on page 20 or [Adding Working Hours as Daily Hours, Total Hours Per Week or Total Hours Per Month](#) on page 21.

5. Select a new **Start Date**.

IMPORTANT NOTE: If you do not update the **Start Date**, when the record is saved, the existing record is overwritten and no revision record is created.

6. Click the **Save** button to display the **Working Hours** confirmation dialog.

7. Click the **Yes** button to record the working hour changes.

Basic Details Working Hours Terms and Conditions

Working Hours [Edit](#) [<Previous \(Revision 2 of 2\)](#) [Next: Last Updated Information](#)

Start Date: 25/05/2013 End Date: Memo:

Term Time
Total Hours Per Week: 10.00 hours

Holiday Time
Total Hours Per Week: 20.00 hours

Editing Terms and Conditions

The **Terms and Conditions** tab consists of two areas, the **Terms and Conditions** text box and the **Authorisation** section. The **Terms and Conditions** text box enables you to view and enter specific information related to the student's employment. The **Authorisation** area enables you to view and edit information related to the permissions granted by interested parties, such as parents and Local Authorities. For more information, see [Editing Authorisation Details](#) on page 25.

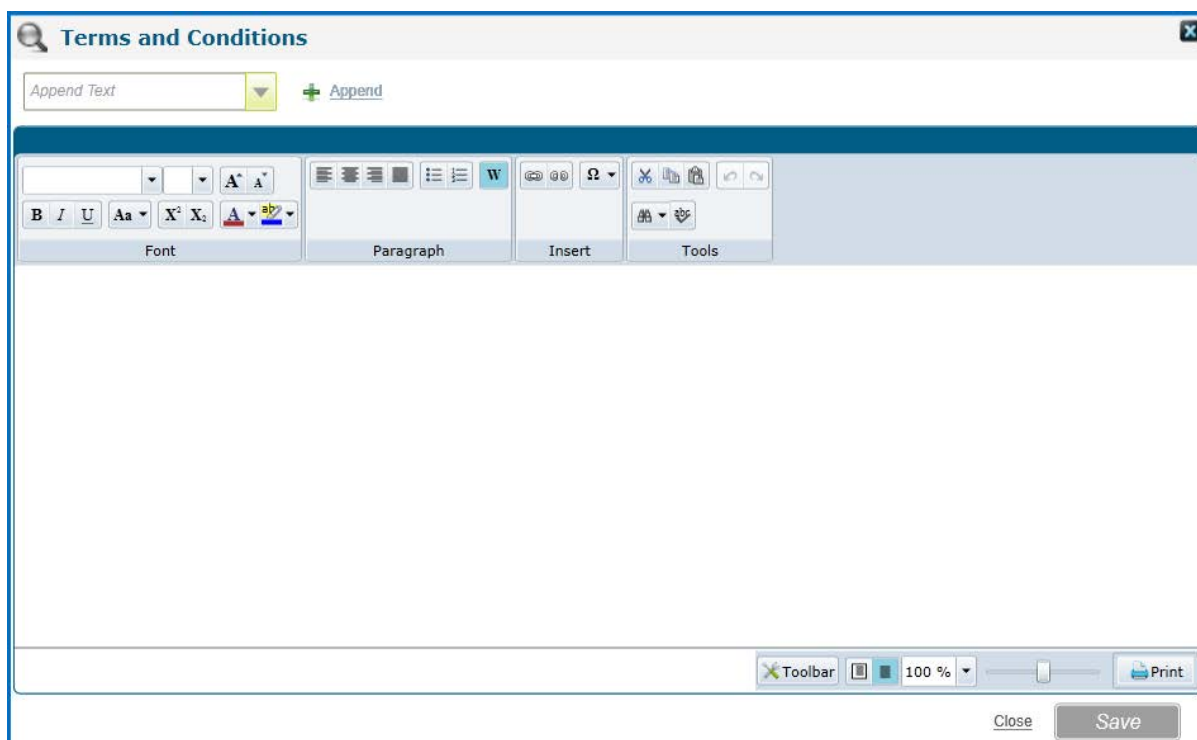

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Click the **Terms and Conditions** tab to display the **Terms and Conditions** text box.

Basic Details Working Hours Terms and Conditions

▼ **Terms and Conditions** [Edit](#) [Open All](#) | [Close All](#)

▼ **Authorisation** [Edit](#)

3. Click the **Edit** hyperlink to display the **Terms and Conditions** editing window.

4. Enter any required text. Use the tools to format the text as required.
5. If required, you can select pre-defined messages from the **Append Text** drop-down list then click the **Append** hyperlink to add the text to the text box.
6. Click the **Save** button to save the text.
7. When all the required text is entered, click the **Close** hyperlink to return to the **Terms and Conditions** tab.

More Information:

[Adding Predefined Text for Terms and Conditions Details](#) on page 12

Editing Authorisation Details

The **Authorisation** area records whether or not a specific third party has provided their consent for the child to participate in the employment. If the required authorisations are not recorded, the work permit cannot be created.

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Click the **Terms and Conditions** tab to display the **Authorisation** area.

3. Click the **Edit** hyperlink in the **Authorisation** section to enable editing.

▼ **Authorisation** [Edit](#)

Parent/Carer Authorisation: (dd/mm/yyyy)

Signed by Employer: (dd/mm/yyyy)

EWO Approval: (dd/mm/yyyy)

Head Teacher Approval: (dd/mm/yyyy)

LA Approval: (dd/mm/yyyy)

[Cancel](#)

- For each party from which you have received authorisation, enter the date when the authorisation was received. The check box is selected automatically when a date is entered. Alternatively, you can select a check box without entering a date.
- Click the **Save** button to record the authorisations.

More Information:

[Work Permit Conditions](#) on page 10

Viewing School Attendance Details

Before issuing a work permit or when reviewing a work permit that has already been issued, it can be useful to view a student's school attendance record. You can view the attendance information that has been recorded for the student in the One v4 Client.

Viewing School Attendance via Student Details

- Open the required application. For more information, see [Opening an Application](#) on page 100.
- Click the **View Student Details** hyperlink to display the student's details.
- Select the **Employment Details** tab.
- Click the **Attendance Details** hyperlink to display the **Attendance Details** dialog.

Clear Search Search

Close

4. Enter the dates for which you wish to view the student's attendance and select the required base from the drop-down list.
5. Click the **Search** button to display the details.

Editing an Employment Application Status

An employment application’s status can be manually changed to any value but **ISS** – Issued or **REV** – Revised.

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. In the **Basic Details** tab, click the **Edit** hyperlink adjacent to **Application Summary** to enable editing.
3. Select the required **Application Status**.

If the application is approved, select **APP – Approved**. After saving, you can then issue the work permit.

4. Click the **Save** button to record the status change.

Generating and Printing a Work Permit

After an employment application is approved, the work permit can be issued. Issuing the work permit is a two-stage process. First, you must generate the work permit, then you must print it.

When you choose to generate a work permit, One runs the following validations before issuing it:

- Checks the **Work Permit Report** is selected (this is configured by your system administrator).
- Checks the application status is either **Approved** or **Revised**.
- Checks that working hours are entered for the application.
- Checks whether all the required **Authorisations** in the **Terms and Conditions** tab have been obtained.

If all the preconditions are met, you can create a work permit by completing the following steps:

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Click the **Generate Workpermit** hyperlink to create the work permit and display the **Generate Workpermit** confirmation dialog.
3. Click the **Yes** button to close the dialog and complete the process.

The **Application Status** is now **Issued** and the **Employment Permit Issued** is populated with the issue date.

4. Click the **Print Workpermit** hyperlink to print the work permit.

Deactivating an Employment Application

Employment applications can be deactivated so that they are not visible by default when searching for employment applications. The routine used can deactivate multiple applications at once, which can be useful if you want to deactivate all applications for students over 18, for example.

Deactivated applications can be viewed by deselecting the **Active Only** check box when searching for applications.

You can make any employment application inactive. You can also delete the application if no licence has been issued against it. For more information, see [Deleting an Application](#) on page 104.

NOTE: To deactivate an employment application, you must be a member of a user group with Read-Write access to the **Employment Routine** business process under the **CIEE** main business process.

To deactivate an application:

1. Select **Administration | CIEE | Routine** to display the **Routine to deactivate Employment Applications** page.

The screenshot displays the 'Routine to deactivate Employment Applications' page. At the top, there are navigation tabs for 'CIEE' and 'C&B'. Below that, there are sub-tabs for 'Module Defaults', 'Terms and Conditions Defaults', 'Entertainment Defaults', 'Performance Groups', 'Venues', and 'Routine'. The 'Routine' tab is selected. The main content area has a title 'Routine to deactivate Employment Applications'. There are two dropdown menus for 'Business Category' (with '12' selected) and 'Application Status'. Below these are 'Clear Search' and 'Search' buttons. A table with the following columns is visible: Student Name, Employer Name, Start Date, End Date, Student Address, Student DOB, Student NCY, Employer Address, Application Status, Business Category, and Registered Base. At the bottom, there is an 'Inactive Reason' dropdown and a 'Deactivate' button.

2. Select the search criteria for the applications you want to deactivate.

- Select the reason you are deactivating the applications from the **Inactive Reason** drop-down list.

- Click the **Deactivate** button to display a confirmation dialog.
- Click the **Yes** button to deactivate the selected applications. An additional confirmation dialog displays when the routine has finished.

05 / Administering Entertainment Options

Introduction

One administrators can configure Children in Entertainment via the **Administration** area.

There are three entertainment related configuration tabs, **Entertainment Defaults**, **Performance Groups** and **Venues**.

For organisations that have migrated an existing version of the CIEE software from the One v3 Client to One v4 Online, your administration settings are maintained. However, you can edit these settings in One v4 Online if required.

For organisations setting up CIEE for the first time, complete these procedures to configure your system to suite your needs.

Understanding Entertainment Defaults

The **Entertainment Defaults** tab can be used to configure the following key areas of the employment related CIEE software:

- Licence Condition Defaults
- Report Defaults.

Licence Condition Defaults

When any of these options is selected, the LA must obtain and record permission for each of the selected entities in the **Licence Conditions** tab of the entertainment application before the licence can be issued. The available licence conditions are:

- Birth Certificate
- Photos
- Declaration
- Head Teacher Approval
- Medical Clearance
- Contract
- Parent/Carer Authorisation.

Report Defaults

Before any entertainment licences can be created in One v4 Online, the report defaults must be selected. The report defaults are Crystal Reports that CIEE uses to format and create the printable version of the performance licence.

Select a report for each type of licence, **Performance (Composite) Default Licence**, **Performance (Individual) Default Licence** and **Chaperone Default Licence**.

Click the browse button to select the Crystal Report to use when generating the work permit and the default number of copies.

Editing Entertainment Defaults

To edit any of the values in the **Entertainment Defaults** tab:

1. Select the **Administration** area and ensure the **CIEE** page is selected.
2. Select the **Entertainment Defaults** tab.
3. Click the **Edit** hyperlink to enable editing.
4. Make the required changes. For more information, see [Understanding Entertainment Defaults](#) on page 32.
5. After making the required changes, click the **Save** button.

Managing Performance Groups

Performance groups are collections of students that have been grouped together to make the creation of new performance licence applications quicker. When creating a new entertainment application, a performance group can be selected as a search criterion and only the members of that group are displayed in the search results. Users can then select the required students and create the applications.

Creating a New Performance Group

1. Select the **Administration** area and ensure the **CIEE** page is selected.
2. Select the **Performance Groups** tab to display the **Performance Groups** and **Associated Students** lists.

The screenshot displays the CIEE Administration interface. The top navigation bar includes 'One Home', 'Applications', 'Employer', 'Chaperone', 'Reports', 'Batch Processing', 'Administration' (highlighted), 'Welcome SYSADMIN', 'Open New Tab', 'Help', and 'Logout'. Below this, the 'CIEE' section is active, with 'G&B' as a sub-section. The main content area is divided into two tabs: 'Performance Groups' and 'Associated Students'. The 'Performance Groups' tab is selected, showing a search box for 'Group Name' and a '+ Add New Group' button. Below the search box is a table with one entry: 'Little Performers', which has 'Edit' and 'Delete' icons. The 'Associated Students' tab is also visible, showing a search box for 'Student Name' and a '+ Add Student' button. Below this is a list of student names, each with a 'Remove' button.

3. Click the **Add New Group** hyperlink to display the **Add Performance Group Details** section.

Administering Entertainment Options

The screenshot shows a web application interface with a top navigation bar containing 'One Home', 'Applications', 'Employer', 'Chaperone', 'Reports', 'Batch Processing', and 'Administration'. Below this is a sub-navigation bar with 'CIEE' and 'G&B'. A main menu bar includes 'Employment Defaults', 'Terms and Conditions Defaults', 'Entertainment Defaults', 'Performance Groups', 'Venues', and 'Routine'. The 'Performance Groups' tab is active, displaying a form titled 'Add Performance Group Details'. The form has a 'Group Name' input field with a placeholder 'Group Name' and an asterisk, a 'Cancel' link, and a 'Save' button.

4. Enter a **Group Name**.
5. Click the **Save** button to add the group to the **Performance Groups** list.

The screenshot shows the 'Performance Groups' and 'Associated Students' sections of the web application. The top navigation bar is the same as in the previous screenshot, but 'Administration' is highlighted. The sub-navigation bar shows 'CIEE' and 'G&B'. The main menu bar includes 'Employment Defaults', 'Terms and Conditions Defaults', 'Entertainment Defaults', 'Performance Groups', 'Venues', and 'Routine'. The 'Performance Groups' section has a search bar with a 'Search' button and an 'Add New Group' link. Below the search bar is a table with two rows: 'Cardington Country Dancers' and 'Little Performers', each with 'Edit' and 'Delete' icons. The 'Associated Students' section has a search bar with a placeholder 'Student Name' and an 'Add Student' link. Below the search bar is a large empty box with the text 'No results found'.

6. To associate a student with the group, click the **Add New Student** hyperlink to display the **Select Student** dialog.

7. Enter the required search criteria then click the **Search** button to display a list of students who meet the entered search criteria.
8. Select the check box adjacent to the required students in the list.
If you need to search for students with different search criteria, enter the new search criteria then click the **Freeze & Search** button. The students you have already selected remain selected and the students that meet your new search criteria are displayed below a red line.
9. Click the **Select** button to add the students to the **Associated Students** list.

Editing a Performance Group

1. Select the **Administration** area and ensure the **CIEE** page is selected.
2. Select the **Performance Groups** tab to display the **Performance Groups** and **Associated Students** lists.
3. For the performance group you wish to edit, click the **Edit** hyperlink to display the **Edit Performance Group Details** section.
4. Edit the **Group Name**.
5. Click the **Save** button.

Deleting a Performance Group

1. Select the **Administration** area and ensure the **CIEE** page is selected.
2. Select the **Performance Groups** tab to display the **Performance Groups** and **Associated Students** lists.
3. For the performance group you wish to delete, click the **Delete** hyperlink to display the **Performance Groups** confirmation dialog.
4. Click the **Yes** button to delete the group.

