02 | Citizen Self Service Admin

Overview

The One Citizen Self Service portal is a secure online gateway provided by the Local Authority enabling users to apply for the following services:

- 30 Hour Entitlement
- Courses
- Free School Meals
- Two Year Old Funding
- School Places
- Special Educational Needs and Disabilities
- Transport.

These applications are then transferred into One for loading into the appropriate modules:

Citizen Self Service Portal	One
30 Hour Entitlement	Early Years v4
Courses	Training Manager v4
Free School Meals	Grants and Benefits v4
Funded Early Education for 2 year olds	Early Years v4
School Places	Admissions and Transfers v4
Special Educational Needs and Disabilities	SEND v4
Transport	Transport v4

For local authorities, it enables staff to easily match information supplied via the portal to data already held in the Capita One database. Local authority staff can interactively match records and resolve conflicts with people data, removing the need to import and process data manually.

The Citizen Portal Admin functionality is available to Local Authorities in One v4 Online, subject to a licence and v4 Client permissions. The Citizen Portal Admin enables local authority teams to view filtered lists of the portal applications and the details of each application.

NOTE: Throughout the Citizen Self Service portal, clicking in a field displays a tooltip containing information on the selected field. Tooltips are managed via **Citizen Portal Admin | Administration | General Administration | Edit Resources | Resource Configuration Title**.

More Information:

Deploying and Configuring the One Citizen Self Service Portal for Local Authorities technical guide, available from the [One Publications](#) website.

At the end of this handbook, there is a section explaining how the parent, carer or guardian makes an application. For more information, see [Introduction to Making Applications](#) on page 63.

03 | Managing Users

Citizen Self Service Portal Administrator

In order to be a Citizen Self Service Portal administrator, you must satisfy the following conditions:

- In One v4 Client:
 - be set up as a user.
 - have a valid email address.
 - belong to a group.
 - you need group permissions to be set.
- In One v4 Online:
 - your LA must have a Citizen Portal licence key.

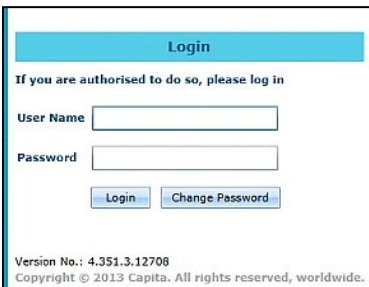

More Information:

Deploying and Configuring the One Citizen Self Service Portal for Local Authorities technical guide, available from the [One Publications](#) website.

Logging in to One v4 Online

To log in to One v4 Online, you need to obtain a licence key for the required v4 Online module from Capita. You must also be set up as a user in One v4 Client.

1. Open the **Login** screen by clicking the link to the One Online web server, set up by your System Administrator.

2. Enter your **User Name**; this is the same as your v4 Client user name.
3. Enter your **Password**; this is the same as your v3 password. Passwords are case sensitive. To change your password, see [Changing a Password](#) on page 8.
4. Click the **Login** button to display the **Welcome to One** page.

Managing Users

The **Welcome to One** page displays the options that are available to you, subject to a licence being held by your Local Authority and your personal or group permissions.

More Information:

RG_Online_Administration_Login_Logout available from the [One Publications](#) website.

Changing a Password

To change your password in v4 Online:

1. Click the **Change Password** button on the **Login** screen to display the **Change Password** dialog.

2. On the **Change Password** dialog, enter your **Old Password**.
3. Enter your **New Password**.
4. Enter your new password again in the **Confirm New Password** field.
5. Click the **OK** button.

More Information:

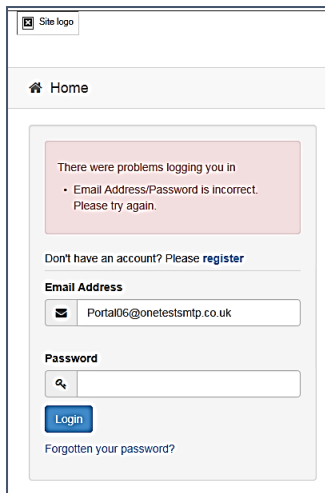

RG_Online_Administration_Login_Logout available from the [One Publications](#) website.

Forgotten Password

If you have entered an incorrect email address or password, an error message is displayed.

Check that you have entered the correct email address.

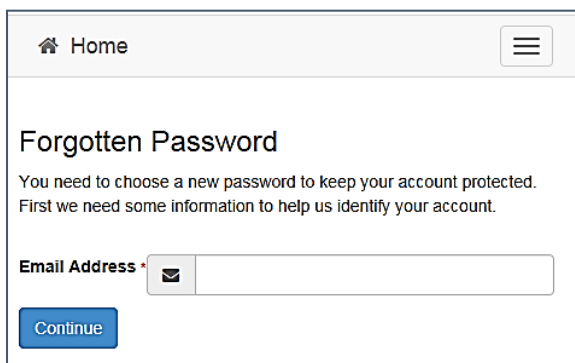

If you have forgotten your password, it will need to be reset.

The screenshot shows a web page with a 'Site logo' in the top left and a 'Home' link. A red error message box states: 'There were problems logging you in' with a bullet point: 'Email Address/Password is incorrect. Please try again.' Below the error message, there is a link: 'Don't have an account? Please register'. The login form includes an 'Email Address' field with the value 'Portal06@onetestsmp.co.uk', a 'Password' field with a search icon, and a 'Login' button. A link for 'Forgotten your password?' is located below the password field.

To reset a password:

1. Click the **Forgotten your password?** link to display the **Forgotten Password** dialog.

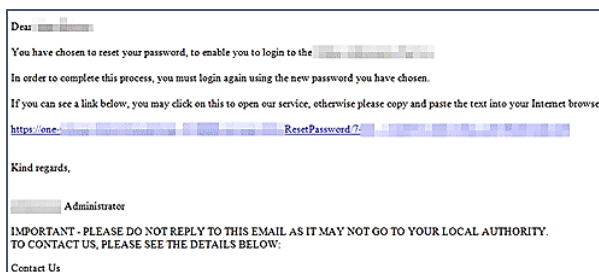

The screenshot shows a 'Home' page with a hamburger menu icon. The main heading is 'Forgotten Password'. Below the heading, the text reads: 'You need to choose a new password to keep your account protected. First we need some information to help us identify your account.' There is an 'Email Address' field with an envelope icon and a 'Continue' button.

2. Enter your email address, then click the **Continue** button.

A message is displayed to confirm that a password change was requested.

The Local Authority will send an email, similar to the one below, to the registered email address.

The screenshot shows an email notification. It starts with 'Dear [redacted]'. The body text says: 'You have chosen to reset your password, to enable you to login to the [redacted]'. It continues: 'In order to complete this process, you must login again using the new password you have chosen. If you can see a link below, you may click on this to open our service, otherwise please copy and paste the text into your Internet browser.' A blue link is provided: 'https://one-[redacted] ResetPassword?'. The email ends with 'Kind regards, [redacted] Administrator'. A footer note states: 'IMPORTANT - PLEASE DO NOT REPLY TO THIS EMAIL AS IT MAY NOT GO TO YOUR LOCAL AUTHORITY. TO CONTACT US, PLEASE SEE THE DETAILS BELOW: Contact Us'.

3. Click the link in the email to access the Citizen Portal website.

Managing Users

The screenshot shows the 'Citizen Portal' interface. At the top, there is a navigation bar with 'Home', 'Login', and 'Register' links. Below this, the main heading is 'Please enter a new password'. There are two input fields: 'Password' and 'Confirm Password', each with a search icon on the left. A blue 'Submit' button is located at the bottom left of the form area.

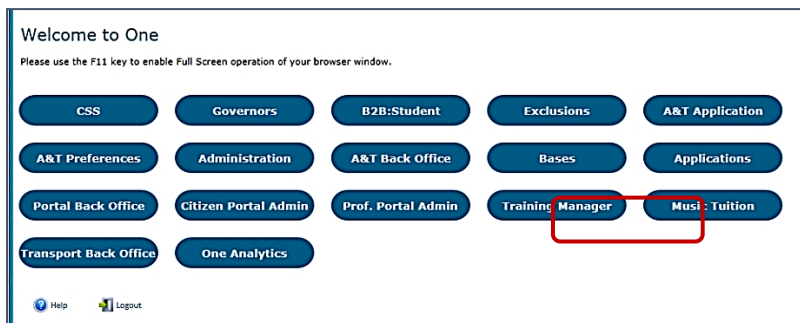

4. Enter your new **Password**. Passwords are case sensitive.
5. Enter your new password again in the **Confirm Password** field.
6. Click the **Submit** button. A message confirms that you have successfully changed your password.
7. Click the **Login** button to log in to the Citizen Portal with your new password.

Logging in to Citizen Portal Admin

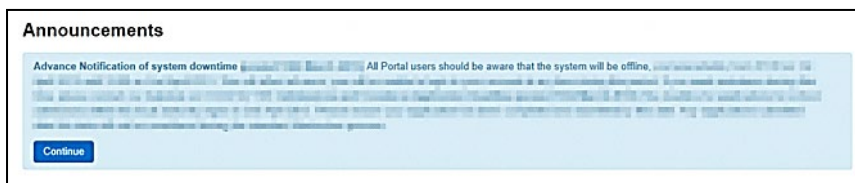

The **Citizen Portal Admin** functionality is available in One v4 Online. To use the Citizen Portal Admin you must have an email address, be set up as a user and belong to a user group in One v4. Your System Administrator will have set up the Citizen One Portal licence key and your permissions via **v4 Client | Tools | Permissions | User Group Permissions**.

To log in to the One Citizen Self Service Portal Admin:

1. Log in to v4 Online. For more information see [Logging in to One v4 Online](#) on page 7.

2. Click the **Citizen Portal Admin** button to display the **Announcements** page.

The **Announcements** page displays only if there are announcements regarding the portal.

3. Click the **Continue** button to display the **Home** page.

The Announcements page is edited via Administration | General Administration | Edit Resources | Resource Configuration Title | Markdown | Text Blocks.

Announcements	Placeholder_Title
Announcement Start Date	Placeholder_Forename
Announcements End Date	Placeholder_Surname

NOTE: If there are no announcements, clicking the **Citizen Portal Admin** button displays the **Home** page.

More Information:

Deploying and Configuring the One Citizen Self Service Portal for Local Authorities technical guide, available from the [One Publications](#) website.

The Citizen Portal Home Page

The **Citizen Portal Home** page is divided into the following sections:

- **Administration** – for more information, see the [Home | Administration Page](#) section on page 12.
- **GDPR Administration** – for more information, see the [Home | GDPR Administration Page](#) section on page 12.
- **Local Authority** – for more information, see the [Home | Local Authority Page](#) section on page 12.

These can be accessed by clicking on the buttons or selecting an option on the navigation bar.

The Citizen Portal header displays the site logo. This is installed by the System Administrator when installing the Citizen Self Service portal.

The Citizen Portal footer displays the following links:

- **About** – displays information about the local authority. This text is formatted in One v4 Online via **Citizen Portal Admin | Administration | General Administration | Edit Resources | Markdown | Site Notices_About**.
- **Contact Us** – displays contact details such as address, phone numbers and email address. This text is formatted in One v4 Online via **Citizen Portal Admin | Administration | General Administration | Edit Resources | Markdown | Site Notices_Contact**.
- **Terms and Conditions** – displays the terms and conditions for using the Citizen Self Service Portal. This text is formatted in One v4 Online via **Citizen Portal Admin | Administration | General Administration | Edit Resources | Markdown | Site Notices_TAndC**.

- **Privacy Notice** – displays additional information regarding privacy. This text is formatted in One v4 Online via **Citizen Portal Admin | Administration | General Administration | Edit Resources | Markdown | Site Notices_PrivacyNotice**.
- **Cookies Policy** – displays information regarding the cookies that are placed on the user's computer when logging in to the portal. This text is formatted in One v4 Online via **Citizen Portal Admin | Administration | General Administration | Edit Resources | Markdown | Site Notices_CookiesPolicy**.

Home | Administration Page

The **Administration** page is accessed via **v4 Online | Citizen Portal Admin | Home | Administration**.

The **Home Administration** page enables the following administration processes to be performed by the local authority:

- Free School Meals Administration
- Home to School Transport Administration
- School Places Administration
- General Administration.

Home | GDPR Administration Page

The **GDPR Administration** page is accessed via **v4 Online | Citizen Portal Admin | Home | GDPR Administration**.

The **GDPR Administration** tile is only available if permissions have been granted.

The **GDPR Administration** page enables the following administration processes to be carried out:

- Configurable Question Library
- GDPR Consent Statements
- Cache
- GDPR Email Alert Configuration
- GDPR Consent Withdrawals
- GDPR Consent Histories

Home | Local Authority Page

The Local Authority page is accessed v4 Online via **Citizen Portal Admin | Home | Local Authority**.

From here the administrator can manage applications and users.

Clicking the **View All Applications** button displays the **Applications** browse list. For more information, refer to the following handbooks:

- Transport Administration Handbook – the section on *Introduction to Transport Applications*.

Clicking the **User Management** button displays the **User Management** page. For more information, see [User Management \(Local Authority\)](#) on page 13.

User Management (Local Authority)

The User Management page enables the administrator to view user details and to change their email address and password.

The screenshot shows the 'User Management' page for a 'Local Authority'. It features a search bar with the text 'Enter part of First Name, Surname Or Email Address' and a search button. Below the search bar, it indicates '247 Records found' and provides pagination controls. A table displays a list of users with columns for Email Address, First Name, Surname, Confirmed status, View Details, and Action (Change Email Address | Reset Password).

Email Address	First Name	Surname	Confirmed	View Details	Action
[redacted]@mail.com	[redacted]	[redacted]	✓	View Details	Change Email Address Reset Password
[redacted]@mail.com	[redacted]	[redacted]	✓	View Details	Change Email Address Reset Password
[redacted]@mail.com	[redacted]	[redacted]	✓	View Details	Change Email Address Reset Password
[redacted]@mail.com	[redacted]	[redacted]	✓	View Details	Change Email Address Reset Password
[redacted]@mail.com	[redacted]	[redacted]	✓	View Details	Change Email Address Reset Password

NOTE: If there are any errors reported when changing an email address or password, the record must be changed in One v3.

Viewing User Details

To view a user's details:

1. Select **v4 Online | Citizen Portal Admin | Home | Local Authority | User Management** to display the **User Management Search** dialog.
2. Enter part of a first name, surname or email address, then click the **Search** button to display the list of local users that have registered for the One Citizen Self Service portal.
3. Click the **View Details** link to display the **View Users Details** dialog. Details are displayed for Claimant, Children and Applications. You cannot make any changes.
4. Click the **Back** button to return to the **User Management** page.

Changing a User's email Address

To change a user's email address:

1. Select **v4 Online | Citizen Portal Admin | Home | Local Authority | User Management** to display the **User Management Search** dialog.
2. Enter part of a first name, surname or email address, then click the **Search** button to display the list of users that have registered for the One Citizen Self Service portal.
3. Click the **Change Email Address** link to display the **Confirm Email Update** dialog. You are asked to confirm that you are resetting the email address for the correct account.
4. Enter the **New Email Address**.
5. Confirm the **New Email Address**.
6. Click the **Continue** button to return to the **User Management** page.

Resetting a User's Password

To reset a user's password:

1. Select **v4 Online | Citizen Portal Admin | Home | Local Authority | User Management** to display the **User Management Search** dialog.
2. Enter part of a first name, surname or email address, then click the **Search** button to display the list of users that have registered for the One Citizen Self Service portal.
3. Click the **Reset Password** button to display the **Confirm Password Reset** dialog. You are asked to confirm that you are resetting the password for the correct account.
4. Click the **Continue** button to return to the **User Management** page.

04 | General Administration

Introduction to General Administration

The General **Administration** page is accessed via **One v4 Online | Citizen Portal Admin | Home | Administration**.

The **General Administration** panel enables you to perform the following tasks:

- **Portal Configuration** – configure the general application settings used by the portal. For more information, see the following sections:
 - [Portal Configuration](#) on page 16.
 - [Configuring the Site Settings](#) on page 16.
 - [Configuring Password Settings](#) on page 17.
 - [Configuring ECS Settings](#) on page 17.
 - [Configuring Application Settings](#) on page 19.
 - [Configuring Message Settings](#) on page 21.
 - [Configuring Application Type Settings](#) on page 22.
 - [Configuring Scheduled Task Settings](#) on page 22.
- **Template Management** – create, change or remove templates used within the messages. For more information, see the following sections:
 - [Template Management](#) on page 23.
 - [Creating a Template](#) on page 24.
 - [Viewing Templates](#) on page 25.
 - [Editing a Template](#) on page 26.
 - [Deleting a Template](#) on page 26.
- **Configurable Question Library** – set up and manage a library of questions to be used in the One A&T module.

- **Edit Resources** – edit site texts and contents. For more information, see the following sections:
 - [Editing Resource Descriptions](#) on page 27.
- **Cache** – see which data is cached and clear the cache. For more information, see the following section: [Cache](#) on page 31.

Portal Configuration

An Administrator, with the appropriate permissions, can edit the Portal Configuration settings, thus changing the setup and the behaviour of the Citizen Self Service portal.

The **Portal Configuration** functionality is accessed via **One v4 Online | Citizen Portal Admin | Administration | General Administration**. Click the **Portal Configuration** button to display the **Site Settings** page.

More Information:

[Configuring the Site Settings](#) on page 1.

Technical Guide - Deploying and Configuring the One Citizen Self Service Portal for Local Authorities, available on the [One Publications](#) website.

Configuring the Site Settings

The **Site Settings** pages are accessed via **One v4 Online | Citizen Portal Admin | Administration | General Administration | Portal Configuration**. From here you can configure the following settings:

- Password Settings
- ECS Settings (Eligibility Checking Service)
- Application Settings
- Message Settings
- Application Type Settings
- Scheduled Task Settings

Configuring Password Settings

The **Password Settings** panel is used to set the security settings applied to users during registration and login.

To configure the password security settings:

1. Select **One v4 Online | Citizen Portal Admin | Administration | General Administration | Portal Configuration | Site Settings**.
2. On the **Password Settings** panel, enter information into the fields displayed in the following graphic. Click in a field to display the relevant tooltip.