Removing a Student from a Performance Group

1. Select the **Administration** area and ensure the **CIEE** page is selected.
2. Select the **Performance Groups** tab to display the **Performance Groups** and **Associated Students** lists.
3. For the student you wish to remove from the performance group, click the **Remove** hyperlink to display the **Performance Groups** confirmation dialog.
4. Click the **Yes** button to remove the student.

Managing Venues

Venues are the names and addresses of places that can be selected as an interview location when recording a chaperone interview. If more than one venue is added in the **Venues** tab, you can set which venue should be the default option when a user is creating a new interview record.

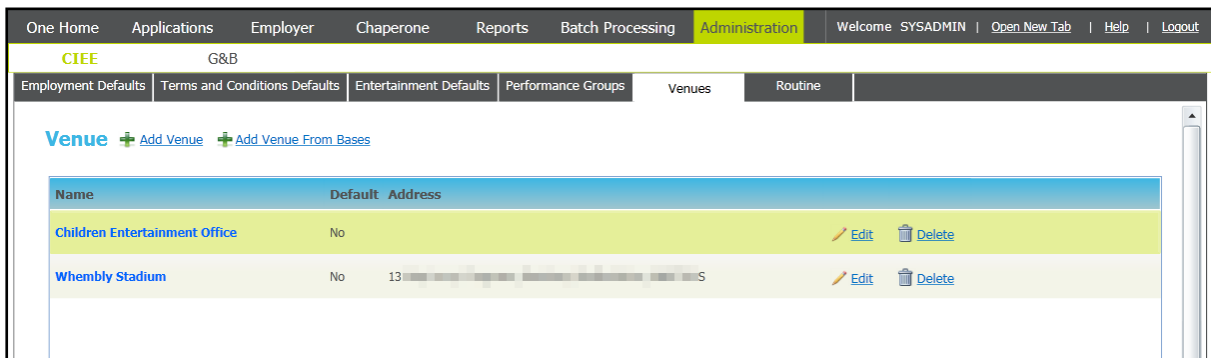

An entirely new venue can be created or you can add a venue that is already a base in One.

More Information:

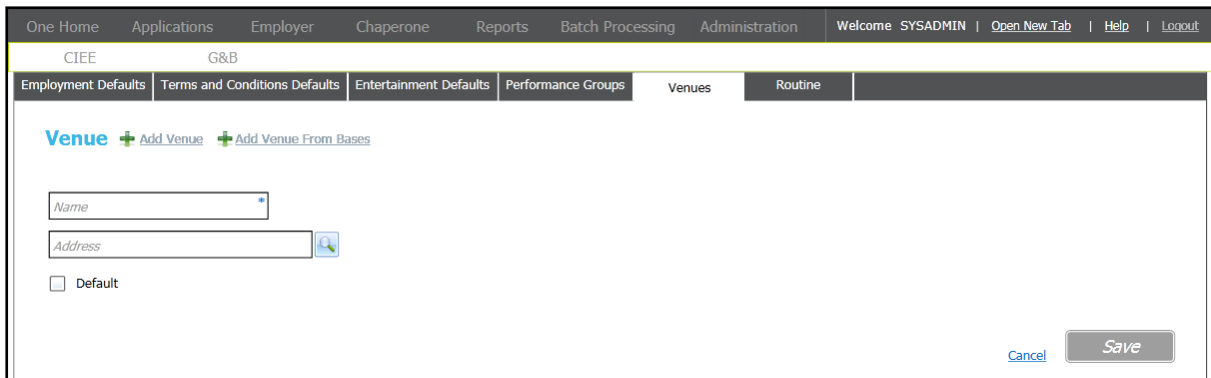

- [Adding a New Venue That is Not a Base](#) on page 36
- [Adding a Venue from a Base](#) on page 38

Adding a New Venue That is Not a Base

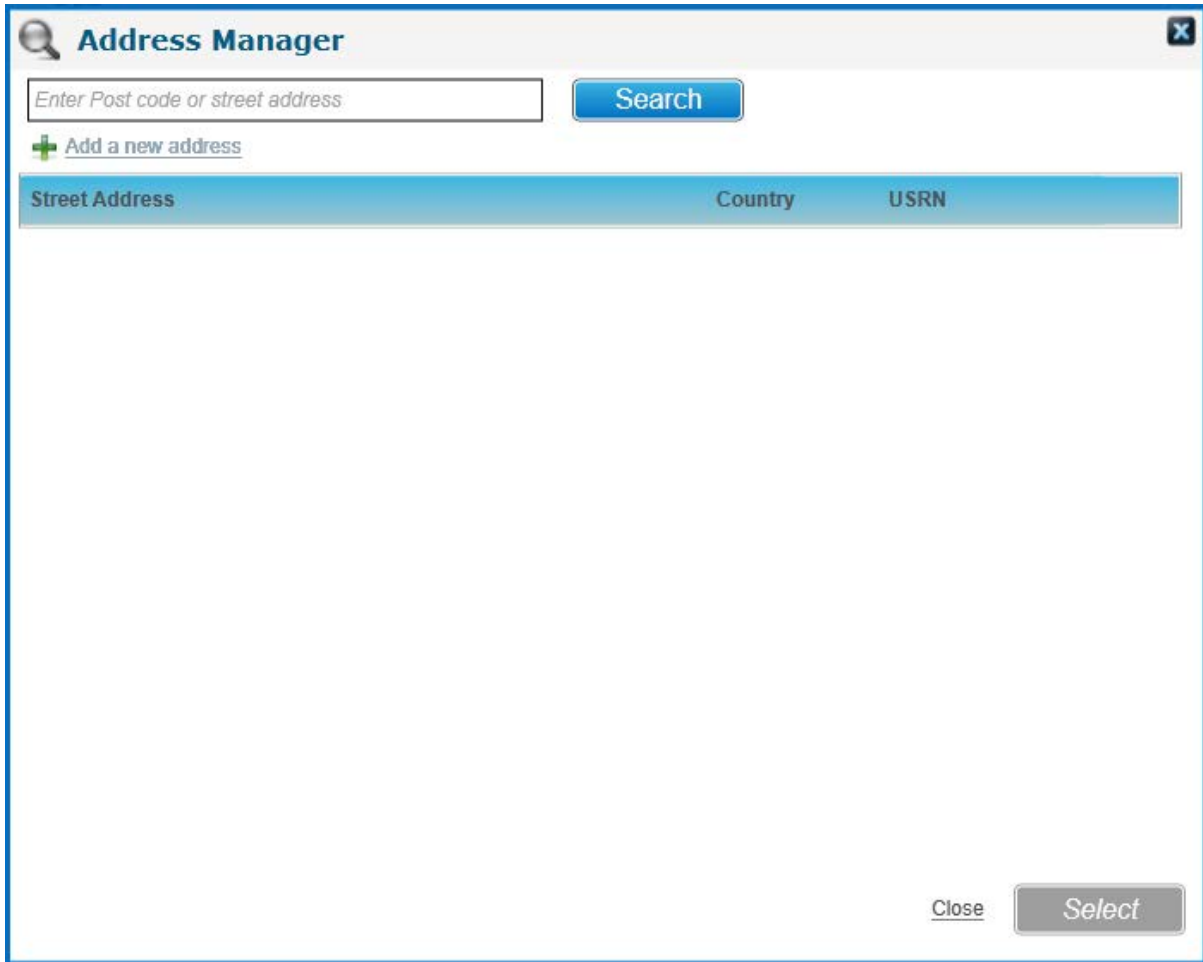

1. Select the **Administration** area and ensure the **CIEE** page is selected.
2. Select the **Venue** tab to display the **Venue** list.

3. Click the **Add Venue** hyperlink to display editable **Name** and **Address** fields.

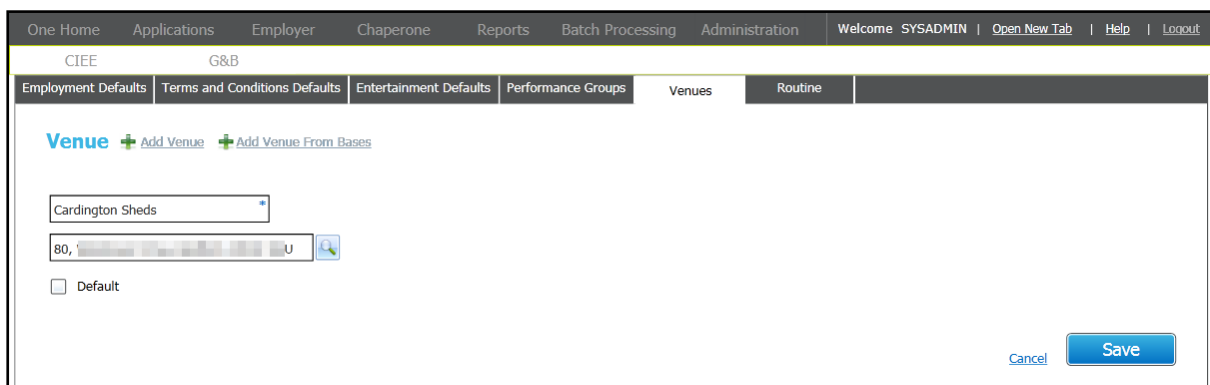

4. Enter a venue **Name**.
5. Click the **Address** browse button to display the **Address Manager** browser.

6. Enter any known address details and click the **Search** button to display a list of locations in One that meet the entered search criteria.

7. Highlight the required address then click the **Select** button to add the address to the venue.

If none of the results correspond to the venue’s address, click the **Add a new address hyperlink** to display blank address detail fields. Enter the new address details then click the **Save** button and select the address.

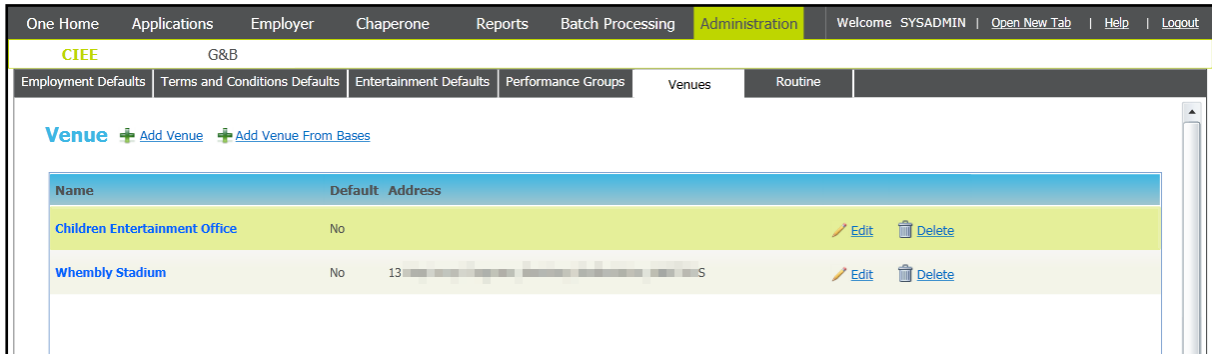

8. If the venue should be the default option when creating a new interview record, selected the **Default** check box.

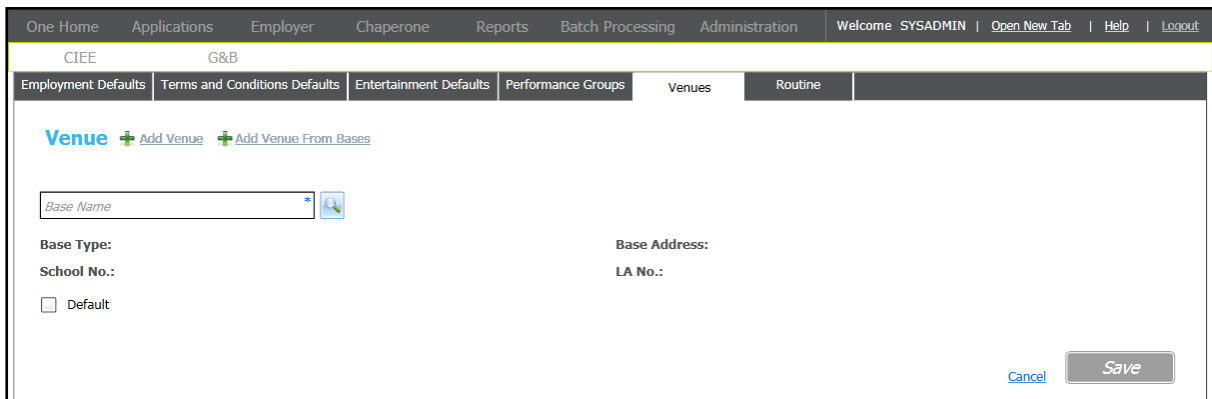

9. Click the **Save** button to record the venue details.

Adding a Venue from a Base

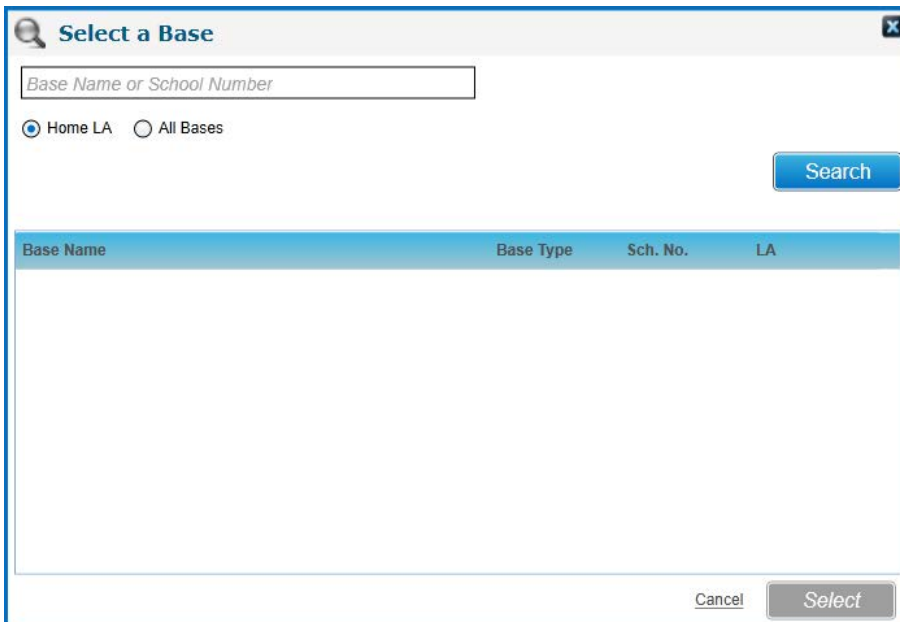

1. Select the **Administration** area and ensure the **CIEE** page is selected.
2. Select the **Venue** tab to display the **Venue** list.

3. Click the **Add Venue From Bases** hyperlink to display the **Base Name** field.

4. Click the **Base Name** browse button to display the **Select a Base** browser.

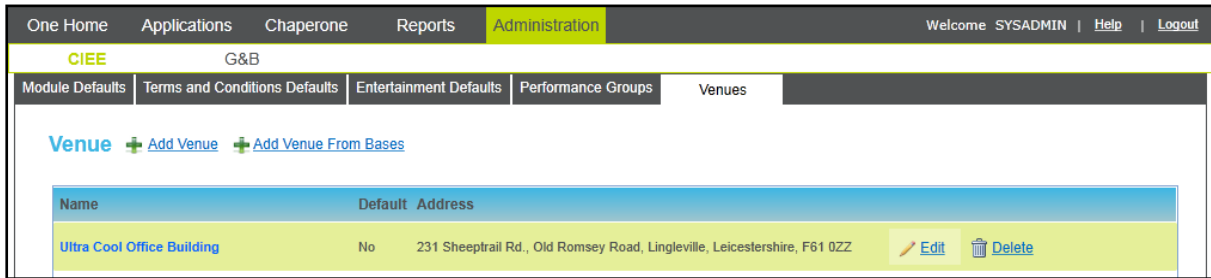

5. Enter the required search criteria then click the **Search** button to display a list of bases that meet the entered search criteria.
6. Highlight the required base then click the **Select** button to close the dialog and populate the venue information with the selected base information.

- If the venue should be the default option when creating a new interview record, select the **Default** check box.
- Click the **Save** button to record the venue details.

Editing a Venue

After creating a venue, you can edit its name or address and whether or not it is the default venue for interview records.

- Select the **Administration** area and ensure the **CIEE** page is selected.
- Select the **Venue** tab to display the **Venue** list.

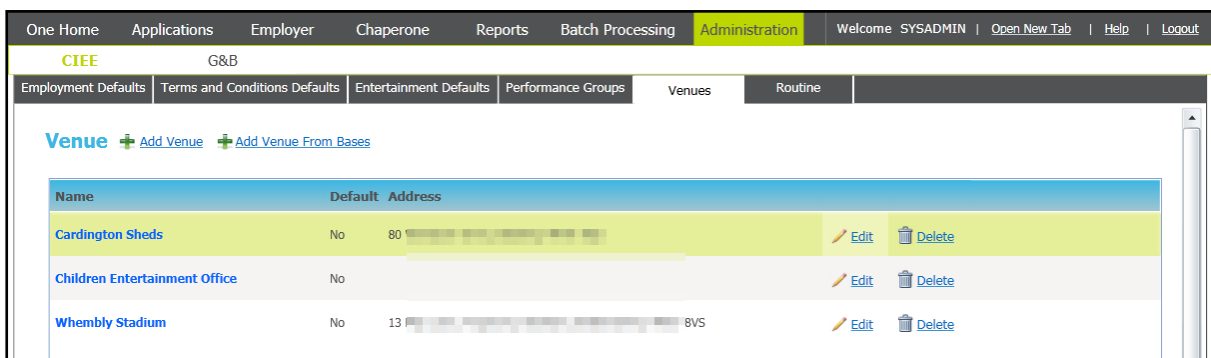

- For the venue you wish to update, click the **Edit** hyperlink to enable editing.
- Update the name and address as required.
- Set the **Default** value as required.
- Click the **Save** button.

Deleting a Venue

If a venue is no longer required, you can delete it from the venue list. However, you cannot delete a venue if it is associated with any chaperone interview records. Therefore, you must either update any chaperone interview records currently using the venue to a different venue or delete chaperone interview records entirely before deleting the venue.

- Select the **Administration** area and ensure the **CIEE** page is selected.
- Select the **Venue** tab to display the **Venue** list.

- For the venue you wish to delete, click the **Delete** hyperlink to display the **Delete Venue** confirmation dialog.
- Click the **Yes** button to delete the venue.

06 / Creating Entertainment Applications and Licences

Introduction

After configuring the Children in Entertainment module, you can begin to create applications and issue performance and chaperone licences. In order to create a licence that can be printed and distributed to the relevant parties, you must complete the following six steps.

1. Create a basic application.
2. Add a performance schedule.
3. Add a chaperone.
4. If required, record any licence condition details.
5. Generate and print the licences.

Although the intermediary steps can be completed in any order, the first step is to create a basic entertainment application and the final step is to issue and print the licence.

NOTE: In previous versions of CIEE, entertainment companies were called applicants, this terminology has changed and they are now called employers.

Understanding Entertainment Application Status Codes

An entertainment application requires an **Application Status**. By default, there are five status codes, although these may have been altered by a system administrator using the One v4 Client. Most of the codes are for your reference only and do not affect the application directly. However, licences can only be generated from applications with a status of **APP** – Approved.

The following table summarises the types of entertainment application codes.

| Code | Description |
|------|--|
| APP | Approved - The default status for all applications. |
| AWI | Awaiting Information. |
| ISS | Issued - The application has been approved and the LA has generated the licence. This status cannot be selected manually; it is set automatically when the licence is generated. |
| PEN | Pending. |
| REF | Refused. |

Types of Entertainment Applications

There are three types of entertainment applications: standard, open licence and body of person.

Standard entertainment applications require both an employer and student. This is the default application type. Unless one of the other options is selected when creating the application, this is the type of application that is created.

An Open Licence application enables you to add either an employer or student, depending on your needs. If you choose to add an employer, you must select a performance, but you do not need to specify the students taking place in the performance. The licence is issued to the employer for the selected performance.

Conversely, an open licence with a student added is issued to the student with no mention of specific employer or performance.

A body of person application is a standard entertainment application but with the optional **Session Absent**, **Earnings** and **Part** fields disabled.

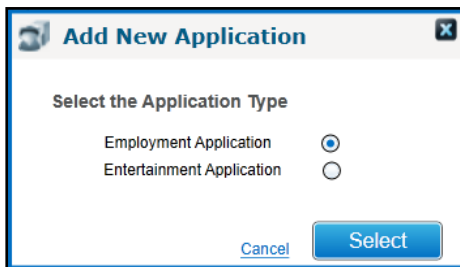

Creating a New Entertainment Application

The first step in issuing a licence is to create an application that links students to an employer and a specific performance. After creating the basic application, you must add performance schedules, chaperones and any other conditions before generating and printing the licence.

You can create the basic applications for multiple students at once. However, when the application is created, One creates an individual licence application for each student with only the basic details populated. Each application must then have the required details added, such as performance schedule, before the licence can be issued.

NOTE: Before a person can be added as a chaperone to an application, they must be registered as a chaperone first. It is recommended that you ensure any chaperones you require for an application are registered in One before you begin creating the application. For more information, see [Registering a New Chaperone](#) on page 55.

1. From the One homepage, click the **Applications** button to display the **Applications** area.
2. Click the **Add New Application** hyperlink to display the **Add New Application** dialog.

3. Select the **Entertainment Application** radio button then click the **Select** button to display the **Create New Application – Entertainment** page.

Alternatively, you can add a new student. For more information, see [Creating a New Student to Add to an Application](#) on page 99.

Creating Entertainment Applications and Licences

7. If required, select a parent or carer.
8. Select the **Performance Name**.

If the required performance is not listed, you can add a new one:

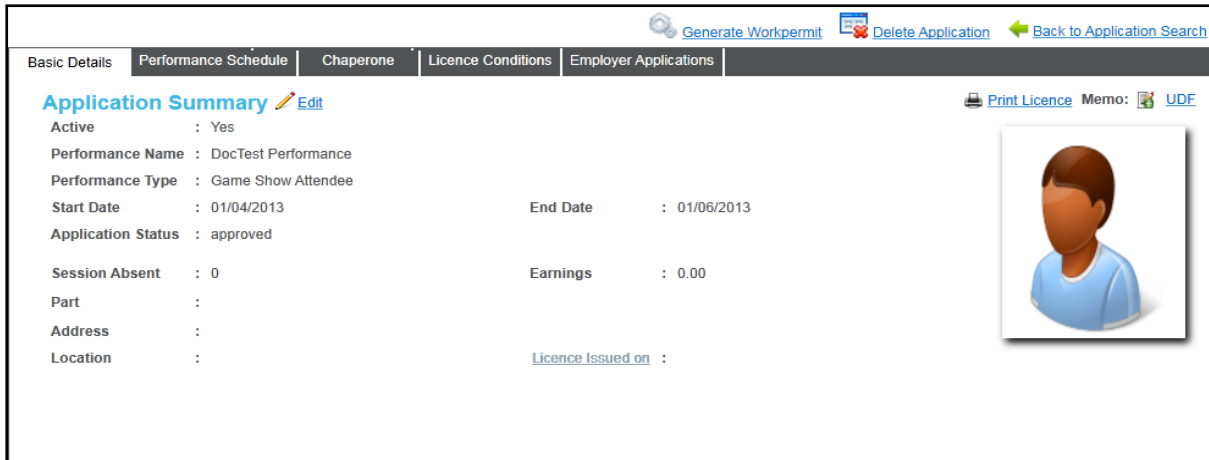

- a. Click the **Add New Performance** hyperlink to display the **Performance Details** dialog.

- b. Enter the performance and rehearsal details. **Performance Name**, **Performance Type**, performance **From Date** and performance **To Date** are required fields.

TIPS: The **No. of Days** fields for a performance or rehearsal are calculated automatically when you add the required start and end dates. However, if there is not a performance or rehearsal every day, you can manually edit the fields. You can also enter a duration for the performance or rehearsal manually.

- c. Click the **Save** button to add the performance to the application.
9. Select the required **Application Status**.

10. If known, enter a **Performance Type**, **Start Date**, **End Date** and **Part** for the application.
11. Click the **Create Application** button to create the application and display the application details. If you created applications for multiple students, the application for the first student selected is displayed.

12. If you created multiple applications, click the **Back to Application Search** hyperlink to display a list of other applications that you created at the same time.

TIP: To view all the other applications for the employer associated with the currently open application, select the **Employer Applications** tab.

More Information:

- [Adding a Performance and Rehearsal Schedule](#) on page 45
- [Associating a Chaperone to an Application](#) on page 48
- [Editing Licence Conditions](#) on page 50
- [Generating and Printing a Performance Licence](#) on page 51

Adding a Performance and Rehearsal Schedule

Each performance licence application must have a performance schedule associated with it. Optionally, you can also add a rehearsal schedule.

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Select the **Performance Schedule** tab to display the **Performance Schedule** grid.

Creating Entertainment Applications and Licences

The screenshot shows the HHH system interface. At the top, there are navigation tabs: One Home, Applications (highlighted), Chaperone, Reports, and Administration. The user is logged in as SYSADMIN. The main content area is titled 'CIEE G&B' and shows 'View Employer Details' and 'View Student Details'. The 'View Employer Details' section includes: Business Category: Film Company, Address, Current Contact: Mr. [redacted], Phone, and Email. The 'View Student Details' section includes: Student ID, DOB, NCY: 7, and Registered Base: M. [redacted] School. Below these details are buttons for 'Generate Licence', 'Delete Application', and 'Normal View'. A secondary navigation bar includes 'Basic Details', 'Performance Schedule' (selected), 'Chaperone', and 'Licence Conditions'. The 'Performance Schedule' section has a '+ Add' link and a message: 'No Performing Group to display for the Student'.

3. Click the **Add** hyperlink to display the **Add Performing Group** dialog.

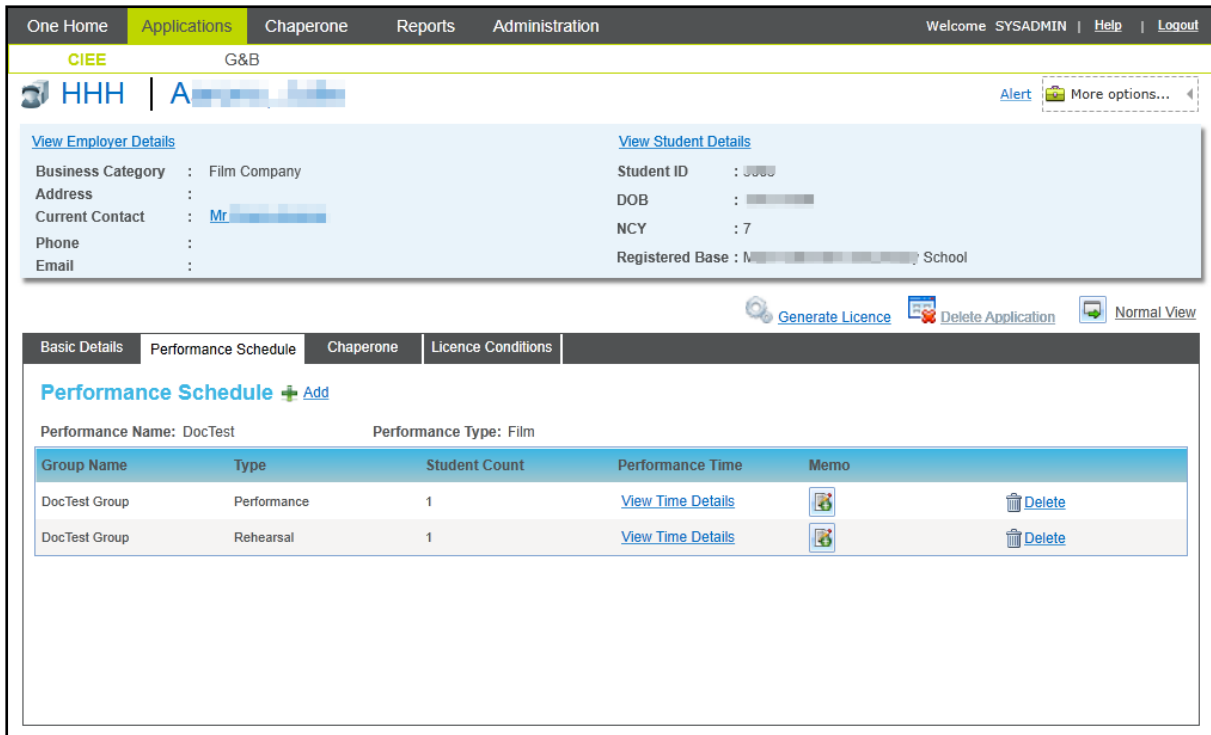

NOTE: If no performances schedules are available in the **Add Performing Group** dialog, they must be added in the **Performance Schedule** tab of the **Employer Details** page. For more information, see [Adding a Performing Group](#) on page 90.