The screenshot shows the 'Password Settings' panel with the following fields and values:

Field Name	Value
Minimum password length	8
Maximum password length	15
Minimum digits in password	2
Minimum number of lower case characters	1
Minimum number of upper case characters	1
Forgotten password check period	15
Forgotten password attempts	3
Locked account forgotten password check period	180

3. Click the **Save** button.

Configuring ECS Settings

The **ECS (Eligible Checking Service) Settings** panel is used to store the credentials and information used for connection to the Department for Work and Pensions (DWP) online checking service.

To configure the ECS settings:

1. Select **One v4 Online | Citizen Portal Admin | Administration | General Administration | Portal Configuration | Site Settings**.
2. On the **ECS Settings** panel, enter information into the fields displayed in the following graphic. Click in a field to display the relevant tooltip.

3. To change your ECS Password, click the **Update ECS Password** button to display the **Update ECS Password** dialogue.
4. Enter the new password.
5. Confirm the new password.
6. To view the ECS System Status, click the **Test** button. An information message is displayed from the webpage.
7. Enter the following URL into the **ECS Service URI Override** field:
<https://ecs.education.gov.uk/fsm.laweb/service/20170701/OnlineQueryService.svc>
8. Enter information into **ECS Service Version Override** only if you have received guidance from Capita One.
9. Click the **Save** button
10. Reset the Portal application to re-load the changes (either IIS Reset, or re-cycle the Application Pool running the Portal application).

Ineligible Application Settings

The functionality of **Ineligible Application Settings** panel allows a Local Authority to choose if they want the details of a child/carer to be submitted to **Portal Back Office** for matching or not, when an application is ineligible.

A tooltip is displayed when accessing the switch as follow:

'If set to OFF, only details for eligible TYOF applications will be submitted to Portal Back Office for matching.'

- If the switch is set to **ON**, then the details of the Child /Carer is submitted to Portal Back Office if the application is ineligible.
- In v4 client the child's student detail record displays an **X** in the **Eligible for 2 year old funding** field.

- If the switch is set to **OFF**, then the details of the Child/Carer will not be submitted to Portal Back Office.

Configuring Application Settings

The **Application Settings** panel stores the settings used when submitting applications via the Citizen Self Service portal.

To configure the application settings:

1. Select One **v4 Online | Citizen Portal Admin | Administration | General Administration | Portal Configuration | Site Settings**.
2. On the **Application Settings** panel, enter information into the fields displayed in the following graphic. Click in a field to display the relevant tooltip.

3. Click the **Save** button.

Configuring Scheduled Task Settings

The **Scheduled Task Settings** panel is used to control the task that removes old messages from the One database. Although you can control some options for the Scheduled Task from here, the task must first be set up in the One v4 Client.

To configure the scheduled task settings:

1. Select One **v4 Online | Citizen Portal Admin | Administration | General Administration | Portal Configuration | Site Settings**.
2. On the **Scheduled Task Settings** panel, enter information into the fields displayed in the following graphic. Click in a field to display the relevant tooltip.

3. Click the **Save** button.

NOTE: These settings only affect the Citizen Self Service portal; they do not affect Scheduled Tasks set up in One v4 Client.

Template Management

The **Template Management** functionality is accessed via **One v4 Online | Citizen Portal Admin | Administration | General Administration | Template Management**. Templates are used to send notifications to the parent, guardian or carer to provide information regarding their application, or to inform them that changes have been made to their application.

In **Template Management** you can create, edit or remove templates stored within the portal. Placeholders can be inserted into the subject or the body of the template for the following entities:

- Title
- Forename
- Surname
- Business Phone
- Mobile Phone
- Home Phone.

A new Placeholder has been created for **Shared Form Link**. This gives Users the ability to share form(s) on the Portal.

The placeholders are edited via Administration | General Administration | Edit Resources | Resource Configuration Title | Administration.

Title	Placeholder_Title
Forename	Placeholder_Forename
Surname	Placeholder_Surname

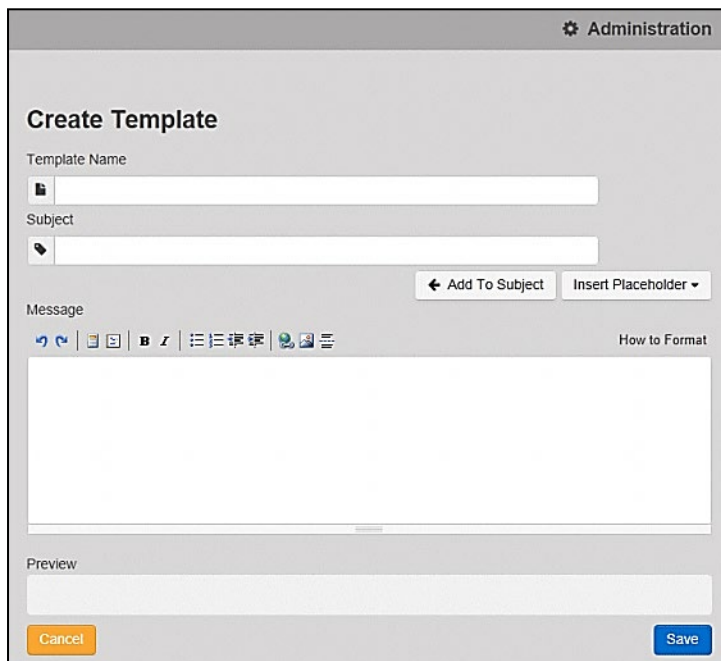

The placeholders are edited via Administration | General Administration | Edit Resources | Resource Configuration Title | Administration.

Mobile Phone	Placeholder_Mobile
Home Phone	Placeholder_HomePhone

Creating a Template

To create a new template:

1. Select One **v4 Online | Citizen Portal Admin | Administration | General Administration | Template Management**.
2. Click the **Create Template** button to display the **Create Template** page.
3. Enter the **Template Name**.
4. Enter the **Subject** of the template.
5. If you wish to add a placeholder to the subject, click the **Add To Body** button to change it to **Add To Subject**, then choose one of the **Insert Placeholder** options.

6. Enter your text into the **Message** box. Alternatively click the **Add To Subject** button to change it to **Add To Body**, then choose one of the **Insert Placeholder** options.
7. Use the buttons at the top of the **Message** field to format your message. Your formatted message is displayed in the **Preview** field.

The buttons apply **Markdown** formatting, a text-to-HTML conversion tool for web writers. For more information, click the **How to Format** button.

Editing Resource Descriptions

The resource descriptions are individual dialogs that enable you to manage the text that is available to users in many areas of the Citizen Self Service portal. If a **Resource Value** is changed via the **Edit Resource Title** dialog, then the next time a user sees that resource, the text will be updated to reflect the change.

To edit the resource descriptions:

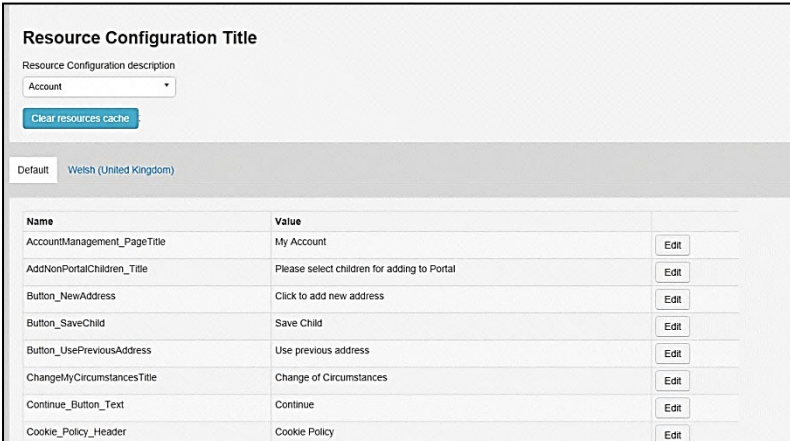

1. Select **Administration | General Administration | Edit Resources** to display the **Resource Configuration Title** page.

The default option is English (en). Click the **Welsh (United Kingdom)** button to display the Welsh (cy) descriptions.

General Administration

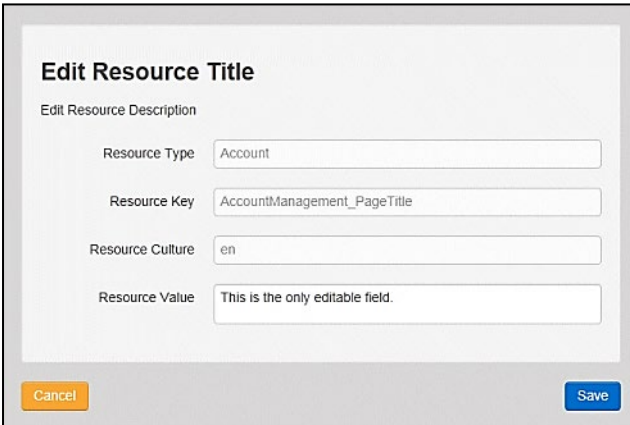

2. Select an area from the **Resource Configuration Description** drop-down to display the Descriptions and Values associated with the resource types.

The screenshot shows the 'Resource Configuration Title' page. At the top, there is a 'Resource Configuration description' dropdown menu set to 'Account' and a 'Clear resources cache' button. Below this, there are tabs for 'Default' and 'Welsh (United Kingdom)'. The main content is a table with columns for 'Name', 'Value', and an 'Edit' button for each row.

Name	Value	
AccountManagement_PageTitle	My Account	Edit
AddNonPortalChildren_Title	Please select children for adding to Portal	Edit
Button_NewAddress	Click to add new address	Edit
Button_SaveChild	Save Child	Edit
Button_UsePreviousAddress	Use previous address	Edit
ChangeMyCircumstancesTitle	Change of Circumstances	Edit
Continue_Button_Text	Continue	Edit
Cookie_Policy_Header	Cookie Policy	Edit

3. Click one of the **Edit** buttons next to a **Value** to display the **Edit Resource Title** dialog.

The screenshot shows the 'Edit Resource Title' dialog box. It has a title bar and a 'Edit Resource Description' section. Below this, there are four input fields: 'Resource Type' (set to 'Account'), 'Resource Key' (set to 'AccountManagement_PageTitle'), 'Resource Culture' (set to 'en'), and 'Resource Value' (containing the text 'This is the only editable field.'). At the bottom, there are 'Cancel' and 'Save' buttons.

The following fields are read-only:

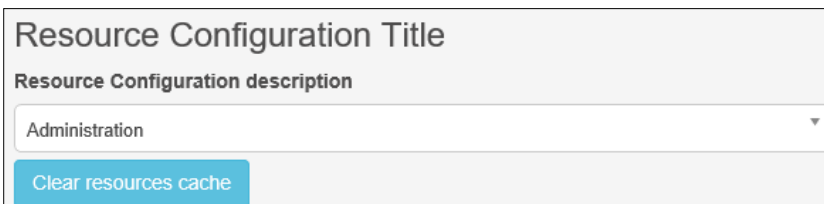

- **Resource Type** – the name of the resource configuration title.
 - **Resource Key** – the resource database name.
 - **Resource Culture** – en (English) or cy (Welsh)
4. Enter your text in the **Resource Value** field.
 5. Click the **Save** button to return to the **Resource Configuration Title** page to continue editing the resource descriptions.

Site Logo and Header text

Portal administrators can now configure the site logo and header text in this area so that they do not get overwritten during upgrades.

To edit the resource descriptions:

1. Select **Administration** from the **Resource Configuration Description** drop-down.

The screenshot shows the 'Resource Configuration Title' page. The 'Resource Configuration description' dropdown menu is now set to 'Administration'. The 'Clear resources cache' button is visible below the dropdown.

2. Select **CitizenPortal_HeaderText** and click the **Edit** button to display the **Edit Resource Title** dialog. Enter a **Resource Value** as required, eg: Citizen Portal.

Name	Value	
CitizenPortal_HeaderText	Citizen Portal	Edit

3. Click the **Save** button to return to the **Resource Configuration Title** page.
4. Select **CitizenPortal_SiteLogo** and click the **Edit** button to display the **Edit Resource Title** dialog. Enter a description of the logo in the **Resource Value** field, eg: Site Logo.

Name	Value	
CitizenPortal_SiteLogo	Site logo	Edit

5. Click the **Save** button to return to the **Resource Configuration Title** page.
6. Select **CitizenPortal_SiteLogo_URL** and click the **Edit** button to display the **Edit Resource Title** dialog. Enter the URL for the location of the logo, eg: ~/Images/logo_sml.png.

Name	Value	
CitizenPortal_SiteLogo_Url	~/Images/logo_sml.png	Edit

7. Click the **Save** button to return to the **Resource Configuration Title** page.

Configuring Automatic Emails

Portal administrators can now configure the text included with automatic emails, sent in response to the following actions in both the One Citizen Portal and the One Professional Portal:

- User indicates that they have forgotten their password
- User changes their password
- User changes their email address
- Administrator resets a user's password (system sends forgotten password email to user).
- Administrator changes a user's email address (system sends a changed email address confirmation to user).

Note: Different text can be configured for the One Citizen Portal and the One Professional Portal versions of these emails.

This text can be configured by the portal administrator via **Citizen Portal Administration | Administration | Edit Resources | Resource Configuration Title | Text Resources | Account**. Default text has been automatically configured for each.

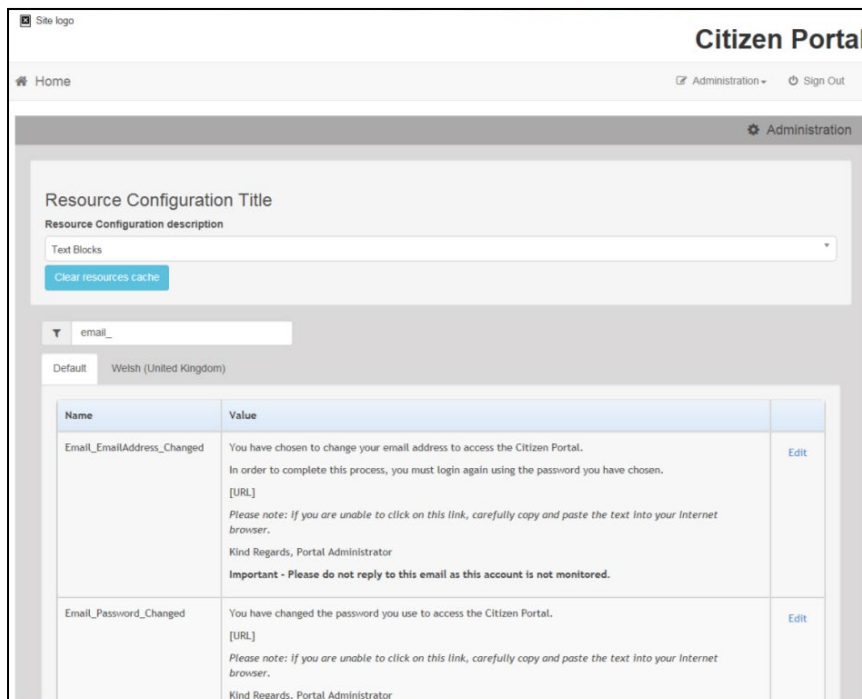

To configure the subject lines for the different email types, type *emailsubject* into the **Search** box to filter the resource list to display the new configurable email subject items.

General Administration

To configure the contents for the different email types, select **Citizen Portal Administration | Administration | Edit Site Texts | Resource Configuration Title | Markdown | Text Blocks**. Default text has been automatically configured for each.

Type *email_* into the **Search** box to filter the list to display the new configurable content items for the different email types.

The configurable text block resource names are:

- Email_EmailAddress_Changed
- Email_Password_Changed
- Email_Password_Forget
- Email_Registration

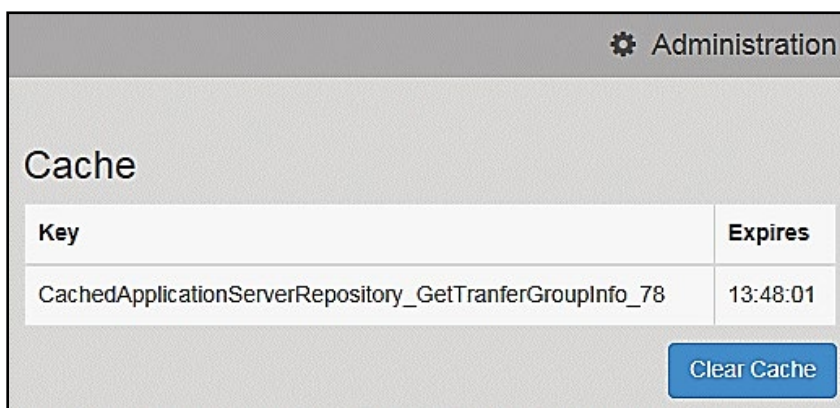

Cache

The cache is a temporary storage area used to speed up the retrieval of system information. The One system caches information that can take a long time to retrieve or require a large amount of memory. Sometimes issues can occur if the cached data is not updated when new data is entered into One. For example, a new transfer group has been added in One, but is not displaying in the Citizen portal. Clearing the cache forces a data refresh and displays the new data as expected.

The Cache page enables you to see which data is cached; cached data can be cleared from the system.

To clear the cache:

1. Select **Administration | General Administration | Cache** to display the list of cached items.

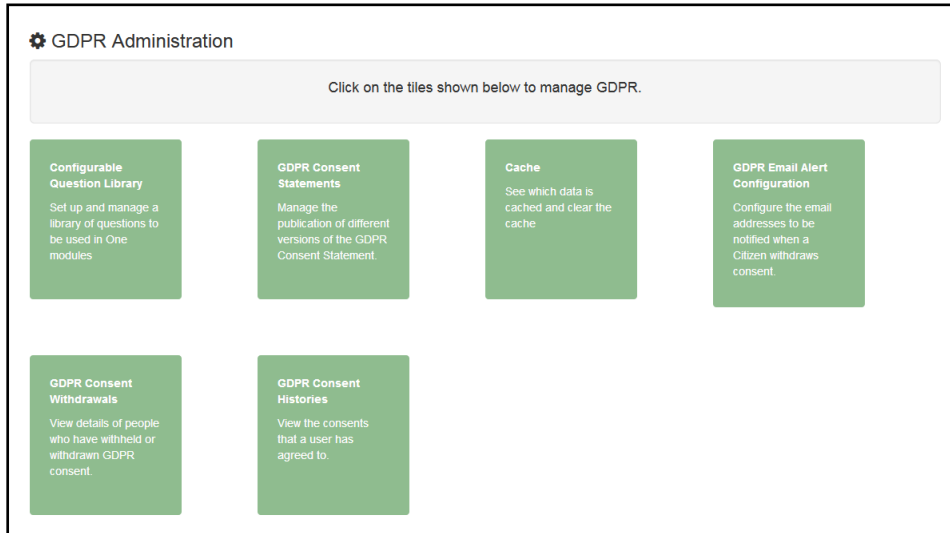

2. Click the **Clear Cache** button to remove the list of cached items. Cached items cannot be deleted individually.
3. Click the **Save** button.