The 'Add Performing Group' dialog box is shown. It has a title bar with a close button. The 'Performance Name' is 'DocTest'. Below is a table with columns 'Group Name', 'Type', and 'Student Count':

| Group Name | Type | Student Count |
|--|-------------|---------------|
| <input type="checkbox"/> DocTest Group | Rehearsal | 0 |
| <input type="checkbox"/> DocTest Group | Performance | 0 |

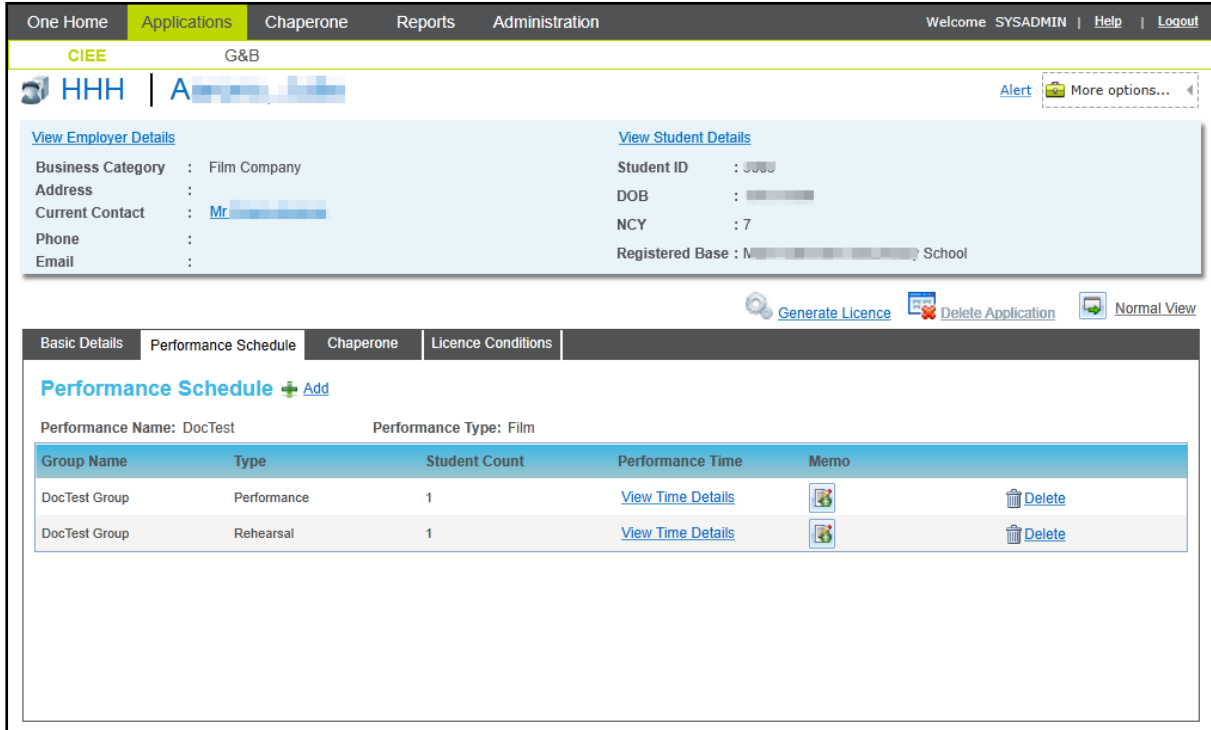

At the bottom of the dialog are 'Close' and 'Select' buttons.

4. Select the required performance schedule.
5. If required, select the required rehearsal schedule.
6. Click the **Select** button to add the selected items to the application.

Deleting a Performance Schedule

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Select the **Performance Schedule** tab to display the **Performance Schedule** grid.

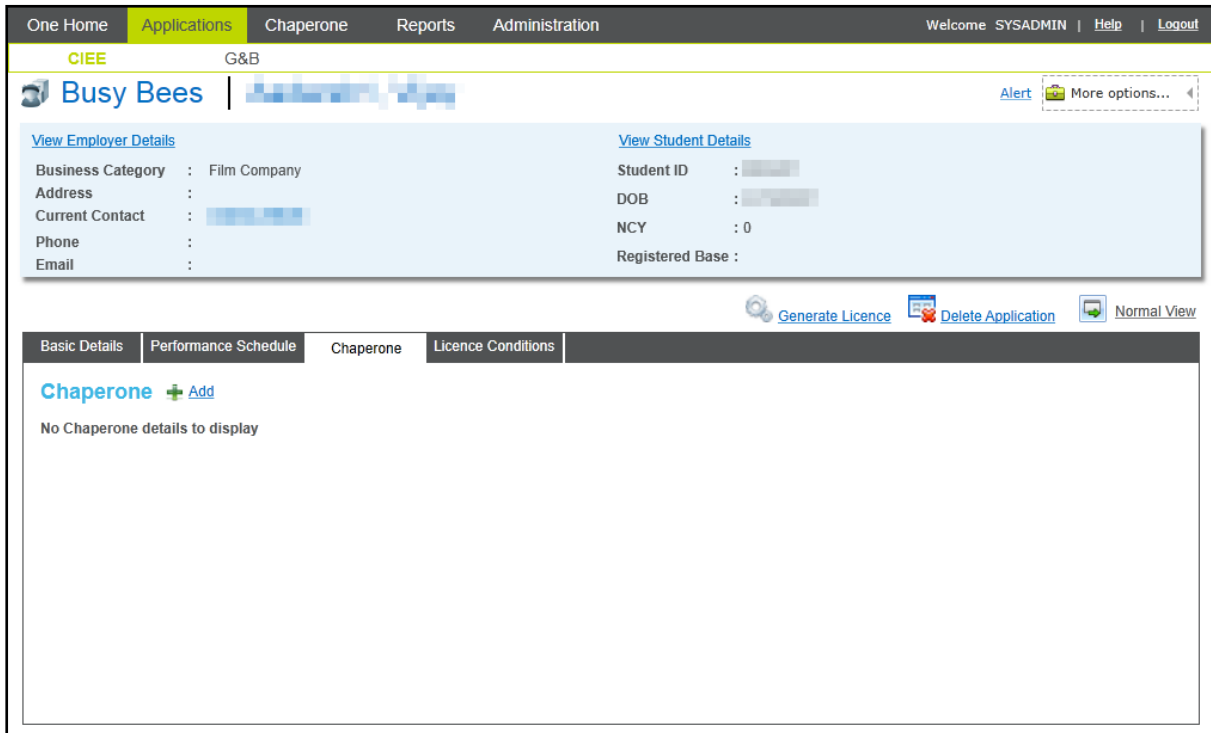

3. For the schedule you wish to delete, click the **Delete** hyperlink to display the **Performing Group** confirmation dialog.
4. Click the **Yes** button to remove the performance schedule from the student's application.

Associating a Chaperone to an Application

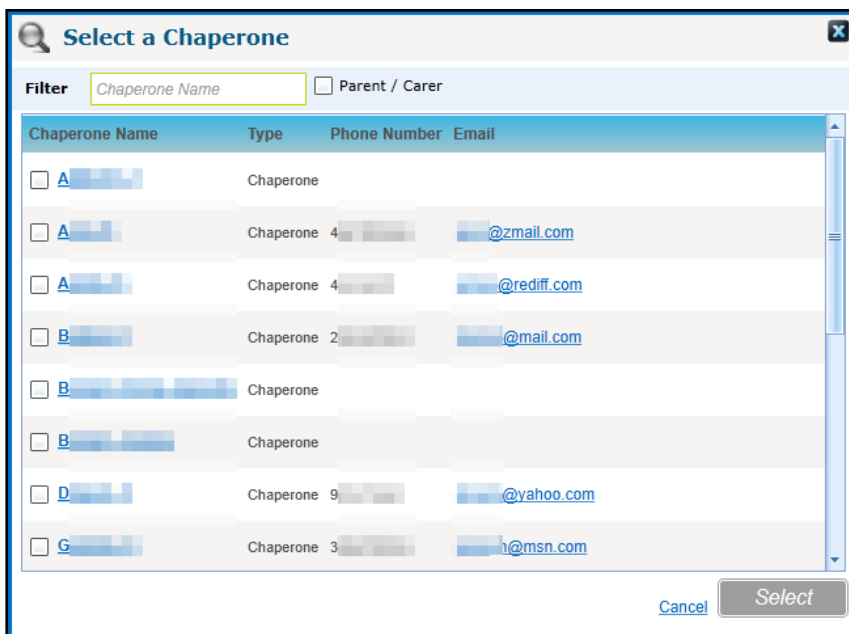

Each application requires at least one chaperone before the licence can be issued.

NOTE: Before a person can be added as a chaperone to an application, they must be registered as a chaperone first. It is recommended that you ensure any chaperones you require for an application are registered in One before you begin creating the application. For more information, see [Registering a New Chaperone](#) on page 55.

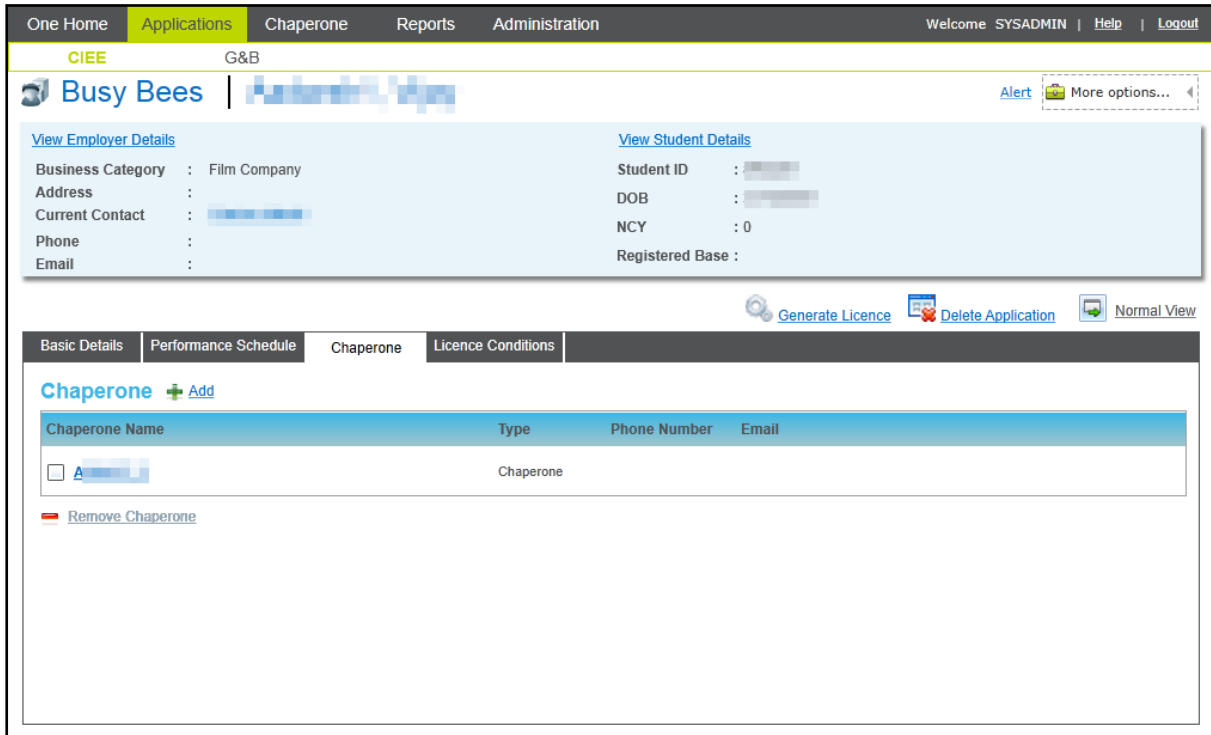

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Select the **Chaperone** tab to display the **Chaperone** list.

3. Click the **Add** hyperlink to display the **Select a Chaperone** dialog.

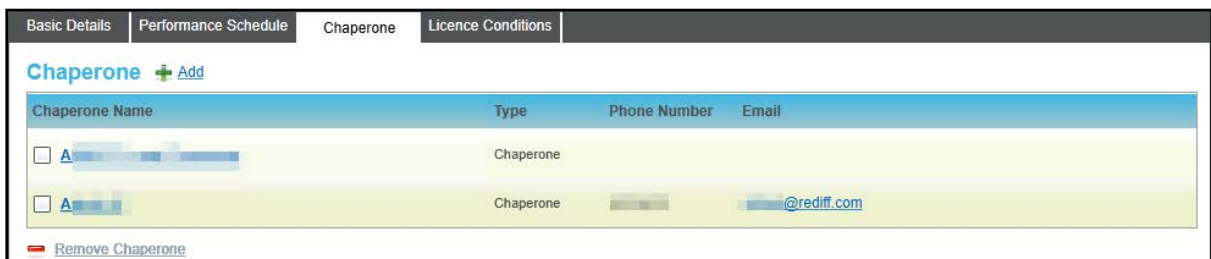

4. If necessary, filter the list of available chaperones.
Enter a name in the **Filter** field to find a specific person. Select the **Parent/Carer** check box to limit the results to only parents and carers.
5. Select the check box for each required chaperone.
6. Click the **Select** button to add the selected people to the chaperone list for the application.

Removing a Chaperone from an Application

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Select the **Chaperone** tab to display the **Chaperone** list.

3. Select the check box for the chaperone you wish to remove.
4. Click the **Remove Chaperone** hyperlink to display the **Remove Associated Chaperone** confirmation dialog.
5. Click the **Yes** button to remove the chaperone from the application.

Editing Licence Conditions

The **Licence Conditions** tab records whether specific pieces of information such as birth certificate, contract, or parent approval have been presented to the Local Authority. If the required information or authorisations have not been presented to the LA and recorded in One, the performance licence cannot be created. The required licence condition items can be set by your One administrator.

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Select the **Licence Conditions** tab.

| Basic Details | Performance Schedule | Chaperone | Licence Conditions |
|--|----------------------|-----------|--------------------|
| <p>Licence Conditions Edit</p> <p>Birth Certificate : No</p> <p>Photos : No</p> <p>Declaration : No</p> <p>Head Teacher Approval : No</p> <p>Medical Clearance : No</p> <p>Contract : No</p> <p>Parent/Carer : No</p> | | | |

3. Click the **Edit** hyperlink to enable editing.

| Basic Details | Performance Schedule | Chaperone | Licence Conditions |
|--|----------------------|-----------|--------------------|
| <p>Licence Conditions Edit</p> <p>Birth Certificate: (dd/mm/yyyy) <input type="checkbox"/></p> <p>Photo: (dd/mm/yyyy) <input type="checkbox"/></p> <p>Declaration: (dd/mm/yyyy) <input type="checkbox"/></p> <p>Head Teacher Approval: (dd/mm/yyyy) <input type="checkbox"/></p> <p>Medical Clearance: (dd/mm/yyyy) <input type="checkbox"/></p> <p>Contract: (dd/mm/yyyy) <input type="checkbox"/></p> <p>Parent / Carer: (dd/mm/yyyy) <input type="checkbox"/></p> <p style="text-align: right;">Cancel <input type="button" value="Save"/></p> | | | |

4. For each piece of information or authorisation, enter the date it was received. The check box is selected automatically when a date is entered.

If no date is known, select the required check box and leave the date blank.

5. Click the **Save** button to record the information.

| Basic Details | Performance Schedule | Chaperone | Licence Conditions |
|---|----------------------|-----------|--------------------|
| <p>Licence Conditions Edit</p> <p>Birth Certificate : Yes</p> <p>Photos : Yes</p> <p>Declaration : Yes</p> <p>Head Teacher Approval : No</p> <p>Medical Clearance : No</p> <p>Contract : No</p> <p>Parent/Carer : No</p> | | | |

More Information:

[Editing Entertainment Defaults](#) on page 33

Editing an Entertainment Application Status

An entertainment application's status can be manually changed to any value except **ISS** – Issued.

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Click the **Edit** hyperlink adjacent to **Application Details** to enable editing.
3. Select the required **Application Status**.
If the application is approved, select **APP – Approved**. After saving, you can issue the licence.
4. Click the **Save** button.

Generating and Printing a Performance Licence

After an entertainment application is approved, the licence can be issued. Issuing a licence is a two stage process. First you must generate the licence, then you must print it.

You can generate a licence for an individual student via their application or for multiple students via the employer's **Student Performers** tab.

When you generate a licence, One performs the following validations before issuing it:

- Checks the **Individual Licence Report** is selected (this is configured by your system administrator).
- Checks the application status is either **Approved** or **Revised**.
- Checks that at least one chaperone has been added to the application.
- Checks that a performance schedule has been linked to the application.
- Checks whether all the required licence conditions have been met.

More Information:

[Generating and Printing a Performance Licence for an Individual Student](#) on page 51

[Generating and Printing a Performance Licence for Multiple Students](#) on page 52

Generating and Printing a Performance Licence for an Individual Student

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. Click the **Generate Licence** hyperlink to create the licence and display the **Generate Licence** confirmation dialog.
3. Click the **Yes** button to close the dialog to generate the licence.
4. Click the **Print Licence** hyperlink to print the licence.

The **Application Status** is now **Issued** and the **Licence Issued On** is populated with the issue date.

Generating and Printing a Performance Licence for Multiple Students

1. Open the employer details for the employer organising the performance for which you wish to issue licences. For more information, [Viewing Employer Details](#) on page 74.
2. Select the **Student Performers** tab to display a list of students with applications associated with the employer.
3. Select the check box for each student for whom you wish to issue a licence.
4. Click the **Generate Licence** hyperlink to create the licences for the selected students.
5. Open the required applications individually and click the **Print Licence** hyperlink to print the licences.

Batch Processing

The **Batch Processing** area enables you to update the details of multiple applications at once. For example, if an officer has left, you can search for all applications connected to the officer and assign a new officer to all the affected applications. For more information on updating multiple applications at once, see [Updating Multiple Applications via Batch Processing](#) on page 52.

Updating Multiple Applications via Batch Processing

1. From the One homepage, click the **Applications** button to display the **Applications** area.
2. Select the **Batch Processing** area.

The screenshot shows the 'Entertainment Batch Process' web interface. At the top, there is a navigation menu with 'Batch Processing' highlighted. Below the menu, there are search fields for 'Student Name' and 'Employer Name', a 'More Options' link, and a 'Search' button. A table with the following columns is visible: Student Name, Employer Name, Performance Name, Start Date, End Date, Application Status, Student Address, Student DOB, Student NCY, Employer Address, and Current Employer Contact. A 'Display Applications' button is located at the bottom left of the table area.

3. Ensure the **CIEE** page is selected.
4. Enter the search criteria for the applications you wish to edit.
5. To search using more specific application details, click the **More Options** hyperlink to display the **More Search Options** dialog.

- Click the **Process** button to display a confirmation dialog.
- Click the **Yes** button to update the records.

07 / Maintaining Chaperones

Introduction

All applications for an entertainment licence must have at least one chaperone assigned. In order to add a person as a chaperone in Children in Entertainment, they must be added as a chaperone to One. This process is called registration. Once a person is registered, they can be assigned to entertainment applications and licences can be generated and printed to verify they are the assigned chaperone.

The **Chaperone** area is used to record and maintain all details relating to chaperones, including personal information, police checks, interviews and references. Chaperone licences for specific performances and students are also generated from this area.

Registering a New Chaperone

Users with the appropriate permissions can register (add) the details of a new chaperone. You can designate a person already in One or add a new person and register them as a chaperone.

The following process assumes that the person you are adding as a chaperone has not completed all the required interviews and background checks and still needs to present required documentation. Therefore, the following process will create a chaperone that is inactive, i.e. they cannot be added as a chaperone to an entertainment licence. Once the registration is complete and approved, you must make the chaperone active before they can be added to an application. For more information, see [Making a Chaperone Active](#) on page 68.

After initially creating a basic chaperone application, you can then add interview details, referee details and police check details before assigning the chaperone to a student and generating a licence.

1. From the One homepage, click the **Applications** button to display the **Applications** area.
2. Select the **Chaperone** area to display the chaperone search.

Maintaining Chaperones

The screenshot shows a web application interface for managing chaperones. At the top, there is a navigation bar with tabs for 'One Home', 'Applications', 'Employer', 'Chaperone' (highlighted), 'Reports', 'Batch Processing', 'Adn', 'Welcome', 'SYSADMIN', 'Open New Tab', 'Help', and 'Logout'. Below the navigation bar, the page title is 'All Chaperones'. There is a 'Chaperone' icon and a '+ Add New Person' link. A search form contains a 'Person Name' input field, a 'Chaperone' dropdown menu, and an 'Active Chaperone' checkbox. Below the search form are 'More Options', 'Clear Search', and a 'Search' button. A table with the following columns is visible: 'Name', 'Active Chaperone', 'Active Student Count', 'Phone Number', 'Address', and 'Expiry Date'. The table body is currently empty.

3. To select a person already recorded in the One:
 - a. Select **Person** from the **Person Type** drop-down.
 - b. Enter part or all of the **Person Name**.
 - c. Click the **Search** button to display a list of people who match the entered search criteria.
 - d. Click the required person's name to display their **Basic Details**. Skip to step 5.
4. If the person does not already exist in One, you must add them first:
 - a. Click the **Add New Person** hyperlink to display the **Add New Person** dialog.
 - b. Enter the person's details.
 - c. Click the **Save** button to add the person to One and display their **Basic Details**.

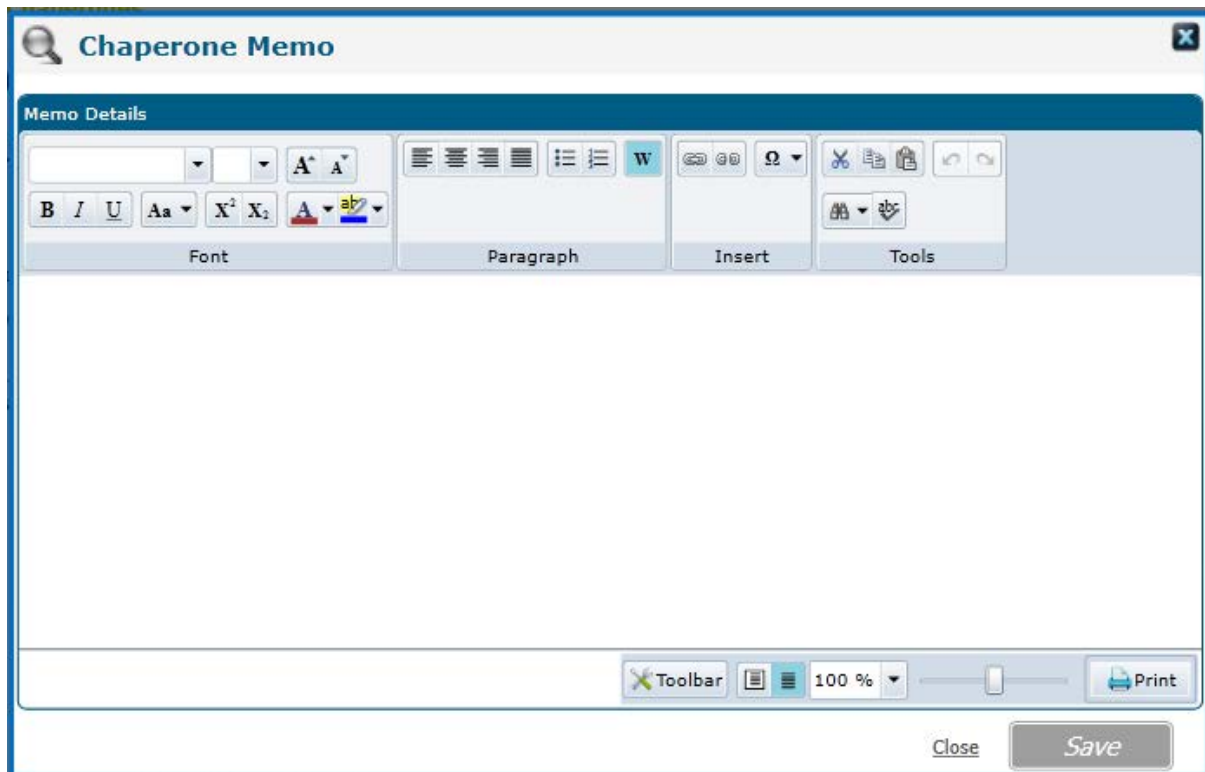

5. Click the **Edit** hyperlink to enable editing.

6. Enter any optional details.

7. Click the **Save** button to record the details.

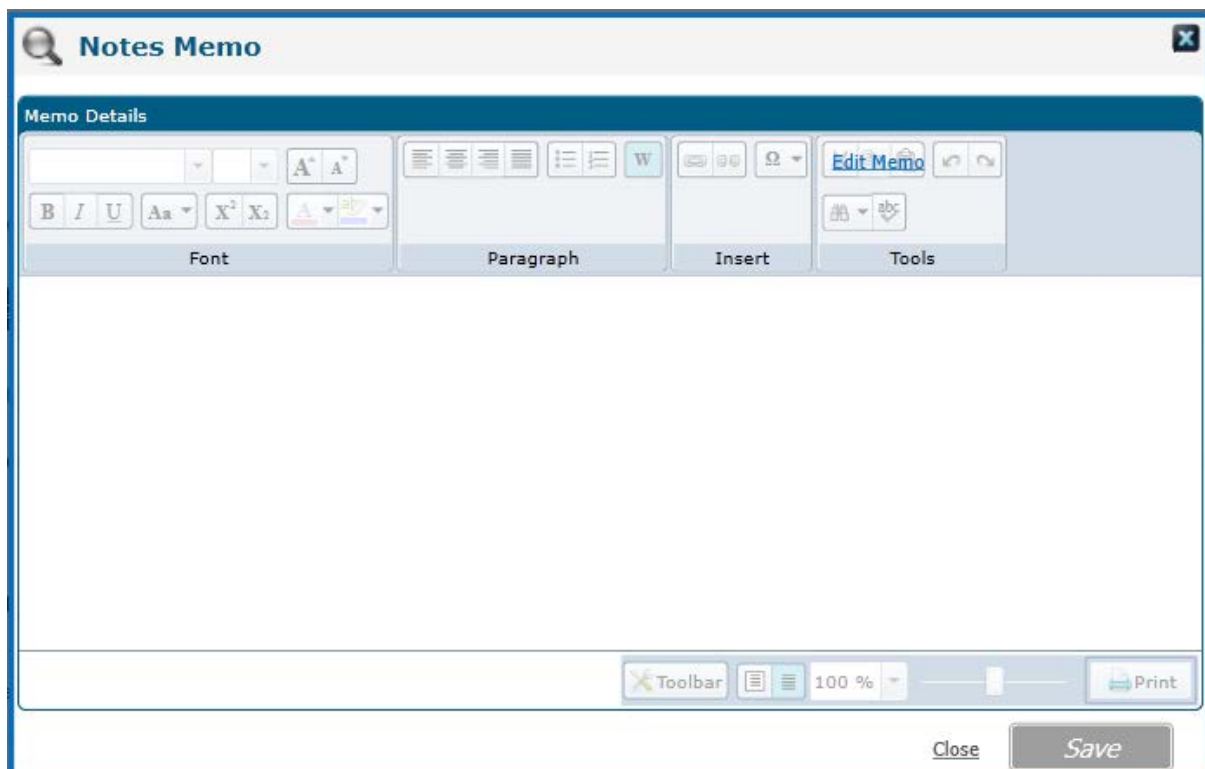

8. To enter Memo information click the **Memo** icon.

Maintaining Chaperones

The **Memo** icon is called the Chaperone Memo. This is actually the Person Memo which can also be seen on the Person details within **v4 client | Focus | People | Person**.

9. To enter Notes information click the **Notes** icon.

The **Notes** icon is called the Notes memo and is the memo which should be used to record information against the Chaperone.

10. Select the **Registration** tab.

- [Making a Chaperone Active](#) on page 68

Adding Additional Chaperone Details

The One Applications functionality tracks a wide range of chaperone related information, including records of checks made on the chaperone, interviews with the chaperone and licence details.

Opening an Existing Chaperone Record

1. From the **Applications** area, click the **Chaperone** hyperlink to display the **All Chaperones** page.

The screenshot shows the 'All Chaperones' page. At the top, there is a navigation bar with 'Chaperone' highlighted. Below the navigation bar, there is a search area with a 'Person Name' input field, a 'Chaperone' dropdown menu, and an 'Active Chaperone' checkbox. A 'More Options' link is visible. Below the search area is a table with columns: Name, Active Chaperone, Active Student Count, Phone Number, Address, and Expiry Date. The table is currently empty.

2. Enter your search criteria. Click the **More Options** hyperlink to display additional search options.
3. Click the **Search** button to display a list of people who meet the entered search criteria.
4. Click the name of the person whose record you wish to amend to display their details.

NOTE: The **Memo** icon is called the Chaperone Memo. This is actually the Person memo which can also be seen on the Person details within **v4 client | Focus | People | Person**. The **Notes** icon is called the Notes memo and is the memo which should be used to record information against the Chaperone.

Recording Check Details

1. Open the required record. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
2. Select the **Registration** tab.
3. Click the **Add** hyperlink in the **Checks** section to display editable fields relating to check details.

4. Select a **Clearance Type** and a **Date Requested**.
5. Enter any other optional information.
6. Click the **Save** button.

3. For the check you wish to edit, click the **Edit** hyperlink to enable editing.
4. Make the required changes to the check details.
5. Click the **Save** button.

Deleting Check Details

1. Open the required application. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
2. Select the **Registration** tab.
3. For the check you wish to delete, click the **Delete** hyperlink to display the **Delete Chaperone Check** dialog.
4. Click the **Yes** button to delete the check.

Recording Interview Details

1. Open the required application. For more information, see see [Opening an Existing Chaperone Record](#) on page 60.
2. Select the **Interviews** tab to display the **Interview Details** section.
3. In the **Interview Details** section, click the **Add** button to display editable fields relating to interview details.

4. If a different venue is required, click the **Interview Venue** browse button to display the **Select a Venue** browser.

5. Highlight the required venue then click the **Select** button to update the venue in the application.
6. Select an **Interview Date**.
7. Enter any other optional information.
8. Click the **Save** button.

Editing Interview Details

1. Open the required application. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
2. Select the **Interviews** tab to display the **Interview Details** section.
3. Click the **Edit** hyperlink for the interview you wish to edit.
4. Make the required changes to the interview details.
5. Click the **Save** button.

Deleting an Interview Record

1. Open the required application. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
2. Click the **Interviews** tab to display the **Interview Details** section.
3. Click the **Delete** hyperlink for the interview you wish to remove to display the **Delete Chaperon Interview** dialog.
4. Click the **Yes** button to delete the interview record.

Recording Referee Details

You can record the details of referees for the chaperone. To record a referee against a chaperone application, the referee must also be recorded in One.

1. Open the required application. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
2. Select the **Interviews** tab.
3. Click the **Add** button in the **Referee Details** section to display editable fields relating to referee details.

5. Enter the required search criteria then click the **Search** button to display a list of people who meet the entered search criteria.

6. Select the check box adjacent to the name of the person you wish to add as a referee.
7. Click the **Select** button to add the person and return to the **Referee Details** section.
8. Enter any other details.
9. Click the **Save** button.

Editing Referee Details

1. Open the required application. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
2. Select the **Interviews** tab.
3. In the **Referee Details** section, click the **Edit** hyperlink for the referee you wish to edit.
4. Make the required changes.
5. Click the **Save** button.