Setting Up Questions

The **Configurable Questions Library** page enables you to set up the questions to be included in consent statements. Consent statements are used to request agreement from a citizen to hold and process their personal data.

The page is accessed via **GDPR Administration | Configurable Question Library**.

Adding a New Question

You can add a new question and save it in the Configurable Questions Library. The text can be previewed to see how it will be displayed to a user.

1. Select **GDPR Administration | Configurable Question Library** to display the **Configurable Questions Library** page.
2. Ensure that **GDPR Consent Statement** is selected from the drop-down.
3. Click the **Add new tick box question** button to display the **Tick Box Question Editor** window.

4. Enter the **Statement Text** (in either English or Welsh). This text is presented to the Citizen portal user and comprises the Consent Statement.
5. Enter the **Consent Agreement Text** (in either English or Welsh), This is the question text that is presented to the user with a tick box asking them to agree that their personal data is held in accordance with the contents of the Consent Statement.
6. If required, click the **Make this question active** button.
7. If required, click the **Preview (English)** or **Preview (Welsh)** button.
8. Click the **Save** button.

Publishing a Consent Statement

06 | Transport Administration

Introduction to Transport Administration

Access to the **Transport Administration** page is via **v4 Online | Citizen Portal Admin | Administration**.

Home to School Transport Administration

<p>Additional Questions Configure the additional questions asked during Transport applications</p>	<p>Conditional Questions Configure the scenarios when additional questions should be shown</p>	<p>Eligible Schools Select the list of schools that can be used during a Transport application and configure the text</p>	<p>Application Status Notifications Configure the notifications sent to users when Application Status is changed</p>
<p>Journey Notifications Configure the notifications sent to users when a journey is created or modified</p>	<p>File Uploads Configure which files can be uploaded as part of an application</p>	<p>Application start date Configure the default application start date</p>	

Parents, guardians and carers can make an application for transport from home to school and vice versa. Applications are loaded into the One Transport module for processing and batch checking.

Transport applications are made in the Citizen Self Service portal. The students involved in the applications are matched via the Portal Back Office functionality before the applications are loaded into One.

One Transport uses the same import method as One B2B:Student. Before this import process can begin, a dummy base must be created as a B2B:Student Base. This can be done via **One v4 Client | Focus | Bases | Base Definition** or **One v4 Online | Bases**.

Once the dummy base has been created a user is mapped to it. The user's **User_ID** is used to identify that a record has been received from the Citizen Self Service portal.

In addition, the following settings must be configured in order to enable Transport applications to be made on the Citizen Self Service portal and subsequently processed in One:

- **Additional Questions** – Configure the additional questions asked during Transport applications.
- **Conditional Questions** – Configure the scenarios when additional questions should be shown.
- **Eligible Schools** – Select the list of schools that can be used during a Transport application and configure the confirmation text shown to users.

- **Application Status Notifications** – configure the notifications sent to user when the application status is changed.
- **Journey Notifications** – Configure the notifications sent to users when a journey is created or modified.
- **File Uploads** – Configure which files can be uploaded as part of an application.
- **Application Start Date** – Configure the default application start date.

For more information on how parents, carers and guardians make a transport application via the Citizen Self Service Portal see the [Making a Transport Application](#) help topic on page 79.

Creating a Dummy Base in One v4 Client (Transport)

To import transport applications from the Citizen Self Service portal, a dummy base must be created as a B2B Student Base. Next, a user must be mapped to the dummy base in order to identify that a record has been received from the Citizen Self Service portal.

The User_ID is used to update the Last Updated field in the relevant area of One, identifying that the record was sourced from the Citizen Self Service portal.

The dummy base should have been set up by the One Administrator when configuring the portal in the v4 Client. Contact your One Administrator for the User_ID set up for processing transport applications.

Adding Additional Questions (Transport)

As part of the transport application process, additional questions can be set by the local authority. It is not mandatory to configure additional questions. However, any additional questions that are set must be answered by the applicant before the application can be continued.

When the parent, carer or guardian makes a Transport application, they will see the additional questions on **Step 4 | Additional Info**.

To configure additional questions:

1. Select **One v4 Online | Citizen Portal Admin | Administration**.
2. Click the **Transport Administration | Additional Questions** button to display the **Setup Additional Questions** page. Existing questions are displayed in number order.

Disbursement, SEND and LIF questions are now configurable in this area.

Adding Conditional Questions (Transport)

Conditional questions can be set by the local authority to be displayed as part of the Additional Question section of the transport application. It is not mandatory to configure conditional questions. However, any conditional questions that are set must be answered by the applicant before the application can be continued.

When the parent, carer or guardian makes a Transport application, they will see the conditional questions on **Step 4 | Additional Info.**

The screenshot shows the 'Step 4 | Additional Info' section of a transport application. At the top, a progress bar indicates steps 1 through 8, with Step 4 highlighted. Below the progress bar, the section is titled 'Additional Details' with a sub-header 'Additional Details for the transport applications are presented and queried here.' The first question is 'Would issuing a school bus pass allow your child to get to school?' with a 'No' button. The next section is 'TYPE OF TRANSPORT ASSISTANCE TO BE PROVIDED'. It contains three questions, each with a 'No' button: 'Are you available to take your child to and from school?', 'Do you have any family or friends that would be able to take your child to school?', and 'If neither parents/family or friends can take your child to school, what is the reason for this?'. The last two questions have red asterisks and are followed by text input fields. At the bottom, there are 'Back' and 'Continue' buttons.

To configure conditional questions:

Configuring Eligible Schools (Transport)

Not all schools are supported by local authorities for transport. The **Eligible Schools** option enables your local authority to configure groups of bases that can be selected by the Citizen Self Service portal user when applying for transport for their child.

Configuring the base groups means that the user is directly informed whether or not the school they have selected is eligible for transport.

Bases are allocated to base groups via **One v4 Online | Bases | Base Groups**.

Eligible schools and base groups are configured via **One v4 Online | Citizen Portal Admin | Administration | Transport Administration | Eligible Schools**. There are two parts to configuring eligible schools:

- Configure Transport Schools
- Configure Base Groups.

Configuring Transport Schools

To configure the list of schools that are supported by the LA for transport:

1. Select **One v4 Online | Citizen Portal Admin | Administration | Transport Administration | Eligible Schools** to display the **Configure Transport Schools** page.

2. On the **Configure Transport Schools** panel, highlight the base group to be added to the Transport supported list and then click the **Add** button to transfer the base group to the **Base Groups for Transport** panel.
3. Click the **Save** button. The base group displays in the **Configure Base Groups** panel.

Configuring Base Group Display Text

Base groups can be configured to display text to the Citizen Self Service portal user when that user selects a school belonging to a particular base group as part of their transport application.

This feature enables the local authority to immediately inform the parent, guardian or carer whether the chosen school is supported in their transport application. Additional information is provided to explain why their chosen school is or is not supported. This is useful, for example, if the local authority provides transport to mainstream schools, but not to faith schools.

To configure base group display text:

1. Select **One v4 Online | Citizen Portal Admin | Administration | Transport Administration | Eligible Schools** to display the **Configure Transport Schools/Configure Base Groups** page.
2. On the **Configure Base Groups** panel, click the required base group button to display the message options for the base group.

3. Ensure that the **Proceed Allowed** button is set to the **ON** position.
4. Enter the required text in the **Base Group Text** field. The formatted message is displayed below the memo field.
5. Click the **Save** button to return to the **Configure Transport Schools** page.

A confirmation message confirms that your changes have been saved. Click the cross to remove the message.

Configuring Application Status Notifications

Updates are sent to the relevant parent, carer or guardian when a transport application is processed in the Citizen Self Service portal

The **Application Status Notifications** page enables the local authority to configure which status is displayed to the Citizen Self Service user at each stage of the application process.

The page also enables the local authority to define which message templates are sent to the user when the status of an application changes.

For information on changing the content of the message templates themselves, see the *Template Management* topic in the *General Administration* chapter.

NOTE: Message details are not sent directly to the Citizen Self Service portal user. A notification is sent to the user's email address, informing them that they have a message in their portal account. The user must log in and authenticate with the Citizen Self Service portal before they can view the message details.

1. Select **One v4 Online | Citizen Portal Admin | Administration | Transport Administration | Application Status Notifications** to display the **Transport Application Status Notifications** page.