Deleting a Referee

1. Open the required application. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
2. Select the **Interviews** tab.
3. In the **Referee Details** section, click the **Delete** hyperlink for the referee you wish to remove to display the **Delete Chaperone Referee** dialog.

4. Click the **Yes** button to delete the interview record.

Creating a Chaperone Licence

Before you can generate and print a chaperone licence, you must first add licence details in the **Licence Details** tab of the chaperone record.

After adding licence details you should generate and print the chaperone licence.

1. Open the required application. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
2. Select the **Licence Details** tab to display a list of licences for the chaperone.
3. Click the **Add** hyperlink to display editable fields relating to licence details.

The screenshot shows a web-based form for adding licence details. The form is titled 'Licence Details' and has a '+ Add' link. It contains a search field with 'Bedfordshire 97', a 'Licence Type' dropdown, and two date pickers for 'From Date' and 'To Date'. There are 'Cancel' and 'Save' buttons at the bottom right, and a 'Print Licence' button in the top right corner.

The LA defaults to the default for the One environment.

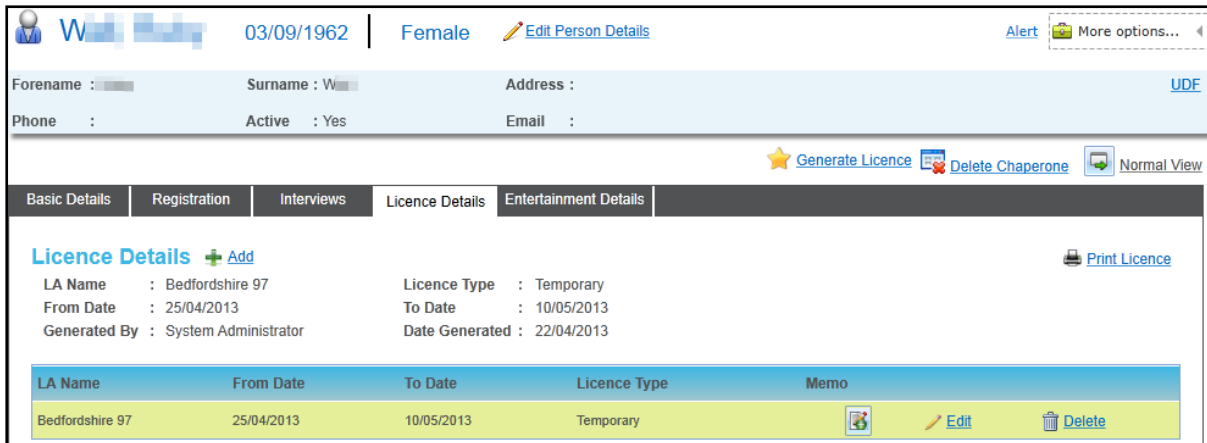

4. If you need to change the Local Authority, click the **LA name** browse button to display the **LA** browser.
5. Highlight the required LA then click the **Select** button to add it to the chaperone record.
6. Select the **Licence Type**, **From Date** and **To Date** as required.

NOTE: The options in the **Licence Type** drop-down can be edited in the v4 Client via **Tools | Lookups** (Table ID: 1214).

7. Click the **Save** button to record the licence details and add them to the list of licences.
8. You should now generate and print the licence. For more information, see [Generating and Printing a Chaperone Licence](#) on page 66.

Generating and Printing a Chaperone Licence

1. Open the required record. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
2. Select the **Licence Details** tab.

- Highlight the record for which you wish to generate the licence, then click the **Generate Licence** hyperlink to display the **Generate Licence** confirmation dialog.

NOTE: After generating the licence, you cannot delete a licence from the **Licence Details** list.

- Click the **OK** button to close the confirmation dialog.
- Ensure the correct licence is still selected then click the **Print Licence** hyperlink to print it.

Editing a Chaperone Licence

- Open the required record. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
- Select the **Licence Details** tab.

- For the licence you wish to update, click the **Edit** hyperlink.
- Make the required changes.
- Click the **Save** button.

Deleting a Chaperone Licence

If you have created a licence application in the **Licence Details** list but have not yet generated the licence, it can be deleted.

- Open the required record. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
- Select the **Licence Details** tab.

| Basic Details | Registration | Interviews | Licence Details | Entertainment Details |
|--|--------------------------|------------------------|----------------------|---|
| Licence Details + Add | | | | Print Licence |
| LA Name : Bedfordshire 97 | Licence Type : Temporary | From Date : 01/05/2013 | To Date : 31/05/2013 | Date Generated : |
| Generated By : | | | | |
| LA Name | From Date | To Date | Licence Type | Memo |
| Bedfordshire 97 | 01/05/2013 | 31/05/2013 | Temporary |  Edit  Delete |

- For the licence you wish to remove, click the **Delete** hyperlink to display the **Delete Chaperon Licence** confirmation dialog.
- Click the **Yes** button to delete the licence.

Chaperone Active Status

Only chaperones with an **Active** status can be associated with entertainment licences. If you cannot add a chaperone to an application, ensure that they have an **Active** status. For more information on making a chaperone active, see [Making a Chaperone Active](#) on page 68.

You can make a chaperone inactive if you wish to temporarily prevent them from being associated with student performance licences. You may want to make a chaperone inactive if they have not attended a required interview or presented a required check. Making a chaperone inactive does not delete the person or their chaperone related information from One. For more information, see [Making a Chaperone Inactive](#) on page 68.

Finally, you can delete a chaperone from One. This does not remove the person completely from the database, but instead deletes all the chaperone related information from the database, such as the record of checks and interviews completed during the chaperone registration process. For more information, see [Deleting a Chaperone](#) on page 69.

Making a Chaperone Inactive

- Open the required chaperone record. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
- Select the **Registration** tab.
- In the **Application Summary** section, click the **Edit** button to enable editing.
- Deselect the **Active** check box to display the **Inactive date** and **Inactive Reason** drop-down lists.
- Select an **Inactive date** and **Inactive Reason**.
- Click the **Save** button to make the chaperone inactive.

Making a Chaperone Active

- Open the required chaperone record. For more information, see see [Opening an Existing Chaperone Record](#) on page 60.
- Select the **Registration** tab.
- In the **Application Summary** section, click the **Edit** button to enable editing.
- Select the **Active** check box.
- Click the **Save** button to make the chaperone active.

Deleting a Chaperone

Before deleting a chaperone, you must ensure that they are not currently associated with any entertainment applications. If they are associated with existing applications, you must remove them from the applications before deleting their chaperone information. You can view the applications to which they have been assigned in the **Entertainment Details** tab. For more information, see [Viewing Entertainment Details](#) on page 69.

IMPORTANT NOTE: This process should be completed only if the person will never be a chaperone again. If you would like to prevent the person from being assigned as a chaperone temporarily, you can make their chaperone status inactive. For more information, see [Making a Chaperone Inactive](#) on page 68.

1. Open the required application. For more information, see [Opening an Existing Chaperone Record](#) on page 60.
2. Click the **Delete Chaperone** hyperlink to display the **Delete Chaperone** dialog.
3. Click the **Yes** button to display the **Delete Chaperone** confirmation dialog.
4. Click the **OK** button to complete deletion of chaperone information.

Viewing Entertainment Details

You can view all the entertainment applications to which a chaperone is already attached via the **Entertainment Details** tab.

1. Open the required chaperone record. For more information, see see [Opening an Existing Chaperone Record](#) on page 60.
2. Select the **Entertainment Details** tab to display a list of all the entertainment applications with which the chaperone is associated.

| Basic Details | | Registration | | Interviews | | Licence Details | | Entertainment Details | |
|------------------------------|---------------|----------------|----------------|---------------------------|------------------|-----------------|------------|----------------------------------|--|
| Entertainment Details | | | | | | | | | |
| Filter | Employer Name | Performance | Performer Name | | | | | | |
| Employer Name | Performance | Performer Name | DOB | Current Base | Performance Type | Start Date | End Date | Application | |
| ANT Dummy | Film Show | Jimmy Abbey | 17/04/1998 | Primrose Secondary Sch | Film | 16/04/2013 | 28/04/2013 | View Application | |
| ANT Base A | DocTest | Claire Abbot | 22/04/1997 | Molly Ann's Secondary Sch | Film | 22/04/2013 | 28/04/2013 | View Application | |

3. If necessary, use the filters to limit the number of applications displayed.
4. To view additional information about a specific entertainment application, click the **View Application** hyperlink.

08 / Maintaining Employer Details

Introduction

Users with the appropriate permissions can view and edit employer details. Some employer detail tabs are specific to either employment or entertainment, but others are common to both.

- Common tabs
 - Contact Person
 - Inspection
- Employment specific tabs
 - Student Employees
 - Entertainment specific tabs
- Performances
 - Student Performers
 - Performance Schedule

A new employer can be added via the **Employer** area or by clicking the **Add New Employer** or **Add New Employer from Bases** hyperlinks when creating a new application. You can view and edit employer details via the **Employer** area, or via the **View Employer Details** hyperlink in a completed application.

Creating a New Employer

A new employer can be added via the **Employer** area or by clicking the **Add New Employer** or **Add New Employer from Bases** hyperlinks when creating a new application.

More Information:

[Creating a New Employer via the Employer Area](#) on page 70

[Creating a New Employer via the Add New Employer Hyperlink](#) on page 73

[Creating a New Employer via the Add new Employer from Bases Hyperlink](#) on page 73

Creating a New Employer via the Employer Area

Users with the appropriate permissions can add the details of an employer via the **Employer** area.

1. From the One homepage, click the **Applications** button to display the **Applications** area.
2. Select the **Employer** area to display the **All Employers** page.

3. Click the **Add New Employer** hyperlink to display the **Add New Employer** dialog.

4. Select the required type of employer then click the **Select** button to display the **Add New Employment Employer/Entertainment Employer** page.

Maintaining Employer Details

The screenshot shows a web application interface for adding a new employer. The navigation bar includes 'One Home', 'Applications', 'Employer' (highlighted), 'Chaperone', 'Reports', 'Batch Processing', and 'Administration'. The user is logged in as 'Welcome SYSADMIN'. The page title is 'All Employers'. The main content area is titled 'Add New Employment Employer' and contains a sub-link 'Add Employer from Bases'. The form includes the following fields: 'Employer Name' (required), 'Business Category' (dropdown), 'Address', 'Phone', 'Email', 'Fax', 'Parent Company' (with a search icon and a sub-link 'Add Parent Company'), 'Contact Name' (required), 'Job Title', 'Address', 'Phone', 'Email', 'Fax', 'Start Date (dd/mm/yyyy)', and 'End Date (dd/mm/yyyy)'. At the bottom right, there are 'Cancel' and 'Save' buttons.

5. Enter the details for the employer. **Employer Name**, **Business Category** and **Contact Name** are required fields.

Alternatively, click the **Add Employer from Bases** hyperlink to select an existing base from the One database as an employer. For more information, see [Creating a New Employer via the Add new Employer from Bases Hyperlink](#) on page 73.

6. Enter any additional details.
7. If required, add a parent company:
 - a. Click the **Add Parent Company** hyperlink to display the **Parent Company Details** dialog.
 - b. Enter the company details. **Company Name** is required.
 - c. Click the **Save** button.

NOTE: You cannot add a parent company when creating a new entertainment employer.

8. Click the **Save** button to display the details of the employer.

Creating a New Employer via the Add New Employer Hyperlink

Users with the appropriate permissions can add the details of an employer that is not already recorded in One while creating an application.

1. From the **Create New Application** page, click the **Add New Employer** hyperlink to display the **Add New Employer** page.

2. Enter the details for the employer. **Employer Name**, **Business Category** and **Contact Name** are required fields.
3. Enter any additional details.
4. If required, add a parent company:
 - a. Click the **Add Parent Company** hyperlink to display the **Parent Company Details** dialog.
 - b. Enter the company details. **Company Name** is required.
 - c. Click the **Save** button.

NOTE: You cannot add a parent company when creating a new employer via an entertainment application.

5. Click the **Save** button to return to the **Add New Employment Application/Entertainment Application** page.

Creating a New Employer via the Add new Employer from Bases Hyperlink

When creating an application or adding a new employer via the **Employer** area, users with the appropriate permissions can add the details of an employer that is not already recorded in One using an existing base.

1. From the **Create New Application** page or the **Add New Employment/Entertainment Employer** page, click the **Add New Employer from Bases** hyperlink to display the **Add New Employer from Bases** dialog.

2. Enter the details for the employer. **Base Name**, **Business Category**, **Role** and **Contact Person** are required fields.
3. Enter any additional details.
4. If required, add a parent company:
 - a. Click the **Add Parent Company** hyperlink to display the **Parent Company Details** dialog.
 - b. Enter the company details. **Company Name** is required.
 - c. Click the **Save** button.

NOTE: You cannot add a parent company when creating a new employer via an entertainment application.

5. Click the **Save** button to return to the **Add New Employment Application/Entertainment Application** page.

Viewing Employer Details

You can view an employer's details from within an application by clicking the **View Employer Details** hyperlink. When clicked from within an application, this displays the details of the employer currently associated with the application.

To view the details of any employer recorded in the One database:

1. From the One homepage, click the **Applications** button to display the **Applications** area.
2. Select the **Employer** area to display the **All Employers** page.

3. Make the required changes to the employer details.
4. Click the **Save** button.

Deactivating an Employer

If you do not want an employer to be returned by default by the employer search, you can deactivate the employer's record. You might do this if the employer has ceased trading, but you cannot delete the employer because it has had work permits issued against it in the past. If an employer does not have any associated applications, you can delete the employer. For more information, see [Deleting an Employer](#) on page 78.

To deactivate an employer:

1. From the One homepage, click the **Applications** button to display the **Applications** area.
2. Select the **Employer** area to display the **All Employers** page.

The screenshot shows the 'All Employers' page with the following search criteria:

- Search Input: (Empty)
- Dropdown: All
- Business Category: (Empty)
- Parent Company Name: (Empty)
- Active Only:

Results: No matching Employer(s) found for "brown".

| Employer Name | Employer Type | Business Category | Parent Company Name | Company Contact No | Company Address | Application Count |
|---------------|---------------|-------------------|---------------------|--------------------|-----------------|-------------------|
|---------------|---------------|-------------------|---------------------|--------------------|-----------------|-------------------|

3. Enter the search criteria for the employer you want to deactivate.
4. Click the **Search** button to display a list of employers that match the search criteria.

The screenshot shows the 'All Employers' page with the following search criteria:

- Search Input: brown
- Dropdown: All
- Business Category: (Empty)
- Parent Company Name: (Empty)
- Active Only:

Results: 1 Employer(s) matching "brown"

| Employer Name | Employer Type | Business Category | Parent Company Name | Company Contact No | Company Address | Application Count |
|---------------|---------------|---------------------|---------------------|--------------------|-----------------|-------------------|
| brown farms | Employment | CARC - Car Cleaning | | | | 0 |

5. Click the required employer name in the list to display their details.

Maintaining Employer Details

The screenshot shows a web application interface for managing employers. At the top, there is a navigation bar with tabs for 'One Home', 'Applications', 'Employer', 'Chaperone', 'Reports', 'Batch Processing', 'Adm', 'Welcome', 'SYSADMIN', 'Open New Tab', 'Help', and 'Logout'. Below the navigation bar, the page title is 'All Employers'. The main content area shows the details for an employer named 'brown farms' with the application 'Car Cleaning'. There are links for 'Edit Employer Details', 'Remove Employer', 'Back to Employer Search', 'Alert', and 'More options...'. The employer details include fields for 'Address', 'Phone', 'Email', 'Fax', 'Parent Company', and 'Active' (checked). There is also a 'UDF' link. Below the employer details, there are tabs for 'Student Employees', 'Contact Person', and 'Inspection'. The 'Student Employees' tab is selected, showing 'No Student employee details to display' and a 'UDF' link.

- Click the **Edit Employer Details** hyperlink to enable editing.

The screenshot shows the 'Edit Employer Details' form. The employer name is 'brown farms'. There are input fields for 'Address', 'Phone', 'Email', and 'Fax'. The 'Active' checkbox is checked. There are 'Cancel' and 'Save' buttons. There is also a 'UDF' link and a 'Back to Application' link.

- Deselect the **Active** check box to display the **Inactive Date** and **Inactive Reason** fields.

The screenshot shows the 'Edit Employer Details' form with the 'Active' checkbox unchecked. The 'Inactive Date' and 'Inactive Reason' fields are now visible. There are 'Cancel' and 'Save' buttons. There is also a 'UDF' link and a 'Back to Application' link.

- Select the required **Inactive Date** and **Inactive Reason**.
- Click the **Save** button.

You can reactive an employer by selecting the **Active** check box.

Deleting an Employer

If you no longer require an employer record, you can delete it. However, you cannot delete employers that are associated with any applications. If you want to delete an employer, you must first delete any associated applications. If any of the associated applications have ever had a work permit issued against them, then you cannot delete the application and therefore cannot delete the employer record. If you cannot delete an employer, but you no longer want it be returned when searching for employers, you can make it inactive. For more information, see [Deactivating an Employer](#) on page 76.

To delete an employer record:

1. From the One homepage, click the **Applications** button to display the **Applications** area.
2. Select the **Employer** area to display the **All Employers** page.

The screenshot shows the 'All Employers' page. At the top, there is a navigation bar with 'One Home', 'Applications', 'Employer' (highlighted), 'Chaperone', 'Reports', 'Batch Processing', 'Adn', 'Welcome', 'SYSADMIN', 'Open New Tab', 'Help', and 'Logout'. Below the navigation bar, the page title is 'All Employers'. There is a section for 'Employers' with a '+ Add New Employer' link. Below this, there are search filters: a text input field (empty), a dropdown menu set to 'All', a 'Business Category' dropdown (empty), and a 'Parent Company Name' text input field. There is also an 'Active Only' checkbox which is checked. A 'Clear Search' link and a 'Search' button are present. Below the search filters, a message states 'No matching Employer(s) found for "brown".'. At the bottom, there is a table with the following columns: 'Employer Name', 'Employer Type', 'Business Category', 'Parent Company Name', 'Company Contact No', 'Company Address', and 'Application Count'. The table is currently empty.

3. Enter the search criteria for the employer whose details you want to delete.
4. Click the **Search** button to display a list of employers that match the search criteria.

The screenshot shows the 'All Employers' page after a search. The search criteria 'brown' is entered in the text input field. The 'Search' button has been clicked, and the results are displayed. A message states '1 Employer(s) matching "brown"'. The table now contains one row with the following data:

| Employer Name | Employer Type | Business Category | Parent Company Name | Company Contact No | Company Address | Application Count |
|---------------|---------------|---------------------|---------------------|--------------------|-----------------|-------------------|
| brown farms | Employment | CARC - Car Cleaning | | | | 0 |

5. Click the required employer name in the list to display their details.

Maintaining Employer Details

- Click the **Contact Person** browse button to display the **Person Search** browser.

The screenshot shows a 'Person Search' window with a search form and a results table. The search form includes fields for Title, Contact Name, Gender, and Postcode, along with checkboxes for 'Include Name History' and 'Active'. A 'Search' button is located at the bottom right of the form. Below the form is a table with columns: Name, Title, Chosen Name, Given Name 2, Person Id, and Postcode. The table is currently empty. At the bottom left of the window is a '+ Add New Person' link, and at the bottom right are 'Close' and 'Select' buttons.

- Enter search criteria for the person you wish to add then click the **Search** button to display a list of people who match the entered search criteria.
- Highlight the required person then click the **Select** button to add them to the **Employer Contact** information.

Adding an Employment Inspection Report

- Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
- Select the **Inspection** tab.

The screenshot shows the 'Inspection' tab selected in a system interface. The 'Inspection Details' section is active, displaying the following information:

- Employer Contact : Contact1 Contact
- Inspection Date : 26/02/2013
- Reason : EWO Request
- Visitor : M [redacted]
- Time Spent :
- Outcome : 2nd Warning

Below this information is a table with the following columns: Employer Contact, Visitor Name, Inspection Date, Reason, and Memo. The table contains two rows of data:

| Employer Contact | Visitor Name | Inspection Date | Reason | Memo |
|------------------|----------------|-----------------|--------------------------|--|
| [redacted] | Mr. [redacted] | 26/02/2013 | EWO - EWO Request | [redacted] Edit Delete |
| [redacted] | Mr. [redacted] | 16/04/2013 | AC - Anonymous Complaint | [redacted] Edit Delete |

- Click the **Add** hyperlink to display blank fields in the **Inspection Details** section.

4. Click the **Employer Contact** browse button to display the **Select a Employer Contact** browser.

| Surname | Forename | Title | |
|---------|----------|--------|--------|
| A | | | Remove |
| rt | | | Remove |
| P | | Mr | Remove |
| A | | Algies | Remove |

5. Highlight the required person then click the **Select** button to add them to the inspection details.
6. If required, select a different **Visitor**.
7. Add an **Inspection Date**.
8. Select a **Reason** from the drop-down list.
9. Select any other optional information.
10. Click the **Save** button.

Adding an Entertainment Inspection Report

1. Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
2. Select the **Inspection** tab.

Maintaining Employer Details

| Performances | Student Performers | Contact Person | Inspection | Performance Schedule | |

7. Highlight the required visitor then click the **Select** button to add the visitor to the inspection.
8. Select a **Performance Name**.
9. Select an **Inspection Date**.
10. Select any other optional information.
11. Click the **Save** button.

Viewing an Inspection Report

1. Open the record for the employer whose details you want to edit. For more information, see see [Viewing Employer Details](#) on page 74.
2. Select the **Inspection** tab.
3. Select an inspection in the list to display the details in the **Inspection Details** header.

Editing an Inspection Report

1. Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
2. Select the **Inspection** tab.
3. For the inspection you wish to update, click the **Edit** hyperlink to enable editing. For more information, see *Adding an Employment Inspection Report* on page 82 or *Adding an Entertainment Inspection Report* on page 83.
4. Make any required changes. Click the **Save** button.

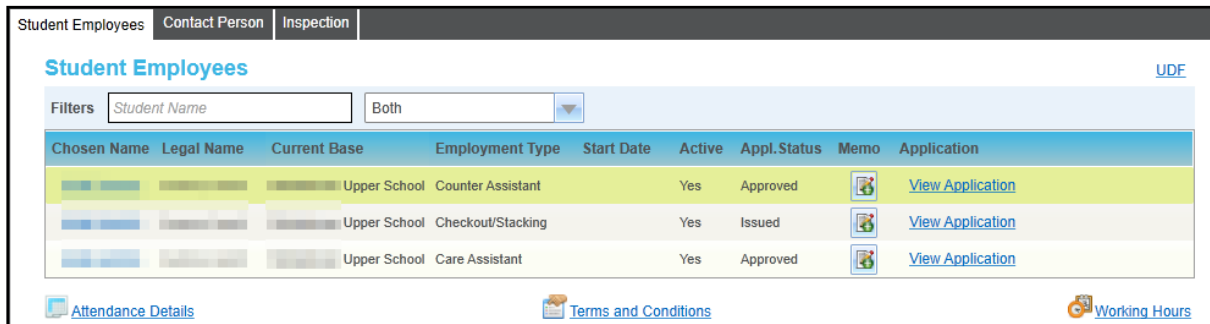

Deleting an Inspection Report

1. Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
2. Select the **Inspection** tab.
3. For the inspection you wish to remove, click the **Delete** hyperlink to display the **Delete Inspection Details** confirmation dialog.
4. Click the **Yes** button to delete the inspection.

Viewing the Student Employees List

You can view all the students employed by a specific employer in the **Student Employees** tab for that employer. From the list, you can view information on any of the employed students, including their attendance record, employment terms and conditions and working hours.

1. Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
2. By default the **Student Employees** tab, which contains the **Student Employees** list, is displayed.

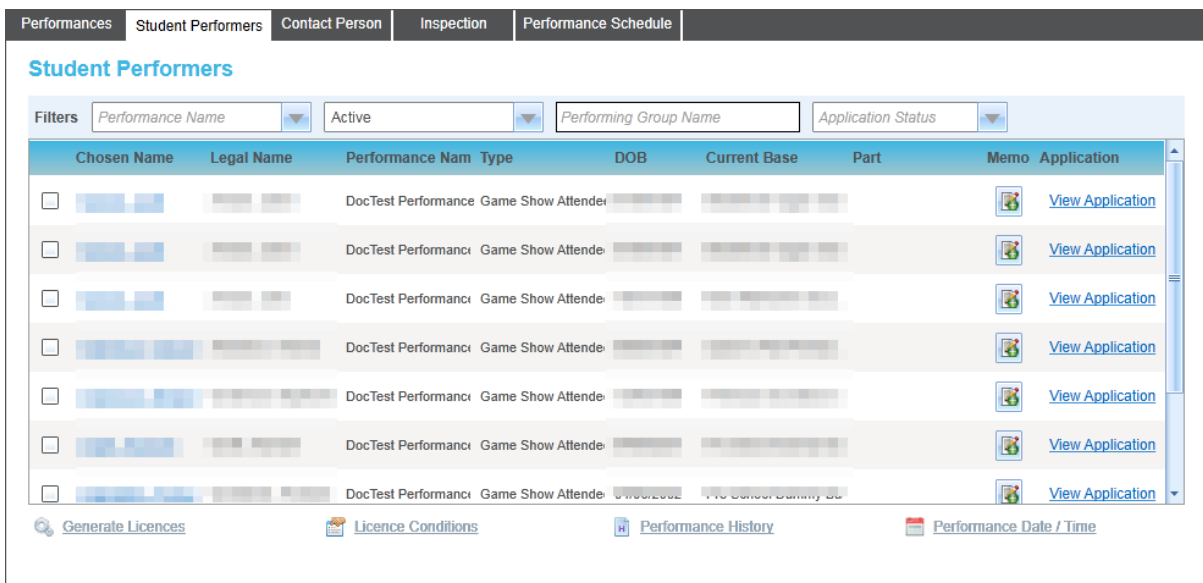

3. If required, use the filters to find a specific student.
4. To view a student employee's details, highlight their name in the list then click the **View Application**, **Attendance Details**, **Terms and Conditions** or **Working Hours** hyperlink as required.

Viewing the Student Performer List

The **Student Performers** tab displays all the students who have an active performance licence application associated with the selected employer. The list provides basic information about the student and performance and also provides a link to view the entire application. You can also access and edit the student's licence conditions, view their performance history and schedules via the provided hyperlinks.

1. Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
2. Select the **Student Performers** tab.

3. If necessary, use the filters to locate the student whose information you wish to view.
4. Click the student's name to display their basic details or click the **View Application** hyperlink to display the entire application.
5. To edit the student's **Licence Conditions** or to view their **Performance History** or **Performance Date/Time**, select the check box adjacent to their name then click the appropriate hyperlink.

Viewing the Performances List

The **Performances** tab displays all the performances associated with a selected employer. In this tab you can also add, edit and delete performances.

1. Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
2. Select the **Performances** tab to display the performances associated with the employer.

| Performances | | | | | | |
|---|---------------------|-----------------|----------------------|------------|------|------------------------|
| Student Performers | Contact Person | Inspection | Performance Schedule | | | |
| Performance Details + Add | | | | | | |
| Filter | Active | | | | | |
| Name | Type | Location | From Date | To Date | Memo | |
| Performance 1 | Modelling | Whembly Stadium | 01/07/2013 | 24/07/2013 | | Delete |
| One Pubs Dance-Off | Musical Performance | Whembly Stadium | 15/02/2017 | 28/02/2017 | | Delete |
| 13th Night | Stage | | 26/03/2013 | 05/04/2013 | | Delete |
| Lés Happy | Stage | Star Theatre | 15/08/2014 | 17/08/2014 | | Delete |
| Barn Dance | TV Commercial | Star Theatre | 04/07/2014 | 11/07/2014 | | Delete |

More Information:

[Adding a Performance](#) on page 87
[Deleting a Performance](#) on page 90

Adding a Performance

All applications must have a performance associated with them. A performance record contains information such as the name, type, location and dates of both the performance and rehearsals.

Once created, performances should be associated with performing groups via the **Performing Schedule** tab.

1. Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
2. Select *the Performances tab*.

Cancel Save

- Enter the performance and rehearsal details. **Performance Name**, **Performance Type**, performance **From Date** and performance **To Date** are required fields.

TIPS: The **No. of Days** fields for a performance or rehearsal are calculated automatically when you add the required start and end dates. However, if there is not a performance or rehearsal every day, you can manually edit the fields. You can also enter a duration for the performance or rehearsal manually.

5. Click the **Save** button. The details are displayed as read-only.
6. Click the blue arrow next to the **Performance Details** heading to return to the performance list. The newly added performance is now in the list of available performances.

| Name | Type | Location | From Date | To Date | Memo |
|--------------------|---------------------|-----------------|------------|------------|--------|
| Performance 1 | Modelling | Whembly Stadium | 01/07/2013 | 24/07/2013 | Delete |
| One Pubs Dance-Off | Musical Performance | Whembly Stadium | 15/02/2017 | 28/02/2017 | Delete |
| 13th Night | Stage | Star Theatre | 26/03/2013 | 05/04/2013 | Delete |
| Lés Happy | Stage | Star Theatre | 15/08/2014 | 17/08/2014 | Delete |
| Barn Dance | TV Commercial | Star Theatre | 04/07/2014 | 11/07/2014 | Delete |

You can now associate the performance with a performing group in the **Performance Schedule** tab. For more information, see [Adding a Performing Group](#) on page 90.

Editing a Performance

1. Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
2. Select the **Performances** tab.
3. For the performance you wish to update, click the **Edit** hyperlink to enable editing.
4. Make the required changes.
5. Click the **Save** button.

Deleting a Performance

A performance can be deleted only if no active students are associated with it. If the performance is associated with active students, it must be removed from the student applications before it can be deleted.

1. Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
2. Select the **Performances** tab.
3. For the performance you wish to delete, click the **Delete** hyperlink to display the **Delete Performance** confirmation dialog.
4. Click the **OK** button to delete the record.