2. Select the status configuration you wish to edit notifications for. There are five available options:
 - **In Progress Configurations:** Applications which are incomplete (i.e. not yet submitted).
 - **Submitted Configurations:** Applications which have been submitted but have not yet been added to Transport Back Office.
 - **Approved Configurations:** Applications with a status code of **Approved**.
 - **Pending Configurations:** Applications with a status code of **Pending**.
 - **Rejected Configurations:** Applications with a status code of **Rejected**.

The **Add/Edit Transport Application Status Configuration** dialog is displayed.

NOTE: Applications can be rejected from the Citizen Self Service portal itself (if they contain conflicting address or person data that is subsequently discarded from Portal Back Office during the import process) as well as from One Transport Back Office. The applicant will receive the communication in either case.

NOTE: The **Message Template** field does not display when editing **In Progress Configurations**.

5. Click the **Save** button to save your changes and close the dialog.

Configuring Journey Notifications

Journey Notifications enable LAs to notify Citizen Self Service portal users when a journey related to their application is either created or updated.

This section deals with configuring the circumstances in which a message would be sent to a user. For information on changing the content of the message templates themselves, see the *Template Management* topic in the *General Administration* chapter.

NOTE: Message details are not sent directly to the Citizen Self Service portal user. A notification is sent to the user's email address, informing them that they have a message in their portal account. The user must log in and authenticate with the Citizen Self Service portal before they can view the message details.

Adding a Journey Notification

1. Select **One v4 Online | Citizen Portal Admin | Administration | Transport Administration | Journey Notifications** to display the **Journey Notifications** page.

Configuring File Uploads

Applicants can upload documents to support their application. Options presented will be **Accepted File Types**, **Maximum File Size** and **Maximum Number of Files**.

To configure file uploads:

1. Select **One v4 Online | Citizen Portal Admin | Administration**.
2. Click the **Transport Administration | File Uploads** button to display the **Setup File Uploads** page.

The screenshot shows the 'Setup File Uploads' configuration page within the 'Administration' section. The page includes the following settings:

- Enable File Upload:** A toggle switch set to 'ON'.
- Accepted File Types:** Checkboxes for docx, doc, pdf, jpeg, jpg, bmp, and png, all of which are checked.
- Maximum File Size:** A text input field containing '10' followed by 'MB'.
- Maximum Number of Files:** A text input field containing '10'.
- Save:** A blue button in the bottom right corner.

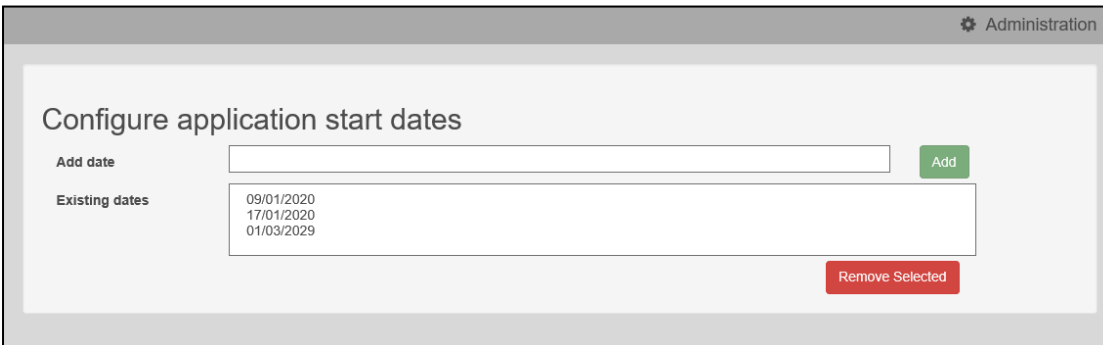

3. Select the check boxes of the **Accepted File Types** that the applicant will be able to upload.
4. Select the **Maximum File Size** in megabytes.
5. Select the **Maximum Number of Files** that can be uploaded.
6. Click the Save button.

Configuring Application Start Dates

Applicants can now select the start date that they would like the application to start from. Options presented will be **Start of school year** and **Another Date**. More than one option can be configured for the start of the school year.

Adding Application Start Dates

1. Select **One v4 Online | Citizen Portal Admin | Administration | Transport Administration | Application Start Date** to display the **Configure application start dates** page.

The screenshot shows the 'Configure application start dates' page within the 'Administration' section. The page includes the following elements:

- Add date:** A text input field with an 'Add' button to its right.
- Existing dates:** A list box containing the dates 09/01/2020, 17/01/2020, and 01/03/2029.
- Remove Selected:** A red button located at the bottom right of the list box.

2. Select a start date from calendar.

3. Click the **Add** button to add the date to the Existing Dates field.

Removing Application Start Dates

1. Select **One v4 Online | Citizen Portal Admin | Administration | Transport Administration | Application Start Date** to display the **Configure application start dates** page.

The screenshot shows a web interface titled "Configure application start dates" under the "Administration" menu. It features two main sections: "Add date" and "Existing dates".

- Add date:** A text input field followed by a green "Add" button.
- Existing dates:** A list box containing three dates: "09/01/2020", "17/01/2020", and "01/03/2029". Below the list is a red "Remove Selected" button.

2. Select a start date from the Existing Dates field.
3. Click the **Remove Selected** button to remove the date.

07 | Transport Applications

Introduction to Transport Applications

The **Applications** area of the Citizen Self Service portal enables local authority teams to review online applications for transport. The applications are then imported into the One Transport module.

For more information on how parents, carers and guardians make a transport application via the Citizen Self Service Portal see the [Making a Transport Application](#) help topic on page 79.

Transport Applications

When a transport application is made via the Citizen Self Service portal, any child that could not be matched to a One student is processed via **v4 Online | Portal Back Office | Data Transfer**. This screen is also used to process matched children who have some conflicting data with the child they are matched to. The incoming students are listed under the Transport Dummy Base.

If an application has conflicting person or address data and that data is discarded during the import process, the application will automatically be rejected. Applications that have been rejected from the portal are shown in **One v4 Online | Citizen Portal Admin | Local Authority | View All Applications**.

More Information:

Matching Students via One Portal Back Office Handbook, available from www.onepublications.com.

Managing Transport Applications

Applications for Transport can be reviewed on the Citizen Self Service portal.

For more information on how parents, carers and guardians make a transport application via the Citizen Self Service Portal see the [Making a Transport Application](#) help topic on page 79.

08 | Making Applications

Introduction to Making Applications

This section explains how the parent, carer or guardian makes an application using the One Citizen Self Service portal for one of the following services:

- Free School Meals
- Transport
- School Places
- Courses
- Funded Early Education for Two Year Olds
- Special Educational Needs and Disabilities.

The functionality is available to parent, carers or guardians, subject to a licence and v4 Client permissions held by the Local Authority.

All of the pages are configurable by the Local Authority. A configurable tooltip is available on all fields to assist the parent in making their application.

Information about the parent, carer or guardian and their family is also accessed from the **Home** page. For more information, see [My Family](#) on page 77.

The parent, carer or guardian will receive messages from the local authority regarding the status of their application. For more information, see [Messages](#) on page 85.

The header on the **Home** page displays buttons for **My Account** and **Sign Out**. Clicking the **My Account** button displays the following account details:

- **Personal Details**
- **Contact Details**
- **Change Email Address**
- **Change Password**
- **Change of Circumstances**
- **Two Step Verification**
- **Consent History**
- **Withdraw Consent.**

The footer on each page displays the following links, containing information set up by the local authority:

- **About** – displays information about the Local Authority.
- **Contact Us** – displays local authority contact details such as address, phone numbers and email addresses.
- **Terms and Conditions** – displays the terms and conditions for using the Citizen Self Service portal.
- **Privacy Notice** – displays additional information.
- **Cookies Policy** – displays information of how cookies are used on the website.

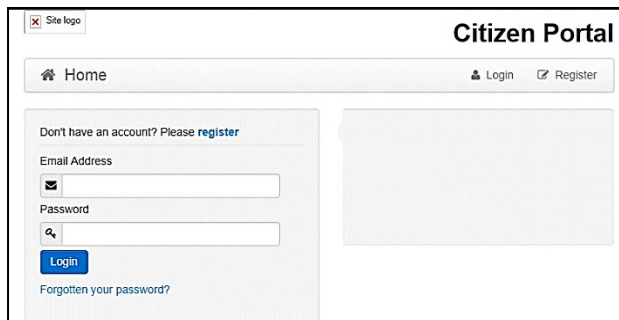

Creating an Account

Before a parent, carer, guardian or young person can log in to the One Citizen Self Service portal, they must create an account by registering with their local authority.

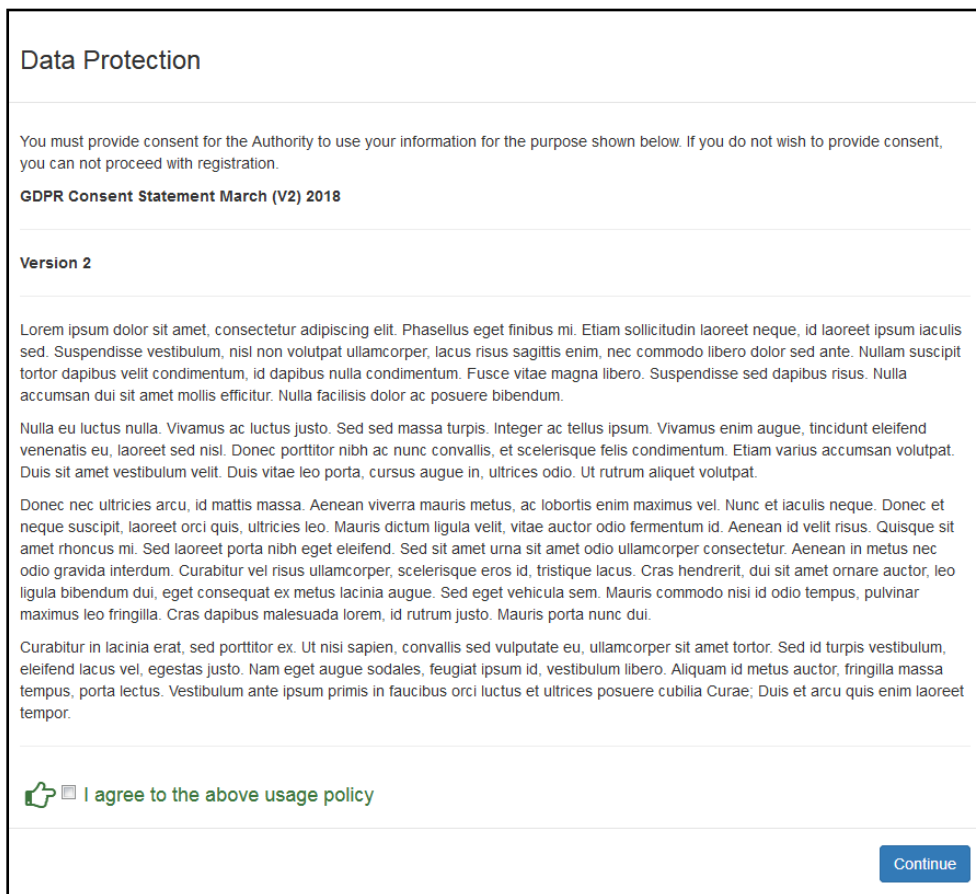

When they register, they will be asked to agree to the GDPR Consent Statement.

To register for a Citizen Self Service portal account the parent must complete the following procedure:

1. Open the URL for the One Citizen Self Service portal, sent by the local authority, in a web browser to display the **Citizen Portal Home** page.

2. Click the **Register** button on the navigation bar or click the **Please register** link on the **Login** panel to display the **Data Protection** window with the current GDPR Consent Statement. There is an option to display the information in English or Welsh.

3. Read the contents of the statement. Select the check box to agree to the GDPR Consent Statement and click the **Continue** button to display the **Registration** page.

- Enter the ***Required field** security information: **Email Address**, **Confirm Email**, **Password** (click the **Show** button to view the password as you type), **Title**, **Forename**, **Surname**, **Gender**.

Logging in to the Citizen Portal

To log in to the Citizen Self Service portal, the parent completes the following procedure:

1. Open the URL for the One Citizen Self Service portal, sent by the System Administrator, in a web browser to display the **Citizen Portal Home** page.

2. Enter the **Email Address** you used to register for the One Citizen Self Service portal.
3. Enter your **Password**.
4. Click the **Login** button to display the **Announcements** page.

Note: The **Announcements** page displays only if the local authority has set up any announcements regarding the portal.

The text for the above page is edited via **One v4 Online | Citizen Portal Admin | Administration | General Administration | Edit Resources | Resource Configuration Title | Markdown | Text Blocks | Announcements**.

5. Click the **Continue** button to display the **Home** page.
6. If the LA has updated its **Data Protection Consent Statement**, a **Data Protection** dialog is displayed.
 - i. On the **Data Protection** dialog, select the checkbox to agree to the confirmation.
 - ii. Click the **Continue** button. A confirmation message displays to conform your consent

Important Note: It is now possible to enable a second verification step to increase your security..

Home Page

The **Home** page displays the following services that are available to the parent, carer, guardian or young person:

- 30 Hour Entitlement
- Free School Meals
- School Places
- Special Educational Needs and Disabilities
- Transport
- Courses
- Funded Early Education for Two Year Olds
- Messages
- My Family.

From here, the Citizen portal user can manage their account, check the validity of extended entitlement codes, make applications for school places, free school meals, transport, courses, funded early education for two year olds and complete special educational needs and disabilities forms. They can also view any messages from the local authority regarding their applications and make changes to their family.

Note: The text for the above page is edited via **One v4 Online | Citizen Portal Admin | Administration | General Administration | Edit Resources | Resource Configuration Title | Home Tiles**.

Two Step Verification

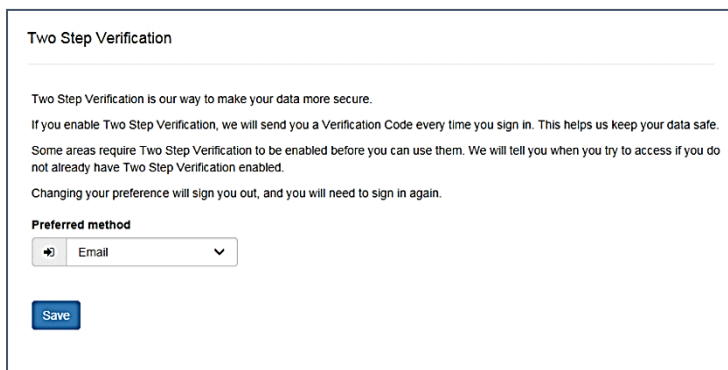

Two step verification is an additional process to increase your security when logging onto the Citizen Portal.

NOTE: This process is mandatory if you wish to use Special Educational Needs and Disabilities (SEND).

Enabling Two Step Verification

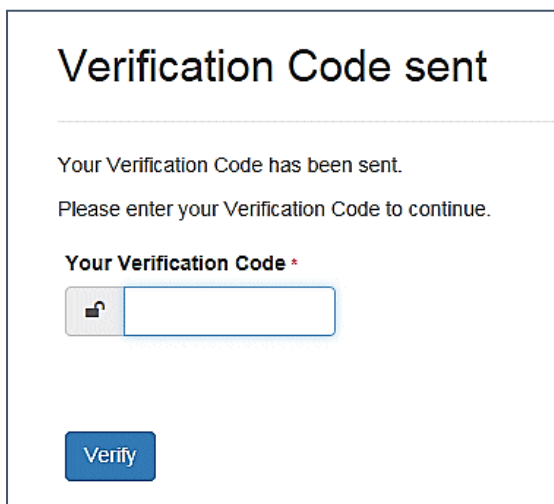

To set up two step verification:

1. Log onto the Citizen Portal using the email address and password you used to register.
2. Select **My Account at the top of the page.**
3. **Select Two Step Verification.**

The screenshot shows a web form titled "Two Step Verification". It contains the following text: "Two Step Verification is our way to make your data more secure. If you enable Two Step Verification, we will send you a Verification Code every time you sign in. This helps us keep your data safe. Some areas require Two Step Verification to be enabled before you can use them. We will tell you when you try to access if you do not already have Two Step Verification enabled. Changing your preference will sign you out, and you will need to sign in again." Below this text is a section labeled "Preferred method" with a dropdown menu currently set to "Email". At the bottom of the form is a blue "Save" button.

4. To receive a verification code to your registered email address, select **Email** from the **Preferred method** drop-down.
5. Click the **Save** button.
You will be signed out and will need to sign in again.
6. Log in; this time when you log in, the following dialog is displayed:

The screenshot shows a dialog box titled "Verification Code sent". It contains the text: "Your Verification Code has been sent. Please enter your Verification Code to continue." Below this is a label "Your Verification Code *" followed by a text input field with a lock icon on the left. At the bottom of the dialog is a blue "Verify" button.

7. Locate the email containing your verification code.
8. Copy and paste your verification code into the box.
9. Click the **Verify** button.

If you enter an incorrect verification code, the following warning is displayed:

The Verification Code you entered is invalid. Please try again. Codes expire after 5 minutes and are 6 numbers long. If you make 4 incorrect attempts, your account will be locked for 4 minutes before you can sign in again.

Disabling Two Step Verification

The two step verification process is mandatory for users of Special Educational Needs & Disabilities (SEND) and therefore cannot be disabled. If you try to access the SEND module, the following message is displayed:

This area requires Two Step Verification to be enabled before you can access it.
Please enable this in My Account before continuing.

To disable two step verification:

1. Select **My Account | Two Step Verification** to display the **Two Step Verification** page.

Withdraw Consent

If you no longer wish the LA to use your information in the way described in its consent statement, you can review the current statement and start the withdrawal process. Once you have withdrawn your consent, you will no longer be able to access the portal from the account.

1. Log onto the Citizen Portal using the email address and password you used to register.
2. Select **My Account** at the top of the page.
3. Select **Withdraw Consent** to display the **Withdraw Consent** page.