Adding a Performing Group

After creating a performance, you must associate the performance with a specific performing group. After a group is associated with a performance, the group can be associated with an application in the **Performance Schedule** tab of the application. Although a performance can have more than one performance group associated with it, a group can only be associated with one performance.

1. Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
2. Select the **Performance Schedule** tab to display a list of groups and their associated performances.

4. Enter a **Performing Group Name**.
5. Select a **Performance Name**.

If the selected performance already has associated applications, the names of the students are displayed in the **Student Performers** lists.

6. Set the **Performance Details** and **Rehearsal Details** as required for any associated students. For more information, see [Setting Performance and Rehearsal Details for a Performing Group](#) on page 92.
7. Click the **Save** button.

Setting Performance and Rehearsal Details for a Performing Group

When defining or editing a performing group in the **Performance Schedule** tab, all the students in the group must have the same performance and rehearsal schedules. However, you can choose not to apply any schedule to members of a group by deselecting them. Changes made here are reflected in the student’s **Performance Schedule** tab.

Although the following procedure starts by opening an existing group, the principles are the same if you are setting schedules while adding a new performing group.

1. Open the record for the employer whose details you want to edit. For more information, see [Viewing Employer Details](#) on page 74.
2. Select the **Performance Schedule** tab to display a list of groups and their associated performance.

| Group Name | Performance Name | Performance Type | Student Count | Memo | Performance Timing |

09 / Managing Reports

Overview

The Applications module provides 16 preconfigured Crystal reports relating to Children in Employment and Entertainment. The available reports are:

- Active Performance Report
- Applicant List
- CE_Employee_Employment_Card(Employee) report
- CE_Employee_Employment_Card(Employer) report
- Chaperone Licence
- Chaperone List (licenced) Report
- Chaperones & Students
- Employee List by Parent Company/Workplace
- Employer List
- Employer Covering Letter
- Licence Not Issued (by Applicant)
- Number of Employees by Employee Type
- Licences Issued (By school)
- Licences Issued (By Applicant)
- Performance Composite Licence Report
- Performance Individual Licence Report

Managing reports in CIEE is similar to managing reports in other areas of One v4 Online. For more information on using the reports functionality, refer to one of the following reference guides:

- RG_Online_Common_Reports
- RG_Online_Reports
- RG_Online_Reports (ATBO)

10 / Common Functionality

Introduction

For ease of use, wherever possible, the same or similar processes have been created regardless of the type of application that is being created. This chapter details processes that are similar across both the Children in Employment and Children in Entertainment areas.

Creating a New Student to Add to an Application

When creating an application, users with the correct permissions can add the details of a student who is not already in One.

1. From the **Create New Application** page, click the **Add New Student** hyperlink to display the **Add New Student** dialog.

The screenshot shows a web application interface with a navigation bar at the top containing 'One Home', 'Applications', 'Chaperone', 'Reports', and 'Administration'. The user is logged in as 'SYSADMIN'. The main content area is titled 'Create New Application - Employment' and features a sub-section 'Add New Student'. This section contains a form with the following fields and controls:

- Forename**: Text input field.
- Middle Name**: Text input field.
- Surname**: Text input field.
- DOB: (dd/mm/yyyy)**: Text input field with a calendar icon.
- Gender**: Dropdown menu.
- Home LA**: Text input field with a search icon.
- Funding LA**: Text input field with a search icon.
- Chosen Forename**: Text input field.
- Chosen Surname**: Text input field.
- Select Current Address**: Text input field with a search icon.
- Clear Address**: Hyperlink.
- Base Name, URN, School No.**: Text input field with a search icon.

At the bottom right of the dialog, there are 'Cancel' and 'Save' buttons.

2. Enter the details for the student. **Forename**, **Surname**, **DOB** and **Gender** are required fields.
3. Enter any additional details for the student.
4. Click the **Save** button to return to the **Create New Application** page.

Adding a Photo to a CIEE Application

If a student already has a photo associated with another application, One uses this photo when creating a new application. However, if no photo exists, you can add one. If you attach a photo to an application, One uses this photo in all applications for the student.

NOTE: The photo must be in either .jpg or .png file format.

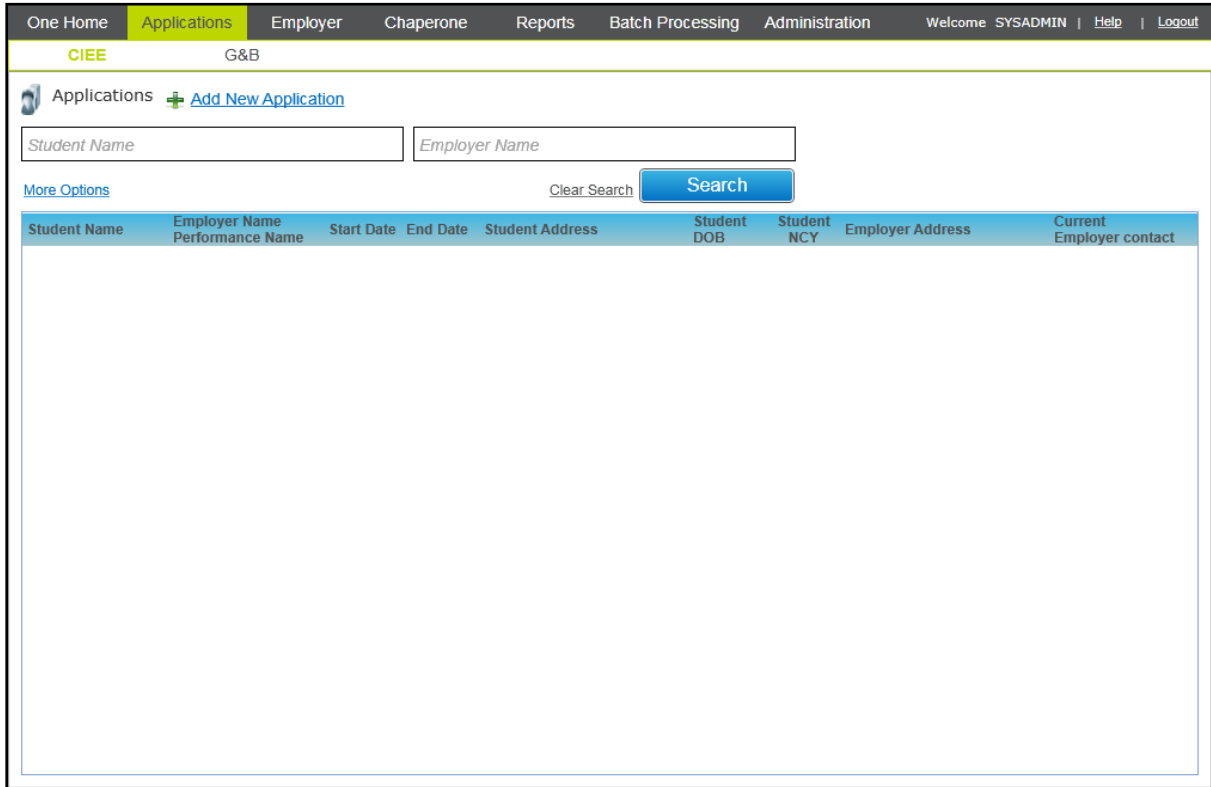

1. Open the required application. For more information, see [Opening an Application](#) on page 100.
2. In the **Basic Details** tab, click the **Edit** hyperlink.
3. Click the **Add Photo** hyperlink to display the **Open** dialog.
4. Navigate to the location of the photo you would like to add to the student's record.
5. Click the **Open** button to upload the photo to the database.

You can click the **Change Photo** hyperlink to change the photo before saving the application. It is not possible to delete the photo until the application has been created.

Opening an Application

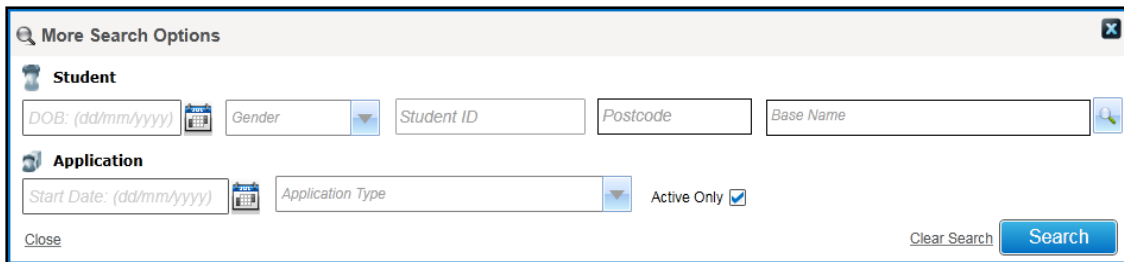

After creating an application, you can search for it using student details, employer name or application specific details.

1. From the One homepage, click the **Applications** button to display the **Applications** area.

2. In the **Application** panel, ensure the **CIEE** page is selected and enter your search criteria.

To search using more specific student or application details, click the **More Options** hyperlink to display the **More Search Options** dialog.

3. Click the **Search** button to display a list of applications that meet the entered search criteria.

Common Functionality

TIP: Click the **Back to Application Search** hyperlink to display the results of your last search without having to re-enter your search criteria.

To view all the other applications for the employer associated with the currently open application, select the **Employer Applications** tab.

Editing Basic Details

1. Open the application you wish to edit. For more information, see [Opening an Application](#) on page 100.

The screenshot shows the 'Basic Details' tab of an application. At the top, there is a navigation bar with 'One Home', 'Applications' (highlighted), 'Chaperone', 'Reports', and 'Administration'. The user is logged in as 'Welcome SYSADMIN'. The page title is 'Countryville Post-Standard'. Below the title, there are links for 'View Employer Details' and 'View Student Details'. The employer information includes: Business Category: Office; Employer Address: 33 Does-nt-Exist Road, Countryville, Countrytown, Countyshire, YY99 9YY; Employer Contact: Sir [redacted]; Phone: [redacted]; Email: [redacted]; Parent Company: [redacted]. The student information includes: Student ID: 8[redacted]; DOB: [redacted]; NCY: [redacted]; Registered Base: [redacted]. At the bottom of the page, there are buttons for 'Generate Workpermit', 'Delete Application', and 'Normal View'. The 'Application Summary' section is visible, showing: Application Status: Approved; Active: Yes; Employer Contact: Sir B[redacted]; Application Received: 22/03/2013; Application Entered: 22/03/2013; Start Date: 22/03/2013; End Date: 28/06/2013; Employment Type: Clerical Assistant; Employment Card No: WELC000008; Employment Permit Issued: [redacted]. There is a 'No photo attached' placeholder on the right side of the summary.

2. In the **Basic Details** tab, click the **Edit** hyperlink in the **Application Summary** section to display editable fields relating to application details.

The screenshot shows the 'Application Summary' section in the 'Basic Details' tab, which is now in an edit mode. The 'Active' checkbox is checked, and there is an 'Inactive Reason' dropdown menu. The application status is 'APP - Approved'. The employer contact is 'Sir Barry St-Edmunds'. The application received date is '22/03/2013', and the application entered date is '22/03/2013'. The start date is '22/03/2013' and the end date is '28/06/2013'. The employment type is 'CLER - Clerical Assista'. The employment card number is 'WELC000008'. The employment permit issued is [redacted]. The term time is '00:00 hours' and the holidays are '00:00 hours'. There is a 'No photo attached' placeholder on the right side of the summary, with 'Change Photo' and 'Delete Photo' links below it. At the bottom right, there are 'Cancel' and 'Save' buttons.

3. Make the required changes to the application details.

- Click the **Save** button to record the changes.

Generating Licences in Bulk

You can quickly view all the applications for an employer and then generate licences in bulk for that employer via the **Employer Applications** tab, available from within any application. One performs the standard validation checks for all the selected applications when you attempt to bulk generate licences, so you should ensure that all selected applications can pass validation before including them in a bulk licence operation.

NOTE: The following steps illustrate creating a workpermit. However, the process is the same when creating a performance licence.

To generate licences in bulk:

- Open any application associated with an employer for whom you want to bulk create licences. For more information, see [Opening an Application](#) on page 100.
- Select the **Employer Applications** tab to display all the applications for the current employer.

The screenshot displays the 'Employer Applications' tab in a web application. The top navigation bar includes 'One Home', 'Applications', 'Employer', 'Chaperone', 'Reports', 'Batch Processing', and 'Administration'. The user is logged in as 'Welcome SYSADMIN'. The main content area shows 'Student Employees' with a table of applications. The table has columns for Chosen Name, Legal Name, Current Base, Employment Type, Start Date, Active, Appl. Status, Memo, and Application. There are six rows of data, each with a 'View Application' link. Below the table are buttons for 'View Attendance Details', 'Bulk Generate Workpermit', 'View Terms and Conditions', and 'View Working Hours'.

| Chosen Name | Legal Name | Current Base | Employment Type | Start Date | Active | Appl. Status | Memo | Application |
|---------------|---------------|-----------------------------|-----------------------|------------|--------|--------------|------------|----------------------------------|
| A. [redacted] | Bl [redacted] | E [redacted] | Coffee Shop Assistant | 04/06/2015 | Yes | Approved | [redacted] | View Application |
| A. [redacted] | Bl [redacted] | E [redacted] Primary School | Coffee Shop Assistant | 04/06/2015 | Yes | Approved | [redacted] | View Application |
| B. [redacted] | Al [redacted] | [redacted] School | Animal Husbandry | | Yes | Issued | [redacted] | View Application |
| D. [redacted] | Al [redacted] | [redacted] | Animal Husbandry | 01/06/2015 | Yes | Approved | [redacted] | View Application |
| J. [redacted] | Al [redacted] | [redacted] | Animal Husbandry | 08/07/2014 | Yes | Issued | [redacted] | View Application |
| M. [redacted] | Al [redacted] | [redacted] Secondary School | Animal Husbandry | 01/06/2015 | Yes | Approved | [redacted] | View Application |

- Review the details of the individual applications you wish to include in the bulk process. Click the **View Application** hyperlink against an application to edit its details.
- Select the check box for each application for which you want to generate a workpermit/performance licence.
- Click the **Bulk Generate Workpermit** hyperlink to display the **Select a Work Permit Report** dialog.
- (Workpermit creation only) Select the required report and click the **Select** button.

The workpermits/performance licences are generated.

Deleting an Application

If a student or employer's circumstances change and the application is no longer required and the related work permit or licence has not already been issued, the application can be deleted.

1. Open the application you wish to delete. For more information, see [Opening an Application](#) on page 100.
2. Click the **Delete Application** hyperlink to display the **Delete Application** dialog.
3. Click the **Yes** button to delete the application and display the **Delete Application** confirmation dialog.
4. Click the **OK** button to return to the **Applications** home page.

One v4 Online Common Functionality

The One v4 Online version of G&B shares functionality with other One modules. For help using functionality shared with other modules, use the following resources.

- Alerts – *Managing Alerts* topic in the v4 Online help.
- Linked Reports – *Managing Linked Reports* topic in the v4 Online help.
- Linked Documents – *Linked Documents* topic in the v4 Online help.
- Communications Log - *Maintaining the Communications Log* topic in the v4 Online help.
- SQL Query Mail Merge – *Maintaining SQL Mail Merge* topic in the v4 Online help.