4. Click the **Start Withdrawal of Consent** button to display the **Data Protection** dialog.
5. The dialog displays the consent statement alongside the following message:

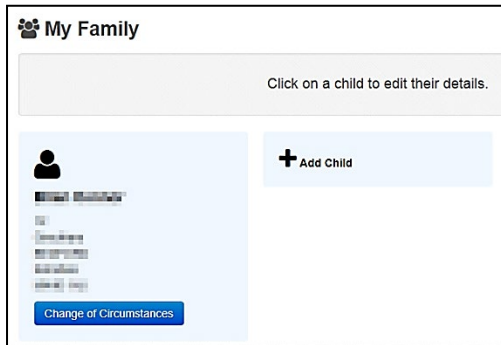

You have previously agreed to the authority's most recent Data Protection Consent Statement.
If you wish to withdraw your consent, click the withdraw button below.
6. Click the **Withdraw my consent** button to display the **Decline** dialog.

This is a final warning that once you have withdrawn your consent for the LA to use your information, you will not be able to access your Citizen Portal account.
7. If you do wish to withdraw your consent, click the **Withdraw my consent** button. The following message is displayed:

You are now being logged out from your Citizen Portal account.
You can no longer use this Citizen Portal account. If you wish to use the Citizen Portal in future to access the authority's services, you will need to register again in the Citizen Portal.
8. Click the **OK** button. The Citizen Portal is closed.

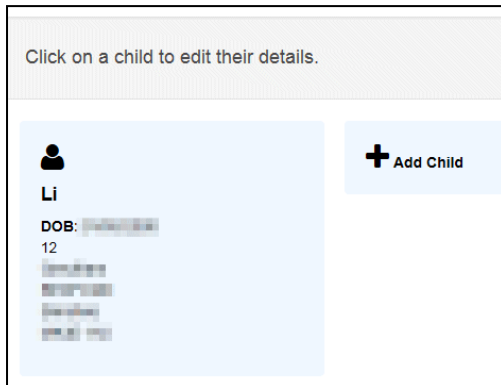

My Family

The **My Family** area of the **Home** page displays the details about the parent, carer or guardian making an application.

Clicking the **Change of Circumstances** button displays a message from the local authority to contact them if any circumstances change, as this may affect their application.

Any existing children are displayed next to the parent, carer or guardian.

Click on a child to view or edit their details

Click the **Add Child** button to add another child to the family's application.

For more information, refer to [Adding a Child](#) on page 77.

Adding a Child

To add a child to a parent's account:

1. Select **Citizen Portal | Home | My Family | Add Child** to display the **Add Child** dialog.

Making Applications

2. Enter the required information about the child.
 - a. If the child's address is listed, then select the address.
 - b. If the child lives elsewhere, select the **Click to add new address** button to display the **Find Address** dialog.
 - i. Enter the full **Postcode** and click **Search** to display the list of addresses matching your postcode. Only addresses marked as **Active** will be displayed.

- ii. Select the address (you may need to scroll down).
- iii. If your address is not listed, click the **Not able to find your address?** button.
- iv. Enter the new address details. **Postcode** is mandatory.

- Click the **Add Child** button to save the details.

The child is added to the **My Family** area, ready for an application to be made.

NOTE: The maximum number of characters for a child's forename is 15, for a midname it is 25 and for a surname it is 30. If you exceed these levels, a message is displayed asking you to contact your local authority if you need to enter a name that is longer than the field allows.

Applications

Parents, carers and guardians can make applications for school places, free school meals, transport, courses and funded early education for two year olds via the One Citizen Self Service portal.

All of the screens detailed in this section can be edited by the local authority via **One v4 Online | Citizen Portal Admin | Administration | General Administration | Edit Resources**. For more information, see the *Edit Resources* help topic in the *General Administration* section.

Making a Transport Application

The **Transport Applications** area of the Citizen Self Service portal enables online applications for transport to be reviewed by the local authority teams. The applications are then imported into the One Transport module.

NOTE: As the pages are configurable by the local authority, the graphics below are examples only.

To make a transport application, the parent completes the following procedure:

- Select **Citizen Portal | Home | Transport**.
- Click the **Apply** button to display the **Step 1 Introduction** page.

The screenshot shows a web interface for applying for transport. At the top, there's a purple header with the word 'Transport'. Below that is a navigation bar with seven steps: Step 1 Introduction, Step 2 Select Child, Step 3 Commencement Details, Step 4 Additional Info, Step 5 Summary, Step 6 Give Consent, and Step 7 Results. Step 1 is highlighted. The main content area is titled 'Apply for Transport' and contains the following text: 'It is important for children to have a safe and convenient transport to and from School. To be eligible for school transport the child must qualify in one of the following categories. * Children attending their nearest appropriate school * Children below the age of 7 living over 2 miles from their school by the shortest available walking route * Children above the age of 7 living over 4 miles from their school by the shortest available walking route Note: Your nearest appropriate school will be the closest school to your home address that is suitable for your child's needs. For further information please read our Guide to Transport. Press the 'Continue' button to start your application.' At the bottom of the form, there are two buttons: 'Cancel' (orange) and 'Continue' (blue).

NOTE: The text for the above page is edited via **One v4 Online | Citizen Portal Admin | Administration | General Administration | Edit Resources | Resource Configuration Title | Markdown | Text Blocks | TRAIIntroduction**.

- Click the **Continue** button to display the **Step 2 Select Child** page.

Making Applications

The screenshot shows a progress bar at the top with eight steps: Step 1 (Introduction, green with checkmark), Step 2 (Select Child, blue with dropdown arrow), Step 3 (Commencement Details, grey with right arrow), Step 4 (Additional Info, grey with right arrow), Step 5 (Supporting Files, grey with right arrow), Step 6 (Summary, grey with right arrow), Step 7 (Give Consent, grey with right arrow), and Step 8 (Results, grey with right arrow). Below the progress bar, the title 'Select Child' is displayed. Two child profiles are shown as grey boxes with a person icon. The first profile is for 'Anne Other' at 'Abbey Middle School' with a 'Date of Birth: 01/01/2018'. The second profile is for 'Anne Example' with a 'Date of Birth: 01/01/2010'. At the bottom left, there is a blue 'Add Child' button and an orange 'Back' button.

If a required child/dependent is not already listed, click the **Add Child** button, to add them. For more information, see the *Adding a Child* topic.

4. Select a child to display the **Step 3 Commencement Details** page.
5. Enter the transport details.

The screenshot shows the 'Commencement Details' step. The progress bar at the top has Step 1 (Introduction, green with checkmark), Step 2 (Select Child, green with checkmark), Step 3 (Commencement Details, blue with dropdown arrow), Step 4 (Additional Info, grey with right arrow), Step 5 (Supporting Files, grey with right arrow), Step 6 (Summary, grey with right arrow), Step 7 (Give Consent, grey with right arrow), and Step 8 (Results, grey with right arrow). Below the progress bar, the title 'Commencement Details' is displayed, followed by the subtitle 'Details about the commencement of the transport application.' The form contains two sections: 'Date you would like transport to start' with three radio button options: 'Start of school year 16/07/2020' (selected), 'Start of school year 16/08/2020', and 'Another Date'; and 'School you are applying for transport to:' with two radio button options: 'Acorn Nursery' and 'Another School' (selected). Below the 'Another School' option is a dropdown menu with a book icon and the text 'Abbey Middle School'.

If you wish to apply for a school other than you child's current school, or your child does not have a current school, select a school from the **Please select a school** drop-down menu.

The address that transport is required from is displayed.

Address that Transport is required from
 200, , , Wilstead Road, Elstow, Bedford, MK42 9YF

If you require transport from an address different than the one above please enter a postcode to search for a different address

🏠 mk42 8js

11, Lenny Station Road, Elstow, Bedfordshire, MK42 8JS ^

Search

- If you require transport from a different address, enter the full postcode and click **Search**.

NOTE: Applicants can only select their home address (that has been already recorded in the Citizen Self Service portal) or a pre-existing address from One. They cannot enter a free-form address. It is recommended that you provide an alternate contact method in case the applicant cannot find the address they need.

- The following dialog is displayed to enable the applicant to apply for **Free School Meals**, if required.

If you are applying for Home to School Transport on the grounds of Low Income, then you may also be eligible for Free School Meals. You can make an application for Free School Meals by following this link: [Free School Meals Application](#), or by starting a new Free School Meals application from the home page once you've completed this Transport application.

Back Continue

NOTE: The text for the above page is edited via **One v4 Online | Citizen Portal Admin | Administration | General Administration | Edit Resources | Resource Configuration Title | Markdown | Text Blocks | TransportFSMApplicationText**.

- Click the **Continue** button to display the **Step 4 Additional Info** page.

Making Applications

The screenshot shows a progress bar at the top with eight steps: Step 1 (Introduction), Step 2 (Select Child), Step 3 (Commencement Details), Step 4 (Additional Info), Step 5 (Supporting Files), Step 6 (Summary), Step 7 (Give Consent), and Step 8 (Results). Step 4 is currently active.

Messages

Messages are sent from the local authority, informing the parent, carer or guardian of the status of their application; keeping them informed of all processes relating to their child.

Message details are not sent directly to the Citizen Self Service portal user. A notification is sent to the user's mailbox, informing them that they have a message in their portal account. The user must log in and authenticate with the Citizen Self Service portal, before they can view the message details.

To view their messages, a parent completes the following procedure:

- Select **Citizen Portal | Home | Messages** to display the **Messages** dialog.

- Click the individual message to display the contents.
